We fear the growing tendency among English speaking peoples to assume that they will operate the post war world. If this war is not going to be more than a prelude to the next conflict, it must result in some sort of an international organization in which all nations have a fair representation and equal rights. Only under such a program will the world avoid another global conflict within a few years.—Atlantic News-Telegraph

We were interested and amused to read that Congressman "Muley" Doughton, who has been largely responsible, according to reports, for the many complications attending the making out of tax returns, came back to Washington when Congress reconvened, all excited about simplifying the process It appears that "Muley" like so many of the rest of us, got so balled up in trying to make up his Sept. 15 report that he had to enlist the aid of an expert, and if "Muley" couldn't do it, who could? We don't know what the outcome of it all wiil be, but we have hopes of better things, particuarly if "Muley" has to call in an expert again next time.—Grinnell Herald-Register.

Head lettuce at 18 cents per pound and cabbage at 13 cents per pound put a crimp in the household budget. Remember when prime cabbage retailed at two cents per pound? But look at calf's liver at 60 cents per pound, and if you are old enough you can recall when the butcher gave it away, glad to get rid of it. —Manchester Press.

Those who seek to change the present plans for drafting of fathers will find the earnest opposition of Gen. George C. Marshall pretty hard to wave off. Because of his obvious sincerity and his apparent frankness, General Marshall has won the confidence of congressmen as few others among the war leaders have. There are many members of congress who will think twice before approving any action he considers unwise.—Cedar Rapids Gazette.

Gone are the days when a hired man for the farm could be picked up for $30 a month and found. Nowadays a certified accountant with some knowledge of farm machinery and potato bugs can just about write his own ticket.—Britt News-Thibune.

Prittle... Prattle....

It isn't often that a weekly paper gets a news break such as that the Independent had last week concerning the purchase of the sugar mill by General Mills, Inc. Nothing much more important could ever happen to Belmond unless it be an announcement that the war is over. When that happens we hope it happens on Wednesday. What a news break that will be for every newspaper.

P—P

Those who lost every cent they put into the original sugar company must be deriving a great deal of satisfaction over the recent course of events, especially so if they live to see the many optimistic predictions for the future of Belmond come true.

P—P

The Independent established a record in the sale of extra copies last week when everyone of the 70 extra papers printed were sold out by last Thursday evening. At least 30 more could have been sold.

P—P

Henry Graepler, Dows business man and Wright county scrap drive chairman, who was in this office Thursday said that his community was glad to see Belmond get a new industry and especially the one that came to Belmond. "The attitude of the Dows businessmen and citizens," said Henry, "was that anything that helps Belmond will help Wright county and Dows, too."

TREASURY DEPARTMENT
War Finance Committee
Des Moines, Iowa
October 15, 1943.

Belmond Publ. Co., Publisher
Belmond Independent,
Belmond, Iowa

Gentlemen:

The Third War Loan proved to be a real success in Iowa. Following a slow start, the last ten days' spurt really put the state over the top in the winning column among the states in the nation which did an outstanding job.

Much of the success of the campaign can be attributed to the work of the newspapers of Iowa. Not only did they sell sponsored advertising, using many hundreds of inches of Treasury Department prepared ads, but they also devoted much free publicity and free advertising to the campaign in an effort to get the people of Iowa to really "Back the Attack." The great mass of this material which has reached this office has virtually swamped us. There is so much of it that we will be unable to thank each individual person who contributed to the sponsored ads.

We wish we could write each individual newspaper a letter of commendation stating the particularly fine job each did. This, also, is impossible, and so we ask you to bear with us and accept this form letter of thanks and appreciation.

You can rest assured that the United States Treasury Department thanks you and the Iowa War Finance Committee thanks you, and we know the people of your community also appreciate your effort in helping put your county on the honor roll of counties doing outstanding work in this phase of the war effort.

Sincerely,
V. L. CLARK.

OUT FOR ADVENTURE

Bing, the dog belonging to the S. T. Hootman family in Cedar Rapids is holding out on the Hootmans and not telling of his experiences of the past few months. The dog, a pet of the family for the past 11 years, was lost, stolen, or strayed from home last June. Last week when Warren Hootman, home on furlough, was walking down the street he met Bing who was headed for home. The dog's feet were sore from traveling, his toenails were worn down to stubs, and he was much thinner than he had ever been. Bing is now glad to be back in his old home and is resting and eating.

ALL OVER THE WORLD

Audubon corn is making its appearance in various parts of the world. Last week word was rereceived from a soldier in the south Pacific that among the supplies received was corn packed by the Audubon Canning Company. A few weeks previously, similar word was received from someone in India.

OBITUARY

Mrs. Estella Windecker

Estella Windecker, eldest daughter of Wm. and Sarah Whitsell, was born near Iowa Falls on Sept. 1st, 1873, and passed away at her home at Belmond on October 21, 1943, at the age of 70 years, 1 month and 20 days.

On April 17, 1895 she was united in marriage to Samuel Otis Windecker, who preceded her in death on January 30, 1932. To this union one daughter was born.

The first nineteen years of their married life was spent at Robertson, Iowa, where she aided her husband in operating a general store and a portion of this period she taught school. Later they purchased the store at Olaf which they operated for 14 years. They moved to Iowa Falls where she helped to care for her mother-in-law, Mrs. John Windecker at which place they resided for one year. From there they moved to Blairsburg where they purchased a Grocery Store and operated it for two years. While here her husband passed away. After disposing of this store she moved to her home in Belmond in 1933 where she resided the balance of her life.

She was a member of the Eastern Star and Royal Neighbors.

While at Robertson she was a member of the Christian Church, later transferring her membership to the Methodist Chuch at Belmond. While her health permitted she was an active worker in the church. For several years she served as president of the Ladies Aid. Mrs. Windecker was willing to do whatever she could for the good of the Kingdom of Christ. The last five years of her life she was afflicted with diabetes which caused her death, but she was bed fast for the past 10 weeksc only.
her death, but she bed fast for the past 10 weeks only.

Mrs. Windecker leaves to mourn her departure: one daughter, Mrs Geo. Baxter of Belmond; nine sisters: Mrs. Eva Mark of Ames, Mrs. Guy Kesler, Mrs. Elmer Kesler of Armstrong, Mrs. Cady Bacon, Mrs. Charley Ladd, Mrs. John Marshall of Iowa Falls, Mrs. Orville Stewart of Garner, Mrs. John Stout of Waterloo, Mrs. Jack Hayes of Alhambra, California; two brothers, Wm. Whitsell of Iowa Falls and Paul Whitsell of Waterloo. She is also survived by one granddaughter, Mrs. Geo. E. Jenison of El Paso, Texas, other relatives and a host of friends.

Funeral services were conducted at the Methodist church at Belmond, Saturday, October 23 at 2 o'clock. Burial was made at Iowa Falls.

Feed & Egg Production

It takes about ¼ ounce of highest quality protein, 22 different minerals and several vitamins for a hen to produce a 2-ounce egg. A hen laying 200 eggs a year puts 15 times as much mineral into the egg as her body contains. She cannot produce eggs unless these things are provided in her feed. Big Gain 26% Poultry Concentrate provides these egg building materials in abundance and keeps your flock healthy, vigorous and progressive. It is made for cafeteria feeding. No mixing is required. Just put it in the feeders in a compartment beside compartments of corn, oats, grit and oyster shells and let the hens eat according to their needs.

Ask your dealer for Big Gain 26% Poultry Concentrate.

I'VE GOT THE SNIFFLES AGAIN!

• At the first sign of colds, use DR. HESS POULTRY INHALANT! Expels mucus from birds' upper respiratory tracts and helps treat bronchial irritations. 100-bird size, 65 cents. See us about INHALANT.

• An idle hen not only isn't producing eggs—she's also eating feed a laying hen should have.

Often hens are idle only because their egg capacity is not being utilized. For instance, hens on the Research Farm lay as many as 23 *more eggs* per bird per year when DR. HESS POULTRY PAN-A-MIN is added to the ration. And there, in a nutshell, is the reason we strongly urge that you give PAN-A-MIN a fair trial.

It's tonics and minerals that a hen gets in PAN-A-MIN. Both are often needed for top production. Just ask us about PAN-A-MIN.

THANKS

"Give credit where credit is due" is our motto, so we wish to express our appreciation to all members of the Gridiron Club, who willingly furnish transportation for our football spuad to all out-of-town games free of charge.

In this day of gasoline rationing, it is especially commendable for individuals to use their personal share of gasoline to enable the squad to partake in their activities. This cooperation of these men tend to increase the morale of the student body and other local fans.

News From The Classrooms

KINDERGARTEN

Boys and girls in the kindergarten are trying hard to remember to bring clean handkerchiefs with them every day. For those who don't have pockets in their clothing, there is the problem of losing "a hanky a day". This has been partially solved by keeping handkerchiefs in personal lockers and drawers until needed. A few boys and girls bring Kleenex to keep in their lockers, which has proved by far the most satisfactory solution.

SECOND GRADE

Tuesday afternoon the second grade boys and girls made their "Bond and Stamp" booth. They had a lot of fun hammering nails, sawing wood and drawing pictures of airplanes, tanks, submarines and parachute jumpers.

They have drawn many figures that Indians used for their reading. It is much different from their reading. This next week they are going to draw designs that the Indians used on their dishes.

Bobby Jim's reading class will finish their book "Down the River Road," this week. Next week they will begin their second grade reader and preparatory workbook, "We Grow Up."

SEVENTH GRADE

In History, the seventh grade has finished the study of American colonies. In Geography they are studying the "Pasture Lands of the World."

J. B.

EIGHTH GRADE

The eighth grade Science class took a hike out to the ball park Tuesday night, October 19 and studied the stars. They met at the schoolhouse first and played games.

Jeep Drive Is Underway

Belmond High School jeep drive is in full swing. The grades purchase stamps from their own stamp booth and buy bond pledges. Junior high and high school students pledge their purchases in freedom's security. Most of the grade rooms have their own stamp booths decorated in a patriotic mood. The entire drive will last until December 7 and all bonds purchased will go for a jeep.

In The Bronco Corral

Three respective teachers and several students are keeping company with old man Flu today.

Now more about the seniors. The senior girl I have in mind has auburn hair, blue eyes, pretty teeth and sings like a lark. She is 5'3". You must surely know who she is by now.

This senior boy is over 6' and with a "butch" resembles a German officer. (Don't consider this an insult, Hooks). He is blond with blue eyes. He used to play center on the football team. Now you all know who it is.

Band Will Sponsor High School Party

Following the last football game of the season, an all high school party will be sponsored by the band. There will be dancing for those who want to dance, and games for all. Also one attraction, THE HORROR CHAMBERS. Betty Tracy, Jean Fetrow and Imogene Fjetland are on the entertainment committee. On the decoration committee are George Sharp, Bill Coulson, Loretta Rubendahl and Marjorie Helland. Betty Uhlenhopp, Ruth Hogenson and Lorraine Quigley are on the refreshment committee. EVERYONE PLAN TO VISIT THE HORROR CHAMBERS.

Seen & Heard
On and Off The Grid

The fighting Broncos are very happy about their victory over a stubborn Renwick team Friday afternoon 20-6. Jack "Rabbit" Campbell and Larry Dorr led the local team to its third victory of the season. Dorr was the first to cross the goal, going over from the 8 yard line on a quick end run. A pass from Banning to Dorr added the extra point. In the second quarter Campbell rambled 50 yards for one marker and 70 fr another. Then later on a very well executed "Sally Rand," Classick added the point after a touchdown with a beautiful place kick that gave Belmond a 20-0 half-time margin.

It was mostly all Renwick in the second quarter that was aided by an inexperienced Belmond pass defense.

They scored once but couldn't score again as Dorr was alert and intercepted several passes in scoring territory.

It was a very amusing game. Les Classick and the opposing tackle had quite a bit to say to one another throughout the game.

Another one of Belmond's football and baseball stars left to take up the game with Uncle Sam Sunday night. It was "Barney". We all hope that "Barney" and "Rear Admiral Navy" get along "O. K." Among last year's class are Con "Moo Moo" Meints, "Sadie" Brady,, now home on leave, "Buck" Parker, Don Ellis, and others in the service of our country.

Our thought for the week is to let every one know that the game Friday night is the last game of the season and the last for four seniors. Let's have a good attendance. Whadda ya say? ? ? ?

History Economics Biology

U. S. HISTORY - Miss Wendlant

Last week the American History class had a treat. Instead of the usual history lesson they had a movie entitled "Virginia Plantations." which gave a short trip through a plantation in Virginia. They will also see another movie next week entitled "Patrick Henry" in which his famous speech "Give Me Liberty or Give Me Death" will be heard.

ECONOMICS

Propaganda has been the subject of discussion in the Economics class. Articles from the newspapers were brought which were propaganda.

BIOLOGY - Miss Dellaplane

Twenty bugs and 5 to go, or 30 leaves and 10 to go, may be the expression of the biology students. They are completing the 9 weeks by having a project of 25 insects or 40 leaves. A picture on leaves was given last week. It illustrated the circulation and the way the leaf manufactures food.

Q. Why should oil be changed every two months or at 1,000 miles—whichever comes first?

A. Your car produces nearly 1 gallon of water per gallon of gas burned. Short-run driving fails to expel all this water. Some gets into the crankcase and contaminates any oil—especially in cool and cold weather.

***Here's your easiest-on-the-battery motor oil!**

THE CUE for motor oil selection *this* fall is—*save that battery, protect that engine, stretch those gas coupons.* Change to Standard's famous Iso-Vis 10 W, the fastest starting, easiest-on-the battery 10 W motor oil you can buy.

At today's reduced speeds, oil consumption is greatly reduced, but *batteries are older.* Under rationed driving, they recharge less, run down faster. Too-heavy oil increases battery drag, endangers the motor when starting cold, wastes gasoline.

Iso-Vis 10 W gives instant lubrication, yet stays tough under heat—gives full engine protection. Get it today. And make an early appointment with your Standard Oil Dealer for complete winter-conditioning . . . weekdays, if you can, please.

BELMOND, WRIGHT COUNTY, IOWA, THURSDAY, NOVEMBER 4, 1943

THE FAMILY NEWSPAPER

Program Complete For World Commnity Day

Observance Is Planned For Armistice Day November 11

World Community Day is to be observed in Belmond on Armistice Day, Thursday, November 11, with a program beginning at 10:15 a. m. at the school auditorium.

Representatives of the women's organizations of the Belmond churches including St. Francis, Methodist, Congregational, Fundamental Baptist, St. John's Lutheran and Trinity Lutheran together with the American Legion, the Legion Auxiliary and the Navy Mothers have arranged the following program:

"America"—Audience

Worship Service led by Mrs. A. C. Lieuwen

Solo—Matilda Skovlin

"Star Spangled Banner"—Audience (Musical numbers will be accompanied by Miss Edith Jensen at the piano.)

At 11:000 o'clock the Legion will be in charge, at which time the audience will face the east for a period of of silence, in memory of those who have given their lives for their country.

Following this there will be a talk on "Peace" by J. Leslie Leonard.

In connection with the observance of "World Community Day" the audience will be asked to ballot —answering yes or no— on two questions of national and world importance.

First question: "Would you be willing to instruct your Senator or Representative in Washington to vote for a bill which would authorize the United States to join a world organization for the purpose of insuring a just and durable peace and share in its expenses and all other responsibilities involved?"

Second question: "Would you be willing to continue for a period after the war such war-time regulations as the rationing of food, gasoline, restriction of travel, etc., if such were necessary to relieve distress, restore order and help other nations recover from war damages?"

CLOSING OUT SALE AT ASBE FARM TUESDAY

Mrs. Anfin Asbe will hold a closing out sale of livestock, machinery, poultry and household goods at the Asbe farm near Kanawha on Tuesday, November 9, beginning at 1:00 o'clock p. m. An ad of the sale appears elsewhere in this issue.

HOSPITAL NOTES

Mary Ellen Oldham entered Oct. 29 for surgery.

Roger Hanson, son of Mr. and Mrs. Amos Hanson of Goodell, entered Oct. 30 for surgery.

Floyd Wirtz entered Nov. 3 for surgery.

Robert McLaughlin, son of Mr. and Mrs. Eugene McLaughlin, entered Nov. 2 as an accident patient.

Dorothy Nelson entered Nov. 1 for surgery.

Stores To Close

Belmond stores are requested to close from 10:00 a. m. until 1:00 p. m. in observance of Armistice Day, is the statement of C. C. Christie, president of the Community Club. The First State Bank and the Liquor Store will remain closed all day. The post office will be open for window service from 9:00 until 10:00 a. m. and from 2:00 until 5:00 p. m. Rural and town deliveries will be made the same as usual.

County Nears $20,000 War Chest Goal

Many Give Less Than Can City 22 Per Cent Under Quota

Wright County is nearing its War Chest quota of $20,000, with a total of $16,710.55 reported to date. Several towns and townships are still incomplete with five townships that have not yet turned in their reports.

The town of Belmond has

A. A. A. Will Give Credit For Limestone Ordered Through Other Dealers

At this time the limestone ordered for Norway, Belmond, Pleasant and Boone Townships probably will not be delivered this fall and, therefore, anyone having an order for limestone can make arrangement to obtain it elsewhere and still get his A. A. A. Credit, according to the announcement of the Wright County A. A. A. office.

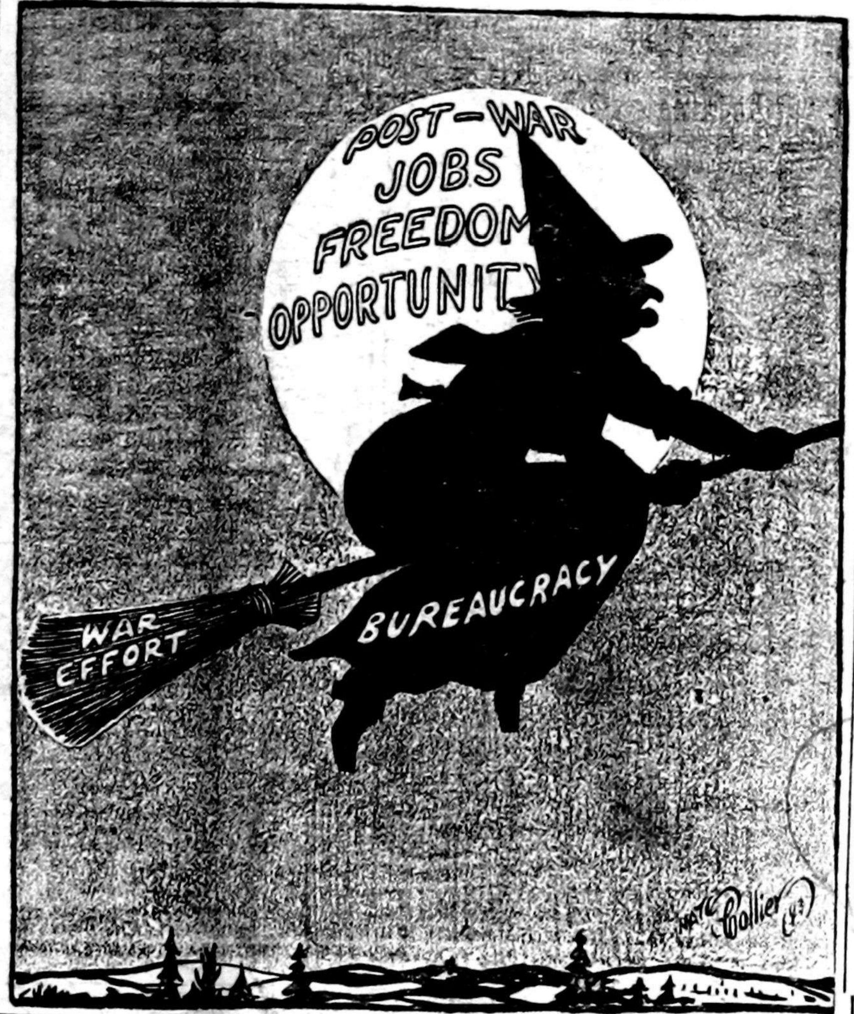
The A. A. A. office requests that any person applying for fertilizer or limestone from other dealers for the 1943 program credit should turn in his credit slips or evidence of spreading to the A. A. A. office so that credit will be shown on his application for 1943 payments.

If enough orders can be secured, arrangements can be made with a local dealer for a car load of super phosphate. Get into touch with the A. A. A. office immediately to turn in your orders. This material when it arrives must be taken directly from the car as no storage space is available.

T. C. THOMAS CLOSING OUT SALE IS NOV. 16

A closing-out public sale of livestock and farm machinery will be held by T. C. Thomas at his farm on Tuesday, November 16, beginning at one o'clock. The Thomas farm is located five and one-half miles north and three miles west of Belmond, or three miles west and one-half south of Goodell. An ad on the sale will appear in next week's issue, November 11.

BLOTTING OUT THE MOON



Milk, Coffee, Soup, Bread, Butter, Cheese, Ice Cream—All From Soy Beans

Since the purchase of the American Crystal Sugar Plant of Belmond by General Mills, Inc. for the purpose of converting it into a soybean processing industry, some publicity showing the versatility of the soy bean as a food for the American table, has come to our attention.

A luncheon, the first of its kind, was served by the Ford Motor Company, Dearborn, Michigan recently to home economists, dieticians and women journalists. Soybean food experiments are conducted at the George Washington Carver Memorial Laboratory in Dearborn under Henry Ford's direction.

Following is the luncheon menu which was made up almost entirely of soy bean dishes, including coffee and soup:

Celery Stuffed with
Soy Pimento Cheese
Canapes of Soya Crackers and Soya Butter
Soybean Soup — Soya Melba Toast
Soybean Cutlets — Soy Sprouts Creole
Buttered Green Soya Beans — Baked Soybeans
Parsley Potatoes
Soybean Coffee — Soybean Milk
Soybean Bread, Butter and Crackers
Soya Ice Cream — Soya Custard — Soya Cookies

Annual Farm Bureau Meeting Is November 9

GIDEON SEYMOUR

Editorial Editor of Star-Journal, Minneapolis Is Guest Speaker

Gideon Seymour, Vice President and chief editorial editor of the Minneapolis Star Journal, will be the guest speaker at the Wright County Annual Farm Bureau meeting to be held at the I. O. O. F. Hall at Clarion on Tuesday evening, November 9th at 8 o'clock.

Mr. Seymour, a native of South Dakota, was executive and foreign correspondent of the Associated Press until shortly after the outbreak of the war in Europe. In 1940 he accepted his present position with the Minneapolis Star Journal and Sunday Tribune. For 14 years Mr. Seymour served the Associated Press in this country, South America, Africa, Australia, and Europe. He will talk on "World Affairs" a subject for which he is well fitted by his present and past experience.

Resolutions Committee Report

First in importance to the farmers of Wright County will be the report of the resolutions committee on agricultural policies. This report will be presented for adoption at the annual meeting and will then be forwarded to the State Farm Bureau Federation to be considered with other county reports in the state resolutions report. A committee of five, appointed by Gerhard Thompson, Wright County Farm Bureau president, and approved by the County Farm Bureau Board, has been working on the county resolutions. The members of the committee are L. W. Collins, Chairman, George Frohling, Martin Hill, Joe Bell and Mrs. Florence Aldinger.

Election of County Farm Bureau officers and directors will be held at the annual meeting. A nominating committee, consisting of Harry Poundstone, chairman, Herb Hadley and Cornelius Thompson have prepared a ballot to present to members for the election.

A feature on the program for the annual meeting will be a sound motion picture, "Soldiers of the Soil." This feature picture, filmed in Hollywood, has just been released and is considered one of the outstanding films of the year.

The public, as well as Farm Bureau members are invited to the annual meeting of the Wright County Farm Bureau.

Refreshments will be served following the program.

Mr. and Mrs. C. C. McGuire and Mrs. Donald Grillo and three sons visited Sunday with Mr. and Mrs. J. C. McGuire at Mason City.

7 Selectees In Second October Call

14 Youths Reach 18 And Register

Seven men were sworn in the Army, Navy, and Marines at Camp Dodge on Oct. 29th, for the second October call, according to Mrs. Fern Tourtelotte, selective service clerk. They will report for duty at a later date, following furloughs of three weeks for the Army men and one week for the Navy and Marines, and are as follows:

During the month of October, fourteen youths registered with selective service, having reached their 18th birthdays; also one late September registrant. The fifteen are as follows: Richard Cody Riggan, Dows; Clarence Dale Xanders, Clarion; Charles Robert Trotter, Goldfield, Curtis Wilmer Riskendahl, Galt; Earnest William Abels, Kanawha; John Robert Stout, Clarion; Roger Hugh Newburn, Eagle Grove; Robert Shirley Perry, Clarion; Norville Elmer Anderson, Clarion; Howard Ora Jenison, Belmond; Robert Leroy Blecker, Clarion; George Marvin Reasoner, Dows; Delos Heath Eggers, Belmond; Luverne Lowell Neuhring, Belmond. September registrant: Marvin Morris Hamer, Eagle Grove.

Need 100 Tons Scrap From Wright County

Urge Farmers and Town People to Deliver At Once

By N. F. Graepler, County Chairman

Every town and every farm should be canvassed thoroughly for heavy scrap iron only and every town's man and every farmer are asked to see that every pound of available heavy scrap is delivered by them to the nearest dealer on or before November 15. There will be no scrap drives this time; you, each and every one of you are asked to make your own deliveries, to the nearest scrap dealer.

Yes, we all know that everybody is busy and has been busy for the past BUT our boys are busy too and surely you can find one half day to make delivery of your allotment of scrap.

Do you know that in one single bombing raid many times as much scrap is used as is asked to be raised in Wright County.

Do you know that one discarded tractor will make 580 .30-calibre machine guns; that an old plow will make 100 armor-piercing 75-mm projectile; do you know that if each county in Iowa sends in 5 old tractors we would be sending

NORWAY FARM BUREAU HAS OPEN MEETING

Norway Township Farm Bureau held an open meeting and tea at the home of Mrs. Willis Kurtz on Wednesday afternoon, Oct. 27. Mrs. Nels Lindvall, county extension home project chairman, explained the new program for the coming year. Elizabeth Diehl, county extension home economist, gave a demonstration and talk on school lunches. She also discussed the organization of girls 4-H club in Norway township. Mrs. Melvin Olson has been selected as leader of the club. Mrs. Willis Kurtz was elected township chairman and Mrs. Gerhard Thompson was elected music chairman. The first training school "Care and Repair of the Family Wardrobe" is to be held in Norway township Thursday, November 18th.

Broncos End Grid Season In Even Split

Win From Buffalo Center 26 to 0

Belmond's Broncos completed their 1943 football season last Friday night with a .500 percentage of games won and lost by defeating the Buffalo Center squad 26 to 0.

After a slow first quarter in which fumbles prevented any possibility of scoring the local team started to find themselves in the second quarter and came back in the second half to play their best game of the season.

Midway in the second quarter, Campbell, Dorr and Mickelson alternated in carrying the ball from the Belmond 20 yard line to the opponent's 35. From that point Banning threw a pass to Bob Nelson who outraced the defense to score the Broncos' first 6 points. An attempted line buck failed to convert for the extra point.

The Broncos added three more touchdowns in the last half gaining most of their ground by running plays with Campbell sweeping the ends and Mickelson and Dorr going off tackle and over the guards. Dorr scored the second and third touchdowns on quarterback sneaks and displayed a fine style of hard running combined with one of the most effective stiff-arms seen here for many seasons. The fourth and last touchdown was scored by Campbell from the 40 yard line on a double reverse. Campbell outran his opponents so badly that not a man was near him when he crossed the goal line.

Five seniors played their last game Friday night, Bob Nelson, and Myron Goeman, ends, Jack

Neighbors Pitch In To Harvest Christie Corn

28 Men Pick - Crib 5000 Bushels

Neighbors and relatives of Ralph Christie made short work of harvesting his 80 acres of corn last Friday. 28 men, together with seven corn pickers, seven tractor-drawn wagons and two elevators—started work about 8:30 in the morning, and it was after dark before the last wagon-loads were elevated into the cribs. Approximately 5000 bushels of corn were picked that day. Thirty acres, which Mr. Christie had planted for Thompson Hybrid Seed Corn Company had been picked previously by the Corn Company's employees.

Mr. Christie underwent an operation at the hospital in Iowa City three weeks ago. Two weeks before that he had been in the Belmond hospital, having suffered poor health during the summer and fall. Haying on the Christie farm and the harvesting of soybeans were done in much the same way as the corn was picked in record time by groups of neighbors.

The corn pickers were not the only busy persons around the Christie home on Friday. Fourteen neighbor women and relatives brought food in abundance, some of them staying through the day to help serve. There was dinner at noon, lunch in the afternoon, and about half the corn pickers remained for supper.

Those who helped with the corn picking, many of whom sent extra help from their farms, included Arthur Hinman and son, Robert Hinman, Emory Thompson, Walter Schleiffarth, Loren Bamford, Frank Ostendorf, Ivar Oppedal, Oren Hanson and son, Phillip Erdman and son, A. C. Lieuwen, C. C. Christie, W. C. Tyrrell, Ward Martin, Melvin Hanson, Galen Johnson, Glenn Baker and son, Guy Baker and son, and Lloyd Lerdal.

Women who brought food and helped serve at the Christie home included Mesdames Elmer Johnson, C. C. Christie, Oren Hanson, Guy Baker, Glenn Baker, Loren Bamford, Galen Johnson and A. C. Lieuwen.

Others who helped furnish the meals were Mesdames Emory Thompson, Arthur Hinman, Lloyd Lerdal, Melvin Hanson, Cal Thomas and Walter Schleiffarth.

With The Boys In Service

CPL. JENISON PLAYS KITTEN BALL IN GERMAN PRISON CAMP

Mr. and Mrs. Leroy Jenison received five letters last week from their son, Cpl. Kenneth V. Jenison, a prisoner of war in Germany, which were written in the spring and early summer months. Cpl. Jenison's letters indicate that the men in the German prison camp have greatly appreciated what the Red Cross has done for them. One of the things he mentions is that they had been playing a lot of kittenball for exercise.

SGT. RAYMOND W. DAVIS ARRIVED IN ENGLAND

Mr. and Mrs. Frank Davis received a letter from their son, Sgt. Raymond W. Davis, saying he had arrived in England. Sgt. Davis says "England is a very nice country. I have seen lots of coal, cattle, sheep."

VISITING IN BELMOND AFTER N. AFRICAN DUTY

Pfc. George Gealow arrived here last week for a visit with his mother, Mrs. Charles Gealow, and relatives. He returned to the States Sept. 22, having been stationed in North Africa since Christmas Day, 1942, as a Radar operator. Since Gealow is now beyond draft age, he has been placed in the enlisted reserve and will be sent by his Draft board into defense work. He will go to Missoula, Montana, after his visit in Belmond.

SGT. CARL PALS WITH 5th ARMY IN ITALY

Sgt. Carl Pals writes relatives in Belmond that he is in Italy with the 5th Army and is fine. He has recently been promoted to Sergeant. Pals was in Sicily for two months and went there from North Africa.

RECEIVES GOOD CONDUCT MEDAL

Cpl. Peter Pals, Jr., who is at the Florence Army Air Base, Florence, South Carolina, wrote his wife last week that he had just received a good conduct medal.

HARM D. GRUIS PROMOTED TO CPL.

Harm D. Gruis, son of Mr. and Mrs. Klaus Gruis of this city, has been promoted to the rank or corporal in the San Francisco Fighter Wing, California, where he is now assigned. Cpl. Gruis was employed by the Tyrrell Stock Farm here in Belmond, before his enlistment.

English Boys Impresssd With Iowa

Members of British Navy Visit Alexander

Gordon Wardle of Hull, England a nephew of Mr. and Mrs. George Dunn of Alexander and his friend Brian Robinson of Thirsk, England are visiting for several days at the Dunn home in Alexander.

These two English boys, members of the fleet air arm of the British navy have completed their elementary course, including 70 hours flying, at a school in the province of Ontario, Canada, and are now awaiting orders.

Both men are enlistees in the navy and previous to their enlistment, Wardle worked for 9 years in the aircraft industry and Robinson 3½ years as a railway clerk.

In describing the terrible damage done to the city of Hull, Wardle told of continuous bombing by the Germans that had wrecked the docks, warehouses, shipping and much of the residential and business districts. "An oil bomb dropped by their planes was especially disastrous," he exclaimed, "since there was no way to fight it and our only hope was to keep the flaming, spreading oil within bounds by building dykes of sand. It was the burning oil that ignited and destroyed many of our buildings," he added.

Their comments on the food rationing in England were also interesting and both men emphasized that while variety was lacking the people were getting plenty to eat. With a ration of one egg a month per person in England it isn't to be wondered that the two men ate a total of 24 eggs among other things during their first four meals in Canada.

Robinson and Wardle have been much impressed with American hospitality, the variety of food, modern farm machinery, the heighth of Iowa corn and say they like our monetary system much better than their own.

"Either You Get Him Or A Jap Gets You"

Lieut. Finn Tells Of Air Combat

Lt. Howard Finn of the Marine corps, another Belmond young man who is now a veteran of World War 2 arrived in Belmond Saturday, October 23 for a 25 day visit with his parents, Mr. and Mrs. James Finn.

A pilot of a Corsair single motor fighter plane, Lt. Finn arrived in the states after a 26 day voyage by ship from the south Pacific area landing at San Francisco on Tuesday, October 12. "We were one group with but a single thought," said Finn, "and that was to find each of us the biggest steak we could eat immediately after disembarking. The boys headed for the Sir Francis Drake Hotel, entered the dining room and our chins dropped about a foot when the waiter said, after we had placed our orders, 'sorry boys, this is meatless Tuesday.'"

IS CREDITED WITH 7 ENEMY 'ZEROS' IN COMBAT

Finn's area of action was centered chiefly throughout the Solomon islands and his squadron pioneered the Corsair plane which was a new model fighter at the time his group was sent across.

In relating his experiences, Lt. Finn told of his first combat experience while on patrol with 11 other planes in the Solomons. "We ran into a force of 60 Jap Zeros," he said, "and when the action was over 14 of them had gone down and two of our fighters were lost. If the enemy had only known it they could have gotten us all."

Howard had his first narrow escape during this battle when he turned out of formation to go after a Jap that flew in front of him. "I knew the minute I did I shouldn't have done it," said Howard, "for that Jap was sucker bait to get me to do just that, so his buddies hovering nearby could pick me off like a clay pigeon." In just the moment that it took Finn to swing back into formation his plane had been riddled by 27 bullet holes, one of the bullets denting but not breaking the gas line.

The last action experienced before sailing for home came as a number of fighters were acting as cover for bombers on a trip up the "groove"—a strip of water in the Solomons. "We were flying at 30,000 feet," Finn continued, "with our bombers 10,000 feet below us when enemy planes were seen below them. The leader of the first section of my group zoomd down, picked off a Zero and that looked like a good stunt to me. I saw four planes below me, started my dive and signaled to the other plane in my section to follow. After knocking out an enemy plane I pulled away but not in time to avoid hitting the wing of a fifth Jap that I hadn't seen. The collision tore away part of the fuselage and tail assembly, but managed to make it back to the base at Guadacanal."

In speaking of the country he's seen, Finn has nothing but praise for Australia, where he spent seven days. "It's wonderful country with good people who put themselves out to give you the best food and a swell time," he said.

OFFICIAL CITY & COUNTY WEEKLY

1943 IOWA PRESS ASSOCIATION

Subscription Terms: One year in Wright and adjoining counties, $2.50 per year; other Iowa counties, $2.75; outside Iowa, $3.00. Subscriptions are strictly cash in advance and paper stops at expiration of time paid for. The address label shows the month and year to which subscription is paid.

AND NOW-

If anyone had told us ten years ago about the abrupt and complete change in our way of life in 1942-43, we would have laughed with disbelief.

Production

But it hasn't been so very long ago that the Department of Agriculture tried to solve the problem of over production by leaving rich Iowa soil become richer still, converted from cornfields to idle pasture. Almost simultaneously a scheme was set up to reduce the production of pork by killing little pigs... And now, experts are trying every known means and many new ideas for increasing production to fill military and lend-lease needs and to satisfy the clamoring civilian markets.

Labor

We can remember without any trouble these days when two, three or a dozen men were available for one little insignificant job.... And now there are two, three or more jobs—good ones—waiting on one over-worked individual, if the human machine could only stand that kind of strain.

Trade

Can't you recall the time when the well-trained sales lady could sell you half-dozen pairs of hose, when you only wanted one or two? And your butcher or grocer, by power of suggestion would frequently make you exceed your food budget considerably with a basket of tempting delicacies.... And now, show us the clerk who will TRY to sell you more than one pair of hose. And if you know a butcher who exerts his salesmanship to send you home with a five pound roast instead of one weighing two and a half, just lead us to him.

ARMISTICE DAY, 1943—

What could be more fitting for a war-time Armistice Day observance than an expression of the people all over the country on what we should do after World War Two is over in order to restore our country and others to normal living and what we should do to insure lasting peace?

Belmond church women, cooperating with other church women all over the United States on November 11, are doing just that. In connection with the Armistice Day program to be held here, they are asking Belmond people to express their opinions by balloting on these two questions:

1. "Would you be willing to instruct your Senator and Representative in Washington to vote for a bill which would authorize the United States to join a world organization for the purpose of insuring a just and durable peace and share in its expenses and all other responsibilities involved?"

2. "Would you be willing to continue for a period after the war such war-time regulaations as the rationing of food, gasoline, restriction of travel, etc., if such were necessary to relieve distress, restore order and help other nations recover from war damages?"

Plan to attend the Armistice Day program which is being planned for this community, and think about these two questions so that you can answer "Yes or No" on November 11.

SCRAP DRIVE IN NOVEMBER

There isn't a month that passes any more that the people of our community are not asked to do something in a big way to help the war effort. This fall in September there was the big War Loan drive, in October there was the War Chest, and now in November there is another big drive for heavy Scrap Iron.

Wright county is asked to dig up 100 tons, and for the most part this is a job that will have to be done by the farmers. Busy as they are, we are sure they will come through and fill the order for Uncle Sam.

—V—

WITH OTHER EDITORS—

The period of rationing of many products of general consumption has provided an ideal test of advertised products. During the period when ration points as well as money have been involved in the purchase of many necessities, the public has had to make important decisions in selecting products representing maximum value for the double investment required.

What has happened is not only added proof that for the consumer the advertised and tested brand is the best evience of quality, but that such a brand is in itself a grade label which is demanded as added assurance of value and ultimate satisfaction.

The A. C. Nielsen company, world famous market research organization has recently made a study of the results of rationing for 20 major products in the food and grocery field. Under rationing 17 of these products have improved their relative position in the market, gaining a larger share of the available business. For the whole group the average percentage of total sales in their classifications has increased from 36 to 38½ per cent a gain of nearly 7 per cent! Advertised brands of coffee gained more proportionately than those in other fields, increasing their share of the market by about 10 per cent. There may be some modifying factors which would explain part of this remarkable record, such as the fact that independent stores have improved their position with the consumer during the rationing period, since they normally feature advertised brands as compared with chain stores. But the principal explanation, and one which should have significance for those who are concerned with the possibility of compulsory grade labeling, is that the public has consistently shown a marked preference for advertised brands when quality has been the main consideration. Those brands in themselves have become the consumer's standard of quality.—Advertising Age.

—V—

Nobody can forsee how far rationing will finally reach or into what unexpected channels it may be directed. It has been only recently learned by the general public that Bibles have been rationed to retail book dealers since October 1 and a shortage is expected to continue for the war's duration. Reason: The huge demand from men and women in the armed forces plus less paper stock in the country. This may be a good time to ascertain if one of those dust covered books in the attic may or may not be a Bible.—Northwood Anchor.

—V—

Ever since the United States took over the Philippines after the Spanish American war the Filipinoes have been clamoring for their complete independence. Now when our president is recommending to congress immediate recognition as an independent nation they are not so sure that they want it. The strong supporting arm of Uncle Sam looks good to them now and it will be needed more than ever after the Japs are driven from the islands.—Cresco Times.

—V—

Our debtors can't pay in money, because there isn't that much money. They can't pay in goods, because we can't take that much in goods without wrecking our own economy. They could pay, partially at least, in insular territory, in which we should assume the white man's burden and, ultimately, turn it free.—Muscatine Journal.

—V—

One thing quite evident is that the people of America, when this war is won, will want a minimum rather than a maximum of governmental regimentation.—Mason City Globe Gazette.

Prittle... Prattle....

Would rather be a father, any day, than a mother if a mother's duties are as strenuous as those undergone by this father on one Sunday afternoon.

P—P

Knew that mother wanted to see the movie so told her to go and just leave the youngsters to me, everything would be all right. They were all right but ohmygosh what a lot of doing it did take.

P—P

The oldest was just enough under the weather to want to be half in and half out of bed and entertained and had just settled down to taking care of that job when the youngest woke up. Job of getting him dressed wasn't so bad and wondered how long he would be contented in one place when the daughter insisted he be put on her bed so she could watch him play.

P—P

That appeared to be a good idea as they both could entertain each other while father tried to get his usual Sunday afternoon nap. Everything went smoothly for about 30 minutes when the son began to get discontented so picked him up and put him in the play pen.

P—P

The spot was OK with him just long enough for father to read a chapter in the daughter's latest book to help keep her satisfied. Thirty minutes more went by with just an hour to go until mother came home to take over with a job that apparently was going along nicely until bang—the son gave out with a howl and a dash to the living room found his legs twisted up around the slats in the pen and he had, for some reason, forgotten how to let go of the round ball on the end of his play-pen gym trapeze.

P—P

Untwisted the entangled youngster and had just gotten comfortable again when he decided vocally that he didn't like the pen. Meanwhile the daughter wanted a drink so father put the boy in the cab in a half reclining position and dashed for the refrigerator to pour out a glass of ginger ale for the daughter.

P—P

Things calmed down for exactly 15 minutes, then something had to be done about the youngest who had fallen over in sort of a crouch and didn't like it. Straightened him up and he still howled. Investigation revealed his discomfort was due to a call of nature and managed to get him changed without sticking him with our two valuable safety pins.

P—P

Meanwhile the daughter had slipped out of bed and was found on the davenport and cajoled her back to the bedroom while carrying the son around in one arm and with a hand under his rear that felt something moist which called for another change inside of five minutes.

P—P

Still 20 minutes to go so put him on a blanket on the floor in the middle of the living room with a few of his toys that he hadn't yet played with since getting up from his nap. That should do it, thought I, but no—he turned over and was off for the fireplace. Finally picked him up and resigned myself to amusing him while sitting and holding him when the door opened and in walked mother, the best thing that had happened at our home in the last two hours Father falls back too exhausted to even finish his Sunday afternoon nap and resolves to hit the hay early that night.

No, I haven't been moved again, but the name and post office address of this station has been changed. For the information of the boys back home, from whom I always like o receive letters, my new address is George C. Hansen, Prtr 3-c, Welfare and Recreation Department, U. S. Naval Receiving Barracks, Shoemaker, California. Incidentally, the letters after the name indicate that I have now received my rating as a printer, third-class. . . .

The radio is now playing "When the Lights Go On Again All Over the World". It is a beautiful song, but I am rather tired of it. We had a phonograph aboard the ship which was furnished by the Red Cross. However, the boys in my crew played this one record so continuously that I got extremely tired of listening to it. One day I walked to the "fantail of the ship" and sent the record sailing out over the blue water.

—CN—

Night before last California had a shock from an earthquake. I was trying to go to sleep and thought someone was shaking my bunk. Then I noticed that the light fixtures were swinging. It lasted for about two minutes, and it was some feeling. It seemed as though the whole building was going to cave in.

—CN—

I have asked our Chaplain to furnish material for a column in the "Fleet City News" and here is one story I found among his notes. "A minister recently sent a number of books, among them a copy of The New Testament, to a printing shop to be rebound. When the books were returned, he was surprised to find on the backbone of The New Testament a label in gilt letters, 'T. N. T.' There was no room to spell out The New Testament so the bookbinder merely inscribed T. N. T., the first letters of the three words. Not a bad name for The New Testament. It is T. N. T.—spiritual dynamite."

BANK CRACKED

If Charles Williams of Ottumwa had intended to deposit money in a Mt. Pleasant bank he would not have had far to walk Attempting to avoid hitting a car, Williams swerved the truck he was driving and ended up by going over the curbing and hitting the corner of the bank building. The corner block of the bank was chipped and the truck fender was smashed. A later examination revealed that the fluid had gone out of the hydraulic brakes of the truck thus causing the brakes to lose their braking power.

OBITUARY

Anita Amanda Cram the oldest daughter of George and Mary Cram was born April 25, 1874, and was called to her heavenly home Sunday, October 24. While in young womanhood was baptised into the triune faith in the Methodist church.

Anita Amanda Cram was united in marriage with Mr. George Hake August 3, 1904. Not having been blessed with children of their own and wanting to make the family circle complete they adopted two children, Beryl, now Mrs. Arnold Mennenga in 1913, and a son, Marshal, in 1926. It is for this act of love and kindness that the children are very grateful to their parents.

In the year 1939, after having been duly instructed in divine truths she was confirmed by Pastor Roy Huck. And from that time on she was a faithful member of St. John Evangelical Lutheran Congregation.

Those who mourn her death are; her husband, Mr. George Hake; one daughter, Mrs. Arnold Mennenga; a son, Marshal Hake; three grand-children; one sister, Mrs. Ava Hake, a brother, Dell, and many relatives and friends.

Rapid Gains Most Profitable

Rapid gains are usually the most profitable gains because they are the most economical. They not only shorten the period that the feeder is obliged to care for the finishing livestock and reduce the hazard of "something happening" before he gets to market with them, but less feed is consumed per unit of gain.

Assure yourself of fast profitable gains with Big Gain 24% Concentrate for Hogs, Cattle Sheep. It is palatable and generously provides those proteins, vitamins and minerals that make blood, bone and muscle, and keeps livestock healthy and vigorous. It combines with your grain to give you those rapid and economical gains that mean bigger profits for you.

Finn-Baines Vows Spoken

On Thursday, October 28, 1943, at 4 p. m. at St. Francis Catholic parsonage, occurred the marriage of Cecilia Grace Finn, daughter of Mrs. Rose Ella Finn of Belmond to Darrell E. Baines, son of Mrs. Della Baines of Dows. The single ring ceremony was read by Rev. Father Ormsby in the presence of the bride's brother and sister-in-law, Mr. and Mrs. Robert Finn.

The bride was attired in a medium blue dress with black accessories and wore a corsage of red roses. The matron of honor, Mrs. Robert Finn wore a spice brown dress with dark brown accessories and also wore a corsage of red roses.

Both the groom and best man wore the conventional blue suits with buttonieres of white carnations.

Following the ceremony, a wedding supper was served to members of the bridal party and relatives at the home of the bride's mother.

IS A GOOD TIME TO LET PEOPLE KNOW YOU HAVE SOMETHING TO SELL

SELL

Perhaps it is an old dresser or table that you no longer are using.
Or maybe you have an extra stove you don't need, or a set of books you would like to get rid of, it might be something big, like a house or lot, or farm.
Or possibly a cow, horse, or flock of chickens.
Or it could be that you need something and would like to buy it, but do not know where it can be found.
Possibly it is an electric refrigerator, or a length of rubber hose.
Or a good used automobile tire or bird dog.
ALWAYS REMEMBER – Whatever it is you would like to sell, there is a buyer for it.
And if there is something you want to buy, you can often find a person with that same thing to sell.

Mystery Comedy In 3 Acts Given by Junior Class of Klemme High

On Friday, October 29, 1943, the Junior class of Klemme high school presented a three act mystery-comery, "The Scarecrow Creeps" by Jay Tobias. It was directed by Mrs. H. N. Campbell.

The performance was attended by an overflowing crowd, and offered many thrills, chills and moments of suspense.

The action took place in Gage Manor, a gloomy old mansion, on a dark stormy October evening. The story concerned the finding of the Carita diamond, a valuable jewel supposedly hidden in this old house. Roderick Gage, the master, had been accused of a great wrong for thirty years, and on this night it is discovered that it was not he, but his butler, Adam Thogg who had been guilty all these years. By the use of a phantom scarecrow, Roderick was able to scare the entire cast, and trick Adam into confessing the crime.

Although the play offered many scenes of horror and tension, relief was provided by the comical efforts of Maudie, the maid, and T. A., a negro house-boy, plus the efforts of all other members of cast. Members of the Speech class made up the production crews.

The cast was as follows: Adam Throgg, Laurice Lemke; Maudie Hobbs, Iva Christie; Roderick Gage, Ewald Grossheusch; Annabelle Gage, Marjorie Hartbeck; Perry Gage, Edward Barz; Kenneth Gage, Edward Buntenbach; Aunt Zinnia, Marjorie Meinders; Trailing Arbutus, Donald Schaefer; Miss Amelia Gage, Patricia Kudje; Norma Gage, Mabel Sterba; The Scarecrow, ? ? ?

The Nation's steel mills are running out of scrap, They haven't enough on hand for even 30 days more. When this is gone, they may have to shut down for all new steel is 50 per cent scrap. Get your scrap ready to turn in NOW!

Whose Boy Will Die Because You Failed?

Think about it as revenge -- a way to get back at the scum who have attacked us. Or think about it as a little more protection for our fighting men -- something you, yourself, can do to bring as many as possible home alive.

But think about it now -- for the scrap in homes, farms and factories has got to be moving to stockpiles within the next few weeks or it may be too late!

Maybe you don't know what it means to have production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges. Or to see the enemy rolling through your lines because you didn't have just a few more tanks.

OR MAYBE YOU DON'T CARE!

We think you do. We feel that our whole community is ready to rise up and bring in the scrap as soon as you get a chance.

A drive is now under way to get in 100 tons of this precious material in Wright county. And you're asked to pitch in, too, because this situation is serious.

Start looking around your place for scrap today. If you've got a son in service, do it for him. Do it for the neighbor's boy -- for those fine young chaps you just passed, out on the street.
Above all, do it for your country......
AND DO IT NOW!

HOOFBEATS

School section prepared by members of the Belmond High School student body.

STAFF

Because of several resignations the Hoobeats staff is being reorganized and therefore does not appear in this week's issue. Several more reporters could be used and freshmen and sophomores are especially invited to apply for places on the staff.

Seen & Heard
On and Off The Grid

Belmond Broncos ended their football season with a victory over a fighting Buffalo Center team by a score of 26-0 last Friday night on the Belmond field. Campbell, Banning, McBride, Goeman and Nelson played their last game for Belmond High School. Belmond simply had to much speed and deception for the "Bison" from Buffalo Center.

Several "highlights" of the past season were: The battle of the "mitts" between "Fritzy" and Lund of Clarion in the Clarion game. Larry Jones' 60 yard run from scrimmage against Northwood. This was the game in which the Belmond team showed real drive and cooperation. The walloping of Britt to the tune of 64-0. The line bucks of Finn and the spirit of the team was wonderful. "Ozzie" Nelson's catch of Finn's pass and running some 40 yards to score against Garner. Against Lake Mills it was the outstanding play of "Ozzie" and "Dice" in the line.

The Forest City game was really the greatest game of the season as far as fight and spirit were concerned.

Renwick just could not seem to keep up with Jack "Rabbit" Campbell who ran two touchdowns as Belmond dumped Renwick 20-6.

Next week there will be an all opponent team chosen and put in the paper.

New Name Wanted For Weekly Column

Contest! Competition! Those are the words going from person to person in the school today.

The "Hoofbeats" staff is not satisfied with the name "In The Bronco Corral" under which the human interest column is written, so instead of racking their brains for a new name they have decided to let the junior high and high school students do the naming.

Each person has the chance to contribute one name. If you desire to be in the contest put the contest name and your own name on a slip of paper and hand to Ruth Hogenson by Friday, November 5th.

Prizes of course are given to the winner of every contest and it seems that today there couldn't be any better prize than defense stamps. A twenty-five cent war savings stamp will be given to the winner.

The winner's name will be announced in the next issue of the "Hoofbeats" so come on students, let's all have a part in this contest. And let's help to make our "Hoofbeats" a great success.

ALGEBRA AND MATH.

Miss Anderson has set up a schedule for the use of the bulletin board for these classes. The classes will alternate each week. There has been one committee from each class elected and different groups will continue to be elected each week.

Seventeen Game Basketball Card Is Arranged

At least nine home games are on the docket for Belmond basketball fans as the 1943-44 schedule takes shape, according to Sup't. Johnson.

A home-and-home arrangement with all conference teams provides that all six of the North Iowa Teams will appear on the local floor. In addition to these, Klemme, Dows and Hampton will also be guest teams here.

The Broncos open against a traditionally strong opponent, Klemme, here Tuesday, November 23. The first conference game will be at Northwood, Friday, Dec. 3.

Following is the complete schedule to date:

Nov. 23	Klemme	Here
Dec. 3	Northwood	There
Dec. 10	Buffalo Center	Here
Dec. 14	Lake Mills	There
Dec. 17	Forest City	Here
Jan. 7	Garner	Here
Jan. 14	Britt	There
Jan. 18	Klemme	There
Jan. 21	Northwood	Here
Jan. 25	Clarion	There
Jan. 28	Dows	Here
Feb. 4	Buffalo Center	There
Feb. 8	Lake Mills	Here
Feb. 11	Forest City	There
Feb. 15	Garner	There
Feb. 18	Britt	Here
Feb. 22	Hampton	Here

Grades Enjoy Hall'e'n Parties

All grades from Kindergaren to sixth grade had Hallowe'en parties Friday.

FIRST GRADE

They are painting furniture and making cushions for orange crate davenports and chairs. They are also learning the foot rule and how to measure things with it.

In Reading they have met two people, namely, Jim and Judy.

THIRD GRADE

We have a very pretty and well-built Bond and Stamp booth. It is decorated in the patriotic colors of red, white and blue. On all sides it has a sailor and a soldier holding a gun. If anyone will take a look at it, they will see what our little third graders can do. Last week they sold $43 and this week they sold $27. This includes bonds and stamps.

FOURTH GRADE

In the fourth grade things have been going along normally, but they are proud of their fine spelling record. Last week in spelling there were 14 people that received perfect papers. They are: Donald Busick, Betty Lou Dempsey, Eleanor Dorr, Betty Clair Henderson, Frances Palmer, Adelaide Jenison, Roland Kling, Larry Knudsen, Shirley Meyers, Rose Negrete, Odean Severseike, Darlene Traeger, Lynn Tyrrell and Camilla Wicks.

In Science they are studying the structure of animals—living and non-living.

In Geography they are reading about Norway, its coastline, occupations, routes of travel, etc.

FIFTH GRADE

The "Activity Club" was organized last week. The officers for the year are as follows: President, Verna Dean Burns; Vice president, Raymond Lowenberg; secretary, Norma Jean Hopkey. The club made plans for their Hallowe'en party which was held Friday afternoon. Regular meetings of the Activity Club are to be held every Friday afternoon.

The fifth grade boys built their bond booth Wednesday afternoon. So far, sixty dollars worth of bonds and stamps have been purchased in their room.

SIXTH GRADE

The sixth grade students have been making posters for their bond and stamp drive. Several have been posted around the room in an effort to boost the sale of stamps.

Today they had a Hallowe'en party. As they entered the door, they shook hands with a chunk of ice. For entertainment, they had a Truth and Consequence program. Following the program, they played games after which refreshments were served.

SEVENTH-EIGHTH GRADES

In eighth History they are studying the Spanish American War.

In Seventh History they have started the Unit on Colonial Life. They were quite amused at the various old customs.

The Literature classes of both grades are making book reports each nine weeks. Seventh Literaure class has started the unit on Poetry.

Junior Play Portrays Comedy In Family Life

Friday, November 12 Is Date Set

Friday, November 12th is the date set for the junior class play "Footloose" a three act comedy. Richard Early, the head of the Early family, is characterized by Roger Pals and the part of Emily his wife is played by Jean Fetrow. Eleanor Soma impersonates Hope Early, the oldest daughter of the Early family while the part of Richard Early, the eldest son, a medical student is played by George Sharp. Paul McNulty merits the role of Bob Early, a sixteen year old adolescent who is very mischievous and constantly causing excitement and worry in the Early home. "Buzz" Daily, a good friend of Bob is played by Ray Henderson who helps make matters worse. The audience is assured an uproar of laughter with these two characters present. The role of Mary Early a sweet young miss has been assigned to Eunice Mehl. Wilma Johnson in the role of Delphie, the maid, is forever trying to make the children behave as their parents would want them to. The role of Jenny Malloy, the bride of Dick is played by Beverly Madsen. Kathryn Holgate impersonates Miriam Walker, the girl friend of Mary, while Richard Johnson characterizes Jack Milford, Mary's boy friend. Dorothy Hosick takes the part of Mrs. Forester an elderly woman. Jack McGuire characterizes Randy Cunningham a friend of Mary. The role of Sanford Wiles, a young attorney is taken by Paul Dempsey.

Footloose is a comedy, gay and human but it has something constructive to offer concerning the problems of parents and chlidren alike.

Emily Early is a mother, sincere in her efforts to shield her children from hardships and errors, but in doing so deprives them of the opportunity to think and act for themselves. It is a challenge for both sides when the children rebel against this too-rigid supervision, and persuade their parents to take an extended cruise, leaving Delphie in charge of houshold affairs and Hope, the financial matters.

The way the Early children work out their youthful problems is heart warming to see. When Richard and Emily return home there are a number of episodes that the children agree might well be left untold.

"What's the use of spoiling a perfectly good trip for the folks anyway?" And we agree, for every one believes that both sides have found out that it's a good thing sometimes to be just a bit foot-loose.

Science Units For Grades Are Chosen

A course of study in Science for the intermediate grades was recently worked out by the teachers of those grades and will be included in the curriculum beginning this year.

Each of the three grades will take up six units of science during the year. These units will be integrated into the health and social studies course.

Text books to be used will be basic science unit but most of the work will be done on these subjects:

Fourth Grade: The Sky Above Us, The Air About United States, Gravity Living Things, Seeds and Seed Travels, and Reptiles.

Fifth Grade: Thermometer, Heat and Cold, Birds, Spiders, Insects, and their Ways, Flowers, Fruits and Seeds, and Toads and Frogs.

Sixth Grade stories read from the Rocks, Magnets, Fishes, Animals of Yesterday, Sound and our Servant, Electricity.

Money Flows In For Jeep

So far, so good! That's what can be said about the school jeep drive that is being held until December 7th.

There is splendid cooperation from the grades as well as high school students. Everyone seems to be doing their share because competition among the lower grades is pretty close.

The bond and stamp sales up to date Friday, October 29, were as follows:

Kindergarten, $30.75; first grade, $24.75; second grade, $39.30; fourth grade, $28.70; fifth grade, $48.85; sixth grade, $30.40; Junior High, $20.45; High School, $160.35.

This makes a total of $412.55. There are still more stamps and bonds to be bought to have enough for the jeep but Belmond school students have pledged enough for nearly two jeeps and you can bet that they will stick to their "pledge."

Taste and Baste Club Re-organizes

A Taste and Baste Club has been organized by Miss Gantenbien, the Home Economics instructor. Regular meetings will be held from 1:00 to 1:45 on the first Wednesday of every month, starting Nov. 3rd. The auditorium will be a meeting place for the club for the first time until a standard place has been set.

The entertainment committee was chosen from the freshmen Home Ec. girls. This time they are: Jean Greenfield, Doris Christie, Bonny Hunst, and Mildred Palmer. Only girls of this year Home Ec. class are eligible for membership. The Taste and Baste Club will be more or less a social club but the works to be accomplished have not as yet been outlined. The first meeting will take care of that and the election of the club officers

Editorial Comment

Students, do we want a curfew or do we not? Our parents have discussed this question and many of them seem to be in favor of it. We, as students, will be the greatest sufferers if such a measure were to be carried out.

Why then, is it not our duty to prevent the necessity of a curfew? If we are truthful with ourselves we will admit that many of us spend our time "running the streets" when we could spend it more profitably at home.

Let's show them that we don't need a curfew.

In The Bronco Corral

The outstanding attraction of the week, as we all know, is pheasant hunting. Thursday, there were very few men seen about the halls of B. H. S. Even girls took up the sport, but from reports, that do get around, few pheasants were downed by them. However the fellows had pretty good luck.

Here is a personality sketch of another Senior football hero. He's about 5'8", has light brown hair (they say it's wavy) and deep green eyes. His nickname is "girls" and I can see why! He is a good dancer and supports all high school parties. (This limits it to some extent.) Jerald is his first name but because of a dislike for it he goes by—well—you guess who!

This senior girl is about 5'5½" tall, has brown hair and green eyes. She enjoys dancing and likes to play basketball. Her "pal" with the green ford" graduated last year, but she is now seen a good deal with "Neuron." When "Sherry" finishes school she is going to take up stenographic work. Really this isn't as hard as you think! Her initials are A. S. S. Does this help?

And there's the story about the little moron that jumped off a 10-story building but didn't hurt himself because he had on his new spring suit.

How is the purchase of bonds and stamps coming? Here is a little "bit" to remember in regard to this:

The "Squander Bug" thinks it's just dandy
When you spend all your money on cakes and candy.
He shouts in high glee:
"How jolly for me,
Uncle Sam would have found this money handy."

The pep meeting Friday afternoon was full of laughs for everyone; but no wonder after the skit that Kathryn Palmer and Cleo Trees put on disguised as "niggers." We're convinced now that this skit helped the "Fighting Broncos" win!

The band wishes to take this opportunity to thank everyone for making their high school party a success The better the parties, the more of them.

BIOLOGY

The biology classes are studying the simplest forms of plant and animal life at present.

PHYS. ED.

The gym classes have been playing volleyball, emphasizing method of service and of rotation in the game. Also, the girls are beginning to visualize and strive for better cooperation with the team as a whole, as well as learning the necessity for each individual to play his own specific position on the floor.

EIGHTH GRADE

The members of the eighth grade English class have been writing friendly letters and are going to terminate this section of study this week by writing to a relative or friend in the armed services. V-mail letters will be used by those individuals writing overseas.

To Owners of Property In Foreign Countries

The U. S. Treasury is seeking to ascertain as nearly as possible the total American stake all over the world. It believes with this information available that the government's hand will be strengthened on all the war fronts, at the peace conferences and in the post-war world-wide economic readjustments.

Under the law, holders of foreign property ARE REQUIRED to file reports of their holdings on Form TFR-500 by

DECEMBER 1, 1943

If you have any foreign investments — dollar bonds, bank balances, real estate or other tangible property — and have not yet filed your report, we would be happy to assist you in obtaining the proper forms.

'Here's why Mom says it PAYS to worm with GIZZARD CAPSULES"

Quick-Easy-Won't Sicken Birds or Knock Egg Production

Worming pays double dividends this year, in needed eggs for Uncle Sam and bigger profits for YOU. Keep 'em Laying this winter! Pat'd Insoluble Capsule Coating does not dissolve in crop—protects medicine until crushed by gizzard—delivers correct dose, full strength to worms. Won't sicken birds or knock egg production. For all 3 kinds of worms—Pin, Large Round and Large Tapes. Gets heads of all species of Tapes that any product on market can get. About 1c or less per bird.

WE'LL EGG THE DAYLIGHTS OUT OF BENITO, HITLER, AND HIROHITO

• Eggs are right around the top of the list of food-for-victory items. Are your birds carrying their share of this extra production burden?

We'd like to see you try DR. HESS POULTRY PAN-A-MIN in your ration. The reason is this—the Research Farm birds lay as many as 23 more eggs per bird per year when they get PAN-A-MIN.

And here's why—PAN-A-MIN is a tonic that stimulates the consumption of feed—also supplies essential minerals. It's our belief that both are often necessary for heavy production. We sincerely believe PAN-A-MIN will help you produce more eggs.

SCRAP DRIVE—

(Continued from page one)

494 medium-sized tanks rolling on the road to VICTORY.

Let us never be guilty of permitting a Jap cruiser to sink an American ship because it didn't have a strong convoy around it.

Let us not feel guilty of neglect to back our Boys who are fighting on the war fronts.

Soon we will have winter and to collect scrap will be impossible, therefore we plead with you all; GET BUSY AT ONCE and bring in your heavy scrap so the mills can be kept busy and remember our boys cannot fight without fighting material.

Don't worry about the stories you hear, of so much scrap being piled up in dealers yards here and there; these same yards will not have a pound of scrap left in them before Spring.

ALSO REMEMBER there is a ceiling on the price junk dealers get when they turn over heavy salvage; the Government is depending upon their experience and equipment to sort, grade, prepare and ship junk to mills.

Every piece of scrap you can contribute now will hasten the day of Victory; may we never feel that there has been "TOO LITTLE, TOO LATE."

You are not asked to give your scrap away but to SELL IT.

FOOTBALL—

(Continued from Front Page)

Campbell and Eddie Banning, backs, and Bob McBride, center. Prospects for a strong team next year seemed favorable, many reserves having gained game experience during the past season. From tackle to tackle the entire line will return for next year. These include Classick and Art Stockseth tackles, Earnest Tudor, Richard Stockseth and Paul Wicks, guards, and Richard Wagner, center. Gerald Swenson also saw action at tackle. Next year's backfield will be built around two fast runners, who have gained much valuable experience this year and who have improved rapidly, Larry Dorr and Richard Mickelson. Other backfield prospects who have played in several games and give promise for another season are Glenn Meints, Erwin Rosheim and Dale Walrod, all freshmen.

The big task for next year will be the development of ends. Richard Stockseth was used for a time at end against Buffalo Center and Ray Waddington also saw several minutes of play at that position.

Basketball practice has already started with the first game of the season scheduled in the local gym on the 23rd of November with Klemme.

Construction Started On Soy Bean Plant

Will Give Preference To Local Labor

Rye and Henkel Construction Company of Mason City, prime contractors for the General Mills, Inc, Soy Bean Plant at Belmond, have started preliminary work on the remodeling and construction of the local plant.

About 15 men are enclosing the building in order that work may be continued on the inside through the winter months, Clifford Humphrey, from the personnel office of the construction company, announced today.

"It is difficult to tell just how many men will be needed for the work, since on this job we are starting at the top and working down, while on most contracts we start from the bottom with nothing," Mr. Humphrey said. He indicated, however, that quite a lot of common labor will be needed and that John Munson, foreman, will be glad to receive applications. Most of the skilled labor needed will be among carpenters and brick layers.

Carl Rye, superintendent of the local construction for the Mason City contractors, will be in Belmond from time to time to check on the progress of the work.

It is the intention and hope of the construction company to get as much help as possible from Belmond and vicinity. Mr. Humphrey indicated that local men will be given preference.

County Nurse Learns Sister Kenny Method

Attends Course Given At Des Moines

Through the cooperation and support of the Wright County Infantile Paralysis Foundation, Miss Wilma Soehren, County Nurse, attended the one week's course in "Hot Packing" as given according to the Sister Kenny method. This course is given to Public Health and institutional nurses at the 'Kenny Cottage," Lutheran Hospital, Des Moines, Iowa.

The Kenny cottage is a small frame building standing in the shadow of the hospital. In the cottage are 14 children ranging in age from 10 months to 11 years of age. Some of the children have been at the cottage for months. Some are able to leave at the end of the Isolation period which is 3 weeks. In the main hospital there were 14 additional cases, all adults.

Nurses visiting the cottage are given the opportunity of first observing and then applying the hot packs. Some of the points pointed out to the nurses are:

1. Never cover a "joint."
2. Never place the patient with the "bulbar" type of Infantile Paralysis on their abdomen as it will further hinder their breathing. These patients are never tube fed but are fed by "intervenous" or by rectum.
3. No splints are used and no massage is given.

Hot packs made of at least 75 per cent wool are used for packs. These are changed every two hours during the day time. The affected muscle is packed as well as the neck and back muscles of all patients.

On Thursday the nurse had the opportunity of visiting the clinic where patients who have been discharged come back to be re-examined. One boy came from Texas in order to be examined by the physician in charge of the clinic, also one from St. Louis.

Miss Soehren is grateful for this training and says "Most of the cases when they return home will have to continue their hot packs as well as the muscle stimulation and it will indeed be worthwhile to be able to teach the people in the home to do these two procedures."

Thomas and Frohling Farm Sales, Next Week

Two farm sales will be held in the vicinity of Belmond next week: one on Tuesday afternoon, Nov. 16, at the T. C. Thomas farm, and another on Thursday afternoon, November 18, at the Fred Frohling farm home.

The T. C. Thomas closing-out sale will begin at one o'clock sharp at his farm which is located five and one-half miles north and three miles west of Belmond—or three miles west and one-half mile south of Goodell.

Fred Frohling's sale of livestock and farm machinery will begin at 12:30 o'clock. His farm is located seven miles south and four east of Belmond—or one-half mile east of Rowan, one-fourth mile south of highway 10.

Advertisements on both of these sales appear elsewhere in this edition of the Independent.

Navy Seeks Volunteers For Ship Repair Units

When recruiting for Seabees, the Navy's construction battalions, ended Oct. 31, a similar program began immediately in non-restricted manpower areas for skilled workers in ship repair units.

Ship repair units—the SRUs—fix damaged fighting ships at advanced naval bases. Or they follow in the wake of attacking task forces, in fully-equipped repair ships, to repair all but major damage on the spot and get ship and crew back into the fight at the earliest possible moment.

Qualifications for enlistment, or voluntary induction of draft age men, in ship repair units are, with few exceptions, similar to Seabee requirements. Carpenters, electricians, riggers, welders, mechanics of all kinds, are needed for patriotic service where their skills can be used for victory.

Most SRU men qualify for petty officer ratings, with base pay ranging from $78 to $126 a month and 20 per cent extra when they serve overseas. They receive $133 worth of free uniforms, dependency allowances and are eligible for low-cost government insurance and other 'extras."

Men interested in SRUs may secure further information from the Navy Recruiting Station, Room 34, Post Office, Fort Dodge, Iowa.

Producers of Milk and Butterfat to Receive Subsidy Payments

Subsidy payments will be made to all producers of milk and butterfat in Wright County at the rate of 30 cents per cwt. of whole milk and the rate of 4 cents per lb. of butterfat. Such producers making application are to inform the A. A. A. office as to the name of their creamery or dealer where they make their sales and the office will receive such evidence direct from your dealer. Upon receipt of such evidence they shall mail out an Application for Payment for signing which is to be returned to the A. A. A. office where sight-drafts will be made out and mailed to such applicants to be cashed at their local bank. Please be prompt in regard to this matter as all October payments must be made during the month of November.

News Briefs From Office Of The OPA

Rationing Practices Are Discussed

FARMERS MUST REPORT SALES

Farmers who sell or transfer rationed meats, fats and dairy products are required to collect ration points for the items sold and must turn over points to the local War Price and Rationing Board, received from such sales. They must also register with the local board. Each farmer who sells rationed meats, fats or dairy products should make certain that he is registered with his local board.

SUGAR ALLOWANCES OF INSTITUTIONAL USERS

Increases in the November December sugar allowances of "Institutional Users" which normally do their own baking were announced. The action will affect commercial eating places such as restaurants, hotels and others, and also institutions of involuntary confinement. It is taken in keeping with the food program of the War Food Administration which seeks to increase consumption of bakery and cereal products. The amount of sugar available to such establishments largely determined the amount of their production.

NEW SUGAR STAMP

Stamp Number 29 in the new War Ration Book Four is good for 5 pounds of sugar since November 1. This new stamp is found on the last page of Book Four marked "sugar" and is good through Jan. 15, 1944.

GASOLINE

Rumors of further gasoline cuts are still cropping up around the country. Often these take the form of a report that at midnight the value of some or all coupons will be cut. For your information, the gasoline quotas announced last month by the Petroleum Administration for War apply for the balance of the year. There is no indication that quotas will be reduced this year.

SHOE STAMP

Should it ever become necessary to terminate shoe ration stamp 18, the public will be given 30 days notice, General Manager Chester Bowles of the Office of Price Administration, has announced. Mr. Bowles' statement was made to refute unfounded scare-buying rumors that the validity period of stamp 18 might be cancelled with only 24 hours notice to consumers.

COFFEE NOT ON RATION LIST

Coffee drinkers will probably give a sigh of relief to learn that coffee is not going back on the ration list. A rumor has been spread that coffee would again be rationed because a stamp marked "coffee" appears in War Ration Book Four. It is explained that War Book Four was in the process of being printed when coffee was taken off the list. The printing was too far along to remove the coffee stamp, so the job was completed as begun. The coffee stamp in Book Four will not be used.

CONGREGATIONAL CHURCH MEETINGS

Tuesday afernoon, Nov. 2, Dr. Frederick Cooper, Trailer Missionary talked to the members of the Service Guild and Sisterhood of the Congregational Church at 2 o'clock Rev. Harold F. Mathews from China spoke at 8:30 p. m. at the church. Other ministers attending from out of town were Rev. Ralph B. Noyce, director of Congregational Young People's work in Iowa, Rev. Lloyd Wilkenson of the Eagle Grove Congregational church and Dr. Royal Montgomery of Grinnell, State Superintendent of Congregational churches. Dr. Montgomery also met with the pulpit committee of the local church.

Court Notes

Two gravel trucks, enroute from Humboldt to Des Moines, were involved in an accident Tuesday evening on highway 69 at the stop sign just south of the greyhound station. A truck driven by Ed Lynch, Pomeroy, stopped for the sign and the truck driven by Russel Prange, Laurens, which was closely following the first truck was unable to stop and crashed into the rear of Lynch's truck. Considerable damage was done to both vehicles.

Chas. Troyer, as referee in the action of Norma Biondahl et al, vs. Floyd V. Polmateer et al was discharged and he and his bondsmen exonerated from any liability.

CAMPBELL & BANNING ARE FUTURE ARMY AVIATION CADETS

Now wearing the blue and silver wings of future Army Aviation Cadets are Gerald E. Banning and Jack D. Campbell, both age 17, who successfully qualified for enlistment in the reserve corps of the Army Air Forces, according to an announceent from the Des Moines Aviation Cadet Examining Board. Both boys are seniors at Belmond high school. Banning is the son of Mr. and Mrs. Robert B. Banning; Campbell the son of Mr. and Mrs. John D. Campbell.

These qualified future army airmen, being only 17 years old, will not be called to active service until becoming 18, and if in school at that time will be permitted to complete the term providing it ends within six months after reaching 18.

CAPT. PROBST STRUCK BY LIGHTNING WHILE ON MANEUVERS

Mrs. Sarah Probst received information on Thursday, Nov. 4, that her son, Capt. Charles Probst, at an army camp in Texas, was severely burned when struck by lightning, while on maneuvers. The accident was the result of his receiving part of the electrical charge that struck a nearby object. Capt. Probst's sister, Sarah, left on Friday, Nov. 5, to visit him. Recent word from her indicates that he is recovering very well.

Pvt. Roger Johnson, son of Elmer Johnson, is stationed at Camp Roberts, California.

Paul Leary, employed at Des Moines, came home Sunday morning to visit his parents, Mr. and Mrs. O. H. Leary. This is the first Paul has been home since his recent discharge after 2 years in the service.

Cpl. Dale Sharp, who is stationed at Camp Roberts, California, has been promoted to the rank of sergeant.

Cpl. and Mrs. Luverne Sorenson of Buffalo, New York, are visiting at the Bert Sorenson home. Cpl. Sorenson is Flight Engineer on a Curtis Commando.

Mrs. Peter Pals Jr. received word that her husband, Cpl. Peter Pals, Jr., stationed at Florence Army Air Base, Florence, South Carolina, has been promoted to sergeant.

RECEIVE LETTER POSTMARKED "SOMEWHERE"

Mr. and Mrs. George Vance received a letter recently from Pfc. Harm Groen dated August 23, which he had personally postmarked "Somewhere." We quote from his letter, "Saw in the paper you were busy getting things ready for the boys overseas. We all got one of those bags, and they are really O. K. and useful. I've seen a few Japs here. Was lucky to come out without a scratch. They weren't quite so lucky. . ."

GOODELL

Mr. and Mrs. Charles Peterson received word that their son Donald had landed safely with the armed forces in Italy.

Burdette Sellers who is with the armed forces in Sheppard Field, Texas, writes his parents that he broke two fingers while playing ball.

Iowa Choirtet to Sing At Immanuel Reformed Church Next Sunday

The Iowa Choirtet composed of five businessmen who devote many of their Sunday evenings to singing in churches throughout the state of Iowa, will render a song service at the Immanuel Reformed church Sunday evening, Nov. 14, at 8:00 o'clock.

This group was organized about three years ago for the sole purpose of singing sacred songs throughout the state for their own spiritual gain, as well as influencing others to become more interested in the work of the church. In spite of several changes in the personnel of the group, because of being drafted and other reasons, they have been able to continue in their objective. At present they also take part in a regular radio program identified as the "Call of the Cross" which may be heard from KXEL Waterloo, Iowa, every Sunday afternoon from 2 to 2:30 o'clock.

The members of the Choirtet are: Max Belz, Holland; Marvin Graves, Dike; Russell Kruse, Grundy Center; Frederick R. Meyer, Aplington; and Dale Voss, Austinville, accompanist.

A goodwill offering will be held.

Mail Christmas Parcels Within Next 2 Weeks

Less Help — More Work Are Problems

Christmas gifts and cards on time, always a serious problem, "will be more than a problem this year—it will be an impossibility—unless Christmas mailings are made largely in November," Postmaster General C. Walker warned today.

SEAL OVERSEAS CHRISTMAS CARDS

The War Department advises that Christmas greeting cards for soldiers overseas must be sent in sealed envelopes and prepaid at the first-class rate. The War Department further urges that such cards be mailed at once, stating that cards mailed now will, according to the Army Postal Service, reach even the most remote A. P. O.'s by Dec. 25.

"Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than thirty-one thousand experienced employees into the Army and Navy," Mr. Walker said. "The only solution to the Christmas problem is: MAIL IN NOVEMBER. Mark your parcels, 'Do Not Open Until Christmas." That is the only way to avoid disappointment on Christmas Day not only for many civilians but also for millions of members of the armed forces who are still in this country.

"It is also the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public will cooperate by mailing their Christmas parcels DURING NOVEMBER, we can handle a small volume of light, last-minute mailings, such as cards, up to Dec. 10—but we can do that and avoid an emergency only if November is really "Christmas Mailing Month."

TODAY'S CHILDREN—

The juvenile delinquency problem which has been under discussion in Belmond recently by parents, teachers, school and city officials, ministers and club members is not one of merely a local nature, neither is it new to the times in which we find ourselves living. However, the problem is one of the most urgent that is facing our country today, and certainly needs the serious attention of every adult NOW who is interested in the successful adult future of his, today'ss children. . .

While the juvenile delinquency problem in Belmond may not have been caused or aggravated by the same reasons which have brought about such troubles in larger cities, defense areas and military zones, suggested solutions might reasonably work out here as elsewhere.

Editor In Service Comments

George C. Hansen, Prtr 3-c, former editor of the Independent and now editor of the Fleet City News at the U. S. Naval Station, Shoemaker, California, has this to say:

"Recently the daily papers have been carrying stories on juvenile delinquency, and I noticed last night that in several cities on the coast the city councils have taken steps to avoid such problems. For instance, Vallejo, California recently passed a law to the effect that the curfew will ring at 10:00 p. m., and when a child under 18 is found on the streets after that hour, the parents are liable to a fine of $250 and three months in jail. After all, it is the parents who are responsible for much of the trouble.

"Of course, many communities feel that having a service camp nearby has been a liability in this respect, and in some cases that may be true. On the other hand, those in the armed forces who cause trouble are really in the minority and are the same boys who roamed the streets in civilian life. I am sure that the uniform hasn't changed the individual -- his character was formed before he came into the service. Therefore, I believe the parents, in most cases, are to blame. War has naturally increased the problems surrounding our young people because fathers and mothers for many reasons (some necessary and some unnecessary) are neglecting their children."

Home Life Disturbed

Normal living in many American homes has been greatly disturbed in these days. In some cases a father has gone into the service or is away working long hours with little time left to be with his family. Many mothers are curtailing their work and presence in the home in order to work in defense plants, or to hold down other well-paid war-time jobs. Frequently both fathers an mothers are gone from the home with no one left to supervise, guide and direct the leisure hours of their adolescent boys and girls.

What To Do?

And so the problems facing, surrounding and involving our young people are constantly increasing. What to do about it? That is the question that is facing American communities today. And it is very important—important as winning the war and feeding the industrial machine to help win the war. It is for these young people who are facing their own problems today that we are fighting to make a better world for tomorrow. If our boys and girls get of on the wrong foot now, how many of them are going to lean toward good and peaceful living tomorrow?

Prittle... Prattle....

Ding, who drew a cartoon that appeared in the last Sunday Register, hit the nail on the head when he pictured a miner coming out of strike valley with a gold nugget worth $750,000, which represented the miner's daily increase in wages after the strike.

P—P

It definitely appears that John L. is stronger than the government. The results of that strike must make the men in the service feel wonderful. When they were told to go they went and at $50 a month, regardless of what they were making before they put on the uniform.

P—P

Now that the miners have gotten 'theirs' where is the snowball going to stop? As Ding's drawing illustrated there are plenty of other unions whose membership has been watching the outcome of the coal strike closely with but one thought in mind—and we know what that is—if the coal miners get more money they can too, or else.

P—P

Not long ago, after the. last strike of the miner's union a correspondent wrote from Australia that any worker in a war industry in that country who so much as looked as if he wanted to strike was put in the army.

P—P

Lester Benz in the Sheffield Press —"We have prettty well gotten rid of John Dillinger and his kind in this country, but we still have our "Public Enemy No. 1". In our opinion the fellow most deserving of that debasing title is that loyal Axis collaborator, John L. Lewis."

P—P

Wonder if John L. has any friends? Have yet to see a kind word in his favor.

P—P

Something new in grocery stores is a 'cafe department'. A grocery ad in a recent issue of the Webster City Freeman Journal advertised a Saturday's Plate Lunch Menu along with the grocery and meat specials. Would seem to this column that the. grocerymen .have enough to worry about without going into another man's means of livelihood.

P—P

Also from the Webster City Freeman comes this observance by the writer after his physical at Camp Dodge. "So many have asked, "Are they pretty tough on the physical?' I can say this; if there's anything wrong with you they'll find it. If there isn't, you'll go into the service. And this: Age doesn't enter into it. They don't even know how old you are while they're testing. If you're 45 and can pass a good physical they want you.

UNDER CULTIVATION

A quarter section of land in Boone county owned by R. M. Gillespie of Goldfield, and his son-in-law, Dr. Yarbough, is being plowed for the first time this fall. The land is being tiled before the plowing is started. The land has been owned by the Gillespie family many years, the possession dating from the present owner's great grand-father.

CIVILIAN AWARDS

Testimony to the effect that the stimulus of the Army-Navy "E" and the Maritime "M" production awards has been very great constantly is accumulating. Both management and labor on the home front have been helped to even greater efforts and results by these recognitions of unselfish devotion to the great task of turning out the vital materials of war. Now both directors and workers in a category other than those previously recognized are to receive an achievement award for work well done. These are the seasonal processors of food. The fact that they are not year-round operators makes them ineligible for Army-Navy "E" recognition. But if they meet the same high standards demanded for that badge of honor they are to receive the award of the War Food Administration's "A" flag. Qualifications considered in selection for the award will include ingenuity in the development of war food products, low absenteeism, cooperation in the various food purchase programs, accident prevention and the like.

A number of vital factors on the home front still lack recognition in the form of public awards. The power and utility companies, the communications companies, and even the enormously busy railroads do not fall within the technical requirements for existing awards. There would seem to be little reason why the powerful incentive which existing awards for merit have supplied should not be extended to such fundamentally important elements as the electric light and power industry, which has shown an increase of 73 per cent in its kilowatt hour output since 1939; or the telephone industry, which last year handled 93 per cent more long-distance calls than in 1939; or the American railroads, which in 1942 increased the ton miles moved as compared with 1939 by 92 per cent and the passenger miles by 135 per cent in the same period. The service industries have done and are doing an outstanding war job. They, too, deserve an accolade.

:-The "Crow's Nest"-:

By George C. Hansen, Prtr. 3-c

Recently our department, Welfare and Recreation, sent out 2000 questionnaires to find out just what 'Joe' Bluejacket was interested in doing in his leisure time. 1107 returned the 'quiz', checking the activities they liked in six different recreational classifications.

—CN—

The recreation table games led the groups, with pool receiving the most votes—884. Dancing was secone in the poll for social activities with 716. Basketball won over bowling by 16 marks, these two receiving 682 and 666 to place third and fourth respectively in the poll.

—CN—

Other activities receiving a large vote were as follows: baseball, 650; softball, 644; football, 544; roller skating, 501; parties, 412; picnics, 402; touch football, 358; horseshoe, 350 and boxing, 326.

—CN—

This gives a good idea of what the men in service like to do in their leisure time, since our survey covers a cross-section of the states, the men at this Naval station coming from all parts of the country.

—CN—

The following is a true incident about Lt. D. P. Farrell, director of the Physical Fitness program here, which appeared in a recent edition of the "Fleet City News."

Mystery of the "Misplaced Shirt"

"A few days ago, one of our officers of eastern intercollegiate sports official fame took some clothes to the laundry at Camp Parks. Among other pieces of clothing, the officer checked in five shirts, one of which was a National Intercollegiate Official's black and white striped shirt. Upon his return to the laundry he was baffled to find this particular shirt missing. Through careful planning and investigation the garment was finally located in the "lost and found" department. When the officer went after it he was informed that it was being held in case the lower part of the "pajamas" showed up. Does this imply that all officials are asleep?"

3 Things To Remember For Our Wartime CHRISTMAS

1--Buy Early

The earlier you make selections for Christmas, the better satisfied you will be. Shortages of clerks to give you prompt service. .shortages of merchandise will become more acute as the Christmas holiday gets closer. .that's why we are suggesting to shop early.

2--Buy Quality

The government in numerous bulletins has suggested the wisdom of buying quality merchandise this year, so that it will last longer and give better service. At McGuire's we can guarantee the finest merchandise for men and boys because of the buying we have done in the past months.

3--Buy at McGuire's

Men of this vicinity have always come to McGuire's for the fine quality, and yet at modest prices. We have maintained and will continue to maintain our high standard of quality.

Sturgeon-Johnson Repeat Marriage Vows In Church Wedding

At 8:00 o'clock, Nov. 6, in the Trinity Lutheran church in Belmond, a candlelight service was the scene of the wedding of Miss Delores Sturgeon, daughter of Mr. and Mrs. Elmer Sturgeon, to Gaylon Johnson, son of Mr. and Mrs. Carlton Johnson.

Rev. O. M. Severseike officiated at the single ring ceremony.

The flower girl, Marlys White, niece of the bride, maid of honor, Miss Wilma Johnson, sister of the groom, and bridesmaid, Miss Florence Maulsby, niece of the bride, preceded the bride, who entered the church with her father. The bridal party was met at the altar by the bridegroom and his best man, John Trowbridge, cousin of the bride.

The bride was gowned in ivory faille taffeta, cut with V-neck, long tight fitting sleeves, a bodice with lace insertions, and a full skirt which extended into a long full train. Her fingertip veil was held in place by a halo of pearls and she carried an old fashioned bouquet of roses, and wore a string of pearls, gift of the groom.

Miss Johnson, maid of honor, was gowned in ashes of roses faille taffeta, with sweetheart neck, three quarter length sleeves, and full skirt. Hair bows, the same color as her dress, formed a halo, and she carried a bouquet of orchid mums.

Miss Maulsby, the bridesmaid, was gowned in blue net over satin. Hair bows, the same color as her dress, formed a halo and she carried a bouquet of yellow mums.

Marlys White, flower girl, wore a floor length dress of blue taffeta and carried a basket of yellow baby mums.

Joseph Tegland and Garfield Holverson, Jr. were ushers. Miss Edith Jensen sang, accompanied by Mrs. Marson Anderson.

The bride's mother wore a soldier blue dress, with matching accessories, and the groom's mother wore a soldier blue dress, with rust accessories. Both mothers wore red rose corsages.

A reception was given in the church basement immediately after the ceremony. The bride's table was decorated in pink and white and contained a three tiered wedding cake. The Misses Elinor, Muriel and Dorothy Soma, Margie Johnson, Neoma Johnson, Avis Braun, Ilene Tegland and Ruth Johnson waited on tables. The waitresses were presented with aprons as gifts from the bride.

Mr. and Mrs. Johnson left on a short wedding trip to the northern part of Iowa after the reception.

Out of town guests were Mr. and Mrs. Roscoe White and family, Mrs. George Dieser of Austin, Minn.; Mr. and Mrs. Norman Langland of Des Moines; Mrs. C. C. Maulsby and Florence of East St. Louis, Ill.; Mr. and Mrs. Eugene Sturgeon, Mr. and Mrs. Almon Anderson, Mr. and Mrs. H. F. Graepler, Mr. and Mrs. Clifford White of Dows; Mr. and Mrs. Tom Norfleet of Clarion; Mr. and Mrs. Charles Sellars, Rowan; Mr. and Mrs. Tom Thowbridge and family, Fort Dodge; Mr. and Mrs Mrs. August Graffunder, Blairsburg.

Mr. and Mrs. Alvin Enge, Plover; Mr. and Mrs. Amos Wagner, Mr. and Mrs Thomas Wagner, Mr. and Mrs. Marson Anderson, Eagle Grove; Mr. and Mrs. Austin Espe, Mr. and Mrs. T. O. Johnson, Mr. and Mrs. Earl Christenson, Kanawha; Mr. and Mrs. N. G. Nelson nd Donna Mae, Hayfield, Minn.; Mr. and Mrs. O. J. Tegland, Clarion; and Mrs. Tolford Simon and family of Winnebago, Minn.

Profitable Eggs

Whether eggs are profitable or not depends on the feed cost per dozen. This in turn depends on the ability of the hens to lay eggs and the efficiency of the feed.

Big Gain 32% Poultry Concentrate and Big Gain 26% Poultry Concentrate are made by specialists in the business to get the most at minimum cost out of the inherited ability of your hens to lay eggs by generously supplying in the correct proportions the proteins, vitamins, and minerals required for making eggs and keeping your flock healthy and progressively vigorous.

Use these concentrates with your own selection of grains to help get maximum egg production at minimum costs and increase your egg profits.

Ask your dealer for formulas and feeding instructions.

You're Taking It

Like A Soldier!

Since shoe rationing, we have felt badly about the delays and disappointments our good friends and customers have put up with – but you've taken it with a smile. The government expects us to keep shoes repaired, and in spite of labor and material shortages, WE INTEND TO DO IT!

We all look to the day when Victory is won and we can welcome back our fighting boys. Until then, let us all make the best of things like good soldiers.

In The Bronco Corral

The Seniors are beginning to get results from their trip to Mason City Oct. 6. Several have received their class picturess and are very well satisfied with them. I'm sure the entire class will be.

Who's this? She is 5'3" tall, has dark brown hair, and brown eyes. She is Sec. of the Senior class and Pres. of the Pep Club. She is a steady fan of all athletics and enjoys partaking in them herself. When "Mush" finishes school she is going to join the "Waves." Do you know who this is?

The male attraction of the week is about 5'8½" tall, black hair, and dark brown eyes. He has a black car that is always "on the go." He likes to dance, and does it well. When he finishes school he is going to join the Navy. His middle name is Lee. Have you guessed it? Why sure, it's "Fritzie."

Who needs to take dancing lessons from Arthur Murray, when Coach Lansing and Miss Delaplane are doing a "super" job? Everyone that has been down so far has had a lot of fun and are really "smoothing down" the edges. There is always room for more, so come on, you don't know what you're missing!

Did you hear about the little Moron that tore a hole in the rug because he wanted to see the "Floor Show"? Ohhhhh! Corny.

How is everybody feeling after receiving their 9 week's reports? Don't feel too bad, 'cause remember, you can and will do better next time.

On my way out of assembly, I heard all sorts of complimentary remarks for Lt. (soon Cpt.) Howard Finn, and I can truly say they were deserving. Everyone appreciated your talk, Howard, and we all wish you lots of luck! (in everything).

Classroom Activities Of Grades Accounted

KINDERGARTEN

Kindergarten boys and girls are saving pennies and nickels and dimes to help buy the jeep which the school has set out to finance. Ten-cent war stamps are sold in the rooms, and they may leave their stamp books at school or take them home, whichever they prefer.

FIRST GRADE

They are very interested in the new books and workbooks called "Off We Go." They have so many pretty pictures and there are stories to read.

Thursday they used white chalk, brown crayon, and manilla squirrel. They've been studying about the squirrel and his habits, where he makes his home and how he stores his food.

THIRD GRADE

They have been playing store and learning how to make change. Sooner or later, they'll be bringing money to school to show their teacher, Mrs. Foss, how well they can count.

This week, they are learning about the necessity of daily care of teeth. The teacher is hoping that by next week, each child will have his own toothbrush.

Graduates From Last Year's Class In Service

Twelve out of fifteen boys in last year's senior class are now in the service of their country.

The boys in the navy are Daryl Dillion, whose destination is yet unknown. Bob Brady is in the V-12 program at Ames. Iowa. Don Ellis who was home on leave last week, is at Farragut, Idaho.

The boys in the army are: Don Thompson, who is in California; Bill Parker, aviation cadet, in Amarillo, Texas. Ward Palmer, army air cadet, is in Sheppard Field, Texas. Don Norris, army air cadet, is in New Mexico. Philip Covington is in the Marines in California. Delos Eggers, Harold Loats and Richard Holgate are in the Army Air Corps Reserve. They will be called after their 18th birthday.

Seniors Lead In High School

Honor students in high school and junior high for the first quarter were announced this week by Principals Faris and Neff.

To be eligible for Honor Roll a student must have made an average of 3.5 or better, an A counting 4 points, a B counting 3, a C, 2 and a D, 1. Honorable mention is given to students averaging 3 points, or a B.

Only four high school students, three seniors and one sophomore, attained the high ranking necessary for Honor Roll, while in Junior high one eighth grader and five seventh graders reached the goal.

The Honorable Mention for the Freshmen are Doris Christie, Doris Easton, Jack Fulton, Jean Greenfield, Imogene Halfpop, Cortland Haupt, Bonnie Hunst, Randall Jenison, Glenn Meints, Irwin Rosheim, Donald Toft, Dorothy Lonning and Joan Swenson.

Honor Roll for Sophomores is Duane Anderson.

Honor Roll Mention for Sophomores are: Neoma Johnson, Ruth Nelson, Marlys Parker, Loretta Rubendall, Leslie Classick, Arnold Jenison, Hayden Jones, Shirley Coulson, Roland Pals and Junior Slining.

The Junior Honorable Mention: Beverly Madsen, Richard Johnson, and George Sharp.

The Senior Honor Roll is Bob Kalkwarf, June Boelman and Esther Nelson.

Honorable Mention is: Gladys Christens, Ruth Hogenson, Grace Landon, LaVonne Neuhring, Lorraine Quigley, Arlene Sheriff, Dick Foss and Bill Coulson.

The Honor Roll for the seventh grade is: Janyce Larson, Jeanne Tyrrell, Kathryn Tracy, Beverly Spencer and Janis Bailey.

Honorable Mention are: Marion Anderson, Joan Lent, and Lyola Goeman.

Those who had a perfect attendance in the seventh grade are: Norma Jean Coulson, Donna Fleener, Lloya Goeman, Arlene Johnson, Beverly Spencer, Jeanne Tyrrell, Roger Wagner and Patty Wagoner.

The eighth grade Honor Roll is Mary Jones.

The Honorable Mention is Dorothy Severseike, Dorothy Kriens and Joan Pals.

Those having perfect attendance in eighth grade are Dorothy Hanson, Mary Jones and Dorothy Kriens.

Student Council Starts Recreation Program

Provide Game Over Noon Hour

At the present time the Student Council group is working on a recreational program for students who stay in the schoolhouse at noon.

Below is a list of the activities that have been worked out for both the boys and the girls for a noon program:

In the Recreation Room

Monday—Recreation room for girls
Tuesday—Recreation room for boys
Wednesday—Recreation room for girls.
Thursday — Recreation room for boys.
Friday—Dancing for both boys and girls.

In the Gym

Monday—Boys including Jr. High (12 to 12:30) High School (12:30 to 1:00)
Tuesday—Girls including Jr. High (12 to 12:30) High School (12:30 to 1:00)
Wednesday — Boys including Jr. High (12 to 12:30) High School 12 to 1:00)
Thursday—Girls Jr. High (12:00 to 12:30) High School (12:30 to 1:00)
Friday—Grades (1 to 8)

Some of the games which are already in the recreation room are shuffle board and ping pong. Many more games are going to be added to this list. Music for dancing is to be supplied by a record-machine. New records are to be purchased from time to time.

No definite time has been set, as yet, for the new program to start.

H. Finn Relates His Experiences In Assembly

At a general assembly on Friday the students of the high school and the grades were privileged to have as a speaker, Lieutenant Howard Finn, of the U. S. Marine Air Corps. Coach Lansing acted as toastmaster.

Having shot down 7 Jap planes, Lieut. Finn has distinguished himself as an ace. The lieutenant, who was graduated from Belmond High in 1935, related some of his experiences and also that his flight flies the Corasair, fastest navy fighter.

His first combat mission nearly proved to be his last when the squadron with which he flew was jumped by sixty Zeros. Falling for a trick, he left the squadron: due to this act he received 27 bullet holes in the wings and fuselage.

One of his comical experiences happened while on the ground. Lieut. Finn was sitting on the edge of a fox hole when the Jap bombers came over. The bombs began to fall; one came directly at him and he dove for the fox hole. What he still cannot figure out is how three men, that were already in the fox hole, beat him there.

Lieut. Finn says the food is just fair because it is always the same —spam, dehydrated potatoes, powdered eggs, and evaporated milk.

The climate is hot and mucky and it rains every day. The jungle is almost impenetrable.

There is not much entertainment so they play a great deal of bridge and once in a while some poker.

Lieut. Finn, who has been out of the states eleven months, enlisted July 19, 1941. He is home now for 30 days.

He will be stationed in San Diego, Calif., for about 6 months teaching combat tactics to new pilots.

Five Lettermen Among Basketball Candidates

Official basketball practice began November 1 in Belmond High School. There were 32 out the first night including the following letter winners: Larry Dorr, Les Classick, Larry Jones, Bob Nelson and Orland Finn.

Coach Lansing will devote the first week to conditioning and fundamentals. There will be a three week practice period before the first game Nov. 23, on which date Belmond clashes with Klemme on the local floor.

B. Mc.

FOURTH GRADE

In Science they are working on a chart and studying about plants with and without seeds.

The pupils who had perfect spelling for the week were: Donald Busick, Eleanor Dorr, Betty Lou Dempsey, Delores Faris, Kathryn Hardy, Betty Clair Henderson, Adelaide Jenison, Roland Kling, Jeanette McGuire, Shirley Meyers, Thelma Meyers, Rosie Negrete, Frances Palmer, O'Dean Severseike, Darlene Trager, Lynn Tyrrell and Arthur Van Gerpen.

FIFTH GRADE

The following fifth graders maintained a perfect attendance record, being neither absent nor tardy for the first quarter: Rose Mary Bleecker, Dixie Carstens, Stanley Eccles, Don Faris, Helen Gabrielson, Paul Griesy, Norma Jean Hopkey, Bradley Jenison, Aileen Kalkwarf, Marion Meints, Deloris Steenblock, Bill Trees, Verdell Wagner, and Dwight Whelan.

Bradley Jenison has a perfect spelling record; he is also the only one in the room who has earned a star every week this year.

They began their first science unit this week on "Thermometers" and have just completed making their science scrap books.

Their "Activity Club" held its regular meeting Friday. Interesting book reports were given by Verna Dean Berns, Marvin McCann, Marion Meints and Dixie Carstens.

Editorial Comment

Congratulations should be in order for Ed Banning and Jack Campbell, the two seniors who successfully passed the examination required for admission into the air corps. These two boys were sworn in at 4:00 Saturday afternoon, November 6.

William Coulson and Paul Quigley also went to Des Moines in this group. Bill did not pass the physical due to the condition of his eyes. Paul has not yet taken the physical, however he will take it Monday.

We students should do as much as these boys are in the war effort and buy more bonds and stamps.

Seen & Heard On and Off The Grid

Belmond has high hopes for a successful basketball season with the return of five letter men: Classick, Jones, Dorr, Finn and Nelson. Having a week of practice under their belt the Broncos squad is coming along with rapid progress. During the first week Coach Lansing has stressed warmup drills and fundamental passing and different types of shots. With a full schedule of seventeen games the Belmond fans will get to see a great deal of basketball this season as compared to last year when the home court was not in use much because of the round robin style of play used by the North Iowa Conference. This type of play has been discarded this year however.

The basketball squad has been having practice after supper on Monday, Wednesday, Friday and after school on Tuesday and Thursday. The first game of the season will be with Klemme's Shamrocks. This game is always a big attraction for the Bronco fans. Having lost four of last year's high-powered five, Klemme is considered an underdog in the opening game. Remaining from last year's great team is Vern Grieman, an ace on anyone's ball team. Buttenbaugh and Groshausch are two other returning lettermen from last year's team.

Three former Belmond high school athletes are home from the armed forces. They are Lt. H. J. Finn, former Bronco and Iowa State Teachers College star football player; "Little" David Barry, class of '39 and former Iowa State Teachers wrestler for two years. The third is Phil 'Bugger' Lowenberg who is home from the Navy. Phil was a fooball, basketball star of Belmond during '41-'42.

J. McG.

High School Tumbling Club Elects Officers

Tumbling class officers, Kathryn Holgate, President, and Genevieve Thayer, Vice President, were elected at the first meeting Nov. 1. At this meeting the class was organized and the girls began to practice to perform at the basketball games.

There was not a very large attendance at the first meeting. All girls who are interested are urged to attend these tumbling classes which are going to be held the third Monday of each month.

G. C.

SECOND GRADE

The Bond and Stamp quota thus far has been satisfactory. They have decided that they will earn some money this week-end so they can buy more stamps.

Bobby Jim's reading class has begun its new reader "We Grow Up." They are certainly enjoying it.

They are going to have a big Health chart in their room. Every morning they are going to have health inspection. They are going to have clean faces and hands; have their hair combed and their clothes will be neat and tidy.

*Lets cold motors start easiest!

● THE CUE for motor oil selection this fall is — save that battery, protect that engine, stretch those gas coupons. Change to Standard's famous Iso-Vis 10 W, the fastest starting, easiest-on-the-battery 10 W motor oil you can buy. At today's reduced speeds, oil consumption is greatly reduced, but batteries are older. Under rationed driving, they recharge less, run down faster. Too-heavy oil increases battery drag, endangers the motor when starting cold, wastes gasoline. Iso-Vis 10 W gives instant lubrication, yet stays tough under heat—gives full engine protection. Get it today. And make an early appointment with your Standard Oil Dealer for complete winter-conditioning . . . weekdays, if you can, please.

SUPER VALU

To Our Customers

Instead of advertising grocery prices and specials this week, we are going to take this opportunity to make a few explanations about the problems which have faced the SUPER VALU FOOD STORE in Belmond during the past several months.

It is difficult to find and keep the kind of efficient and dependable clerks we have been accustomed to employing in pre-war days. And this has been troublesome and inconvenient both to the owner of the store and to SUPER VALU customers -- since it takes a considerable amount of time to train new clerks before they become efficient.

We appreciate the fact that our customers have overlooked and understood our problems. We want them to know that we are oing what we can to give them the best type of service, quality merchandise, and as large a selection of groceries as is possible during these war, rationing times.

Fortunately, the SUPER VALU STORE does have one distince advantage over any other type of local grocery store: Its self-serve system gives our customers a chance to go through the entire store -- either quickly or leisurely -- and choose what they want from merchandise that is plainly displayed and plainly marked, both as to price and points required.

We Hope That Our Customers Will Understand Our Problems During These Trying Times.

Thank You

Orrin Jacobson, Manager - Owner

Feed can Make You or BREAK You!

★ Efficient feeding will help you produce lots of food on your farm—and do it at a profit! But this year feed is short. You may have to change rations, substitute. Let us figure out a feeding program for you—making the most of the farm feeds you have on hand. We are co-operating with the MURPHY FEED-STRETCHING PROGRAM—to help you keep food production rolling on your farm!

Blood Plasma Center In Belmond December 7

Red Cross Committee Asks For 20 Donors

Belmond Chapter of the Red Cross will sponsor a blood donor meeting on Tuesday, December 7, when a Mobile Unit of the Serum-Plasma Center will visit the city at 2:00 o'clock in the afternoon.

It is the desire of the Serum Plasma Center to secure 20 blood donations in Belmond on that day. Arrangements have been made for use of a room at the school house where the Unit may set up its necessary equipment and where convenient tables or desks will be available.

Donors should be in good health and give no history of recent serious illness. A preliminary blood test is not necesary. It is required that donors eat little or nothing during a period of three hours before giving blood; in this way a nished product is assured which is clear and quite free from fatty substances.

Persons wishing to donate blood on December 7, through this Red Cross enterprise, should call Miss Matilda Skovlin, chairman of the committee in charge. Telephone 308. Other members of the committee include Mrs. H. L. Gowdy and Mrs. Ed Kennedy.

Cage Season Opens Here Next Tuesday

Five Letter Men From Last Year Return

Belmond basketball fans will have their first opportunity to view the 1943-44 edition of the B. H. S. varsity quintet when the Klemme Shamrocks visit the local court in the season's opener next Tuesday night, November 23.

The broncos have been working out since the first of the month but have been handicapped by frequent absences of players, due largely to the press of fall farm work. Coach Lansing has a squad of some 22 boys working out, but has not yet named a definite starting line-up for the Klemme contest.

Five lettermen form the nucleus of the Belmond squad, but they are being pushed by newcomers for places in the starting line-up. Larry Jones and Bob Nelson, both seniors and letter winners are leading the race for the forward positions but are being pushed by Roger Pals junior. This tall sharpshooter is improving so rapidly that Coach Lansing is debating whether to start him or to use him as his first-line reserve forward. He is sure to see action.

Larry Dorr, sophomore letterman is getting a tryout at both forward and guard and may see action at either position. He is probably the best ball "hawk" on the squad, and for that reason has a very good chance of starting in the back court. Rugged Orland Finn, senior letterman and another letter winner, is leading the race for the guard position because of his outstanding ability as a rebounder and will no doubt start the game.

Hayden Jones, sophomore and a brother of Larry, and Jack McGuire junior are both coming along fast, according to coach Lansing and either of them may get the call to start. They are almost sure to be used during the game.

It is a battle of giants for the all important pivot position. Either Les Classick, 6 foot 2 and weighing 220, or Dug Walrod 6 feet 4, will get the nod. Classick sophomore letterman, is a good shot and a good ball handler and apparently has the edge at this time. Walrod has the needed height and has fine possibilities, but he is handicapped by having missed the first two weeks of practice.

Members of the squad who will see action in the second team game will include the following, many of whom are fine prospects for future years: Glenn Meints, Dave Henderson, Victor Brooks, Pinky Walrod and Ronny Hunter, freshmen; Ray Waddington, Daryl Beavers, Arnold Jenison and Willard Meyers sophomores; Paul McNulty a junior transfer from Goodell; and Eddie Banning, senior.

Not much is known of the Klemme team, which last year defeated Belmond twice and which won the sectional tournament here. Only one of last year's strong starting line-up is back—Vern Greiman, forward—but the usual hard struggle with Klemme is expected.

Two games will be played Tuesday night, the second team curtain-raiser beginning at 7:15 and the varsity contest at approximately 8:15.

Roy Martin of Eagle Grove will officiate.

REPORT BOND AND STAMP SALES FOR OCTOBER

A total of $922. 95 in war bonds and stamps was sold by the liquor stores of Wright county during the month of October. The Clarion store was high with $565.95; Belmond, $199.75; Dows, $130; Eagle Grove $27.25. Total bond and stamp sales for all the stores in the state for October was $281,590.65.

"Stage Door Canteen" At Lyric Will Benefit The Army Relief Fund

Half of the net proceeds from the picture "Stage Door Canteen" which will be shown at the Lyric Theatre, Sunday, Monday and Tuesday, November 21, 22 and 23 will go to the Army Relief Fund.

"Stage Door Canteen" is the story of three soldiers spending a three-day leave in New York before sailing and the three romances that begin. Stars of stage screen and radio—43 of them—appear as themselves as they gather nightly at the Canteen. Six famous bands also appear in the picture.

Independent Published Day Earlier Next Week

Because Thanksgiving falls on the regular date of publication, the Independent will be published a day earlier next week, or on Wednesday, the 24th. All correspondents and advertisers are therefore, requested to have copy in one day earlier than usual.

AHLSTROM PUBLIC SALE IS TUESDAY

Herman Ahlstrom will hold a public sale of livestock and machinery on Tuesday, November 23, starting at 2:00 p. m. at the farm located 3 miles east of Goodell, or ¾ mile north and 4 miles west of Meservey. An ad on this sale appears on page nine of this issue.

DELINQUENT TAX LIST APPEARS ON PAGES 7 AND 8

The delinquent tax list for Wright county appears in this issue of the Independent, pages seven and eight. The list will be printed a second time in next week's paper.

WANT MORE NAMES

Names of service men and women from this community which do not already appear on the Honor Roll Board, should be turned in immediately, in order that the list may be kept as up-to-date as possible. They may be turned in either at the Independent office or to W. H. Dempsey.

The Independent is also desirous of securing more pictures of service men to be displayed in the office as well as birthdays, in order that the list may be more complete.

Armistice Ballot Shows Willingness To Accept World Responsibility

Of interest to those who attended the Armistice Day program at the school house Thursday, is the result of the vote taken on two questions, submitted by the United Council of Church Women. Question I was:

"Would you be willing to instruct your senator and representative in Washington to vote for a bill which will authorize the United States to join a world organization for the purpose of insuring a just and durable peace and share in its expense and all other responsibilities involved?"

Of seventy votes cast all answered in the affirmative.

Question II was:

"Would you be willing to continue for a period after the war, such wartime regulations as the rationing of food, gasoline and restrictions of travel, etc. if such are necessary to relieve distress and restore order and help other nations to recover from their war damage?"

On this question sixty-six answered "yes", four "no." The local church women cooperated with the National organization in sending the result to Congressmen. To date, 36 states were overwhelmingly in favor of each question, showing clearly that women are accepting their world responsibility.

Navy Recruiting Party In Clarion, Nov. 26-27

Due to the desire of the Navy Recruiting Service to eliminate excessive use of tires and gasoline, and to cut down mileage of Station Wagons, the Navy Recruiters from Fort Dodge, Iowa, have discontinued regular weekly trips to Belmond, Iowa.

Instead, effective immediately, less frequent trips will be made, and for longer periods of time, to be announced beforehand in the local newspapers. In the meantime, any person interested in enlistment in the WAVES, general service, or the new Ship Repair Unit of the Naval Reserve, is urged to address all inquiries to the Navy Recruiting Station, at Fort Dodge, Iowa, and prompt individual attention will be given in each case.

The Navy Recruiting party will be in Clarion, Iowa, for 2 days, from Nov. 26th to Nov. 27th.

Headquarters will be established at Hotel Moore, and any man or woman seeking information concerning any branch of Navy Service is urged to contact the Recruiter at that time.

Hemp Harvest Underway On 3800 Acres

Processing Will Begin First Of Year

Because of adverse weather conditions, delaying the harvest of hemp, and the shortage of help in the installation of machinery at the plant, processing of hemp at the Eagle Grove hemp plant will not start before the first of the year, according to Harold Simerson, manager.

It has been too dry for the proper retting, Simerson said, but since the recent snow and wet weather this process is going forward rapidly and will soon be ready for binding. After the binding the bundles will be put in shocks and when dry enough for stacking will be hauled to the mill and graded. The farmers will then be paid at the rate of $30 to $50 per ton depending on the grade. It is estimated that the crop from 3800 acres will make 80 stacks 300 feet in length occupying 50 acres of ground.

Simerson said that with better retting weather in Illinois, some growers have already received checks for their crop netting them a net profit of $42 to $147 per acre based on the grade of hemp delivered.

Peter Barendregt of Belmond is employed by War Hemp Industries as field supervisor in charge of operations on 700 acres of hemp in several Wright county townships. About 200 acres of the crop of the 4,000 acres were abandoned this year because of the impracticability of harvesting straw less than 32 inches in height.

CPL. SCHMIDT PLAYS SOFT BALL WITH JOE E. BROWN IN FLA.

Cpl. A. W. Schmidt of Miami, Florida, wrote his wife last week that several of the men in his department got off duty at 4:00 o'clock one afternoon to play softball with a contingent of movie stars who stopped there on a trip in which they were entertaining at various army camps, among them Joe E. Brown, Jackie Coogan and George Burns. Cpl. Schmidt said, "I never laughed so much in all my life. Joe E. Brown is even homlier off the screen and funnier, too. I couldn't imagine anyone with such a big mouth. After the game he gave us his version of a 'silent one-man ball game."

TIARA RECEIVES PRESIDENTIAL CITATION

In a letter to his sister, Mrs. Stephen Hardwick, Ensign Joseph Tiera says that a year ago he was in Africa on the Dallas and received a Presidential citation for his work. The Dallas, as was announced by the Navy some time ago, was sunk in action.

"Since then," Tiara went on to say, "I have been in four other invasions in that area and have been back in this country for only a short time." "Have been on a 30 day leave and will be attached to an aircraft carrier and no doubt will see plenty of action Just thought I would drop you a line to let you know I am back in this country and am alright."

STAFF SGT. DARYL HAKE WRITES MOTHER AFTER SERIOUS INJURIES

Mrs. Frank Hake writes friends in Belmond that she has now received a letter from her son, Staff Sgt. Daryl Hake, which he had written himself on October 23rd. Hake mentioned in his letter that this was the first time he had sat up, and was feeling fine. He told that he had three skull fractures and most of his teeth knocked loose, and he thought when released from his present location, he would be sent to a hospital in Australia for some plastic surgery. He asked that mail be sent to his old address at present. Mrs. Hake had been notified late in October by the Commanding General of the South Pacific that her son had been seriously injured Oct. 12.

SELECTED FOR ARMY AIR CORPS RESERVE

Now wearing the blue and silver wings of a future Army Aviation Cadet is Paul F. Quigley, age 17, who successfully qualified for enlistment in the reserve corps of the Army Air Forces according to an announcement from the Des Moines Aviation Cadet Examining Board.

He is the son of Mr. and Mrs. Francis Quigley of Belmond, Iowa, and is a Senior at Belmond High School.

This qualified future army airman, being only 17 years old, will not be called to active duty until becoming 18, and if in school at that time, will be permitted to complete the term providing it ends within six months after his reaching age 18.

PFC. MELVIN McMANNUS ARRIVED IN ENGLAND

TELLS ABOUT RED CROSS WORK FOR OVERSEAS SERVICE MEN

A letter dated Oct. 18 from Miss Ann Goplerud, former music teacher here, to Mr. and Mrs. Wallace Ramsay, says of her work with the American Red Cross in North Africa: "I work in our Club from 9:00 to 9:00 every day. . . We have everything here for the men—showers, tailor shop, barber shop, tours of the city, a snackbar, a music room, game room, large lobby with radio and fireplace. . . We have dances, variety shows, 'sings', bridge tournaments. concerts. The Red Cross operates a large theatre, free to all Americans and also has a service club with negro personnel for colored troops. . . Eight of us live in a villa overlooking the ocean I'm just as enthusiastic over my job as when I came eight months ago. I have charge of the music room, and play and sing hours and hours every day. I sing a great deal at hospitals and programs at army camps."

DICK MEINDERS LEAVING FOR SERVICE

Farm Bureau Re-elects Thompson President

Resolutions Adopted At Annual Meeting

Gerhard Thompson, Norway township farmer, was reelected president of the Wright county Farm Bureau for a second term in this office at the annual meeting held in Clarion Tuesday, Nov. 9. Lawrence Woodley, Iowa township farmer, was elected vice president. Other officers elected were Maurice Mechem, secretary; L. W. Collins, treasurer; Mrs. Nels J. Lindvall, woman's home project chairman; Mrs. R. K. Uhr, chairman of the girls' 4-H club committee.

Gideon Seymour, Minneapolis editor, who was the guest speaker, warned farmers that the United States must assist other great powers in maintaining order between nations if we are to have a lasting peace. "Benevolent English imperialism," stated Seymour, 'under which the United States has been receiving and paying for protection since the revolution became a thing of the past with the last war. We expected England to maintain her police protection of the world but she was not strong enough to do the job. Thus we have World War Number 2. By winning this war we have just told the world what kind of rules we will not live under. It will be up to the United States to define and assist with the rules under which we do wish to live." Seymour spoke before 150 farmers and guests at the annual Farm Bureau meeting at the IOOF Hall at Clarion, Tuesday eveniny, Nov. 9.

L. W. Collins, chairman of he resolutions committee, presented the resolutions for adoption at the meeting. A spirited discussion took place as each resolution was presented. The resolutions were adopted as follows:

.1 We, the farmers of Wright County, realizing the vital importance of food in winning the war and writing the peace, pledge ourselves to give of our time, our strength, and our ability as far as is humanly possible in producing food for our Armed Forces and our Allies. We pledge that there will be no strikes or walkouts on our part as long as this need for food exists.

2. We urge that the government take action to encourage better cooperation between nations in world trade and finance, working toward and small. We desire a peace based small. We desire a neace based on a "live and let live" policy. We favor lowering of tariffs sufficient to allow freer trade between nations.

3. We ask a price for our products that will give us a standard of living comparable with the standard of living of other groups with similar investment and an equal

Save Paper!

Clark McNeal, local Scoutmaster, announced today that the Belmond Boy Scouts will canvass the city thoroughly in the very near future for all kinds of paper.

There is a vital need for waste paper of all kinds, cartons, newspapers and magazines and wastebasket paper and the occupants of every Belmond store and home are asked to begin a stock pile of this material for collection by the scouts at a date to be announced soon.

November Is "Food Fights For Freedom" Month

Urge Cooperation Of Every Citizen

Mrs. Lynn C. Thompson of Clarion, County Nutrition chairman, made the announcement today of the plans of County Nutrition Council for the County "Food Fights for Freedom" campaign that begins this month.

Theme of the campaign, "Produce and Conserve; Share and Play Square," constitutes four "commands to action" for American homemakers. Mrs. Thompson will work with a Food Information committee in each community. The committees will attempt to bring together all the facts about the food situation and food programs in the community and present them to the public.

The chairmen of the Belmond committee are Mrs. Al Mennenga and Mrs. H. L. Gowdy.

MAYOR'S PROCLAMATION

I hereby Proclaim November as "Food Fights for Freedom" month in Belmond and request that each and every citizen of this community cooperate to the utmost in this local and national campaign.

Ed Kennedy, Mayor

The committees plan to present their information to the people by individual contact, posters and window displays. Home economics teachers plan to cooperate by putting a special emphasis on nutrition in their classwork this month.

The committtees plan also to bring Miss Frances Hettler, of the National Live Stock and Meat Board, to the county for a series of nutrition talks and demonstrations.

Present at the county meeting were representatives of Clarion, Eagle Grove, Dows and Goldfield This group included newspaper men, theatre managers, home economists, doctors, nurses, mayors, agriculture instructors and business men.

First NFLA Of Belmond Consolidated With Two Other Associations

Consolidation of the First National Farm Loan Association of Belmond with the First National Farm Loan Association of Eagle Grove and the Farmers National Farm Loan Association of Kanawha, has now been completed. The new Association has been named the Cornbelt National Farm Loan Association of Clarion, with offices at Clarion.

For a considerable length of time the Belmond Association was serviced by the R. E. Courson Agency of Belmond, then service was provided by Lavine Jones, Secretary- Treasurer at Hampton, Iowa. Now the membership will be serviced by Jay Vendelboe, Secretary Treasurer of the Cornbelt National Farm Loan Association at Clarion, office in the Crowe building.

The consolidation of the three associations makes the territory serviced by the Cornbelt NFLA, all townships in Wright County and the four south townships in Hancock county. The consolidation had been approved by the membership at special meetings this fall and also by the Board of Directors of each Association.

The new Board of Directors holding office until the next annual meeting are: Charles Troyer, Goldfield, President; Emil Bock, Belmond, Vice President; Jelske Cramer, Blairsburg; M. L. Thompson, Kanawha and Henry Goeman, Belmond.

AAA To Elect Committeemen And Delegates

Urge Farmers To Come To Meetings

Annual election for Triple-A Township Committeemen and voting delegates for the county organization will be held Friday evening November 26, at 8:00 p. m. at the following places in this vicinity: Belmond township, Center school; Grant township, Center school; Iowa township, Rowan high school; Norway township, Center school; Pleasant township, Center school.

Farmers are urged to come out and help elect the men of their choice. Besides the regular Triple-A program, the rationing of truck and tractor gasoline and farm machinery will be handled by the county office, as well as the issuance of building permits, electric wire and farm slaughter permits.

The farmers are being asked to market their hogs in an orderly manner so the government support price can be maintained. A discussion on this subject will be carried on at these meetings.

"Lend your support to these meetings, as we need the farm program now more than ever before to produce the needed crops for our war effort. Also to help maintain a program which will be very much needed to assure us fair prices for our farm products during the readjustment period after the war," is the statement of H. V. Vanderlip of the Wright County Agricultural Conservation Committee.

WHERE IS THE BUTTER?

Among the rationed foods, there probably has been more discussion about BUTTER than any other item. In many localities grocery stores can't get all they want, neither can restaurants or housewives, even if they do have the precious ration stamps required. And folks are asking Where? Why?

Tom G. Stitts, Chief of the Dairy and Poultry branch of the Food Distribution Administration gave some answers to this question in a recent address before the Minnesota Creamery Operators and Managers Association. He says:

"Butter has been following our soldiers, sailors, and marines wherever hey fight or train to fight. It has been helping the Russian army push back the Germans. Their shopping list shows how important butter has become to the over-all job of winning the war. For the 12 months ahead — October through September — our armed forces need 300 million pounds, other war services — the Veterans Administration, 2 million, and the War Shipping Administration which supplies butter for the merchant seamen of both the United States and of other nations reaching American ports, 34 million pounds.

"Our butter shipments to the Russian army for this period are planned to be 65 million pounds.

"In accordance with war strategy we must also see that the essential needs for other claimants for U. S. butter are met. Our civilians on the mainland will receive four-fifths of the supply. Civilians in American territories — Alaska, Puerto Rico, Hawaii, besides the Red Cross, which helps to feed prisoners of war — all have a claim on the butter we produce.

"It adds up to a little more than 2 billion pounds of farm and creamery butter.

"Even though the year's butter production as a whole is estimated to be about as large as that of last year, and the year before that, there has not been enough production to meet fully the ever-increasing demands. We have had to budget butter expenditures. We call it allocation. When we allocate butter we are simply adjusting requirements to the prospective supply in such a way that this supply is utilized to the best possible advantage in the war program."

DEFICIT GROWS—

Are you interested in another quick view of the condition of the federal treasury? Here is a brief one on the growth of deficits as outlined by budget estimates for the fiscal year 1943-44:

Deficit to be financed	$71,043,000,000
Excess trust spending	4,739,000,000
Total	75,782,000,000
Less gain, general bal.	1,929,000,000
Total debt increase	73,853,000,000

Here is the gross government debt and guaranteed obligations at the close of following fiscal years:

1941-42 (actual)	$76,991,000,000
1942-43 (actual)	140,796,000,000
1943-44 (estimated)	211,755,000,000

When the 1943-44 budget figures were submitted the debt limitation as fixed by congress, was 210 billions, of which only 69 and a half billions remained available for financing. This means that congress will again have to raise the debt limit so treasury operations may be financed.

WITH OTHER EDITORS—

History as written in Nazi Germany today is evidently not the handmaiden of truth but of propoganda. This is made evident by information becoming available to allied propoganda agents showin gthe distortions which are being made in the history books used in Germany for the education of the youth. When history comes into her own, in Germany, as comes into her own in Germany, as has come again, such statements as these will have to be expunged from the record:

The United States attacked Japan in December, 1941 and Pearl Harbor was Japan's retort.

The whole American Pacific fleet was destroyed at Pearl Harbor.

The battles of Midway and the Coral Sea were tremendous Japanese victories.

The Poles invaded Germany on the night of Aug. 31, 1939, to start the war.

The British and French invaded Belgium May 8, 1940, and the Germans stepped in to save Belgium and Holland.

The ancient Greeks were really Germans.—Grinnell Herald-Register.

—v—

There are many people who know what they are talking about who tell us that down south where we have so many oil wells, that there is a tremendous surplus. The oil people are now experimenting with sand as a reservoir in which to store the oil which cannot be stored in their immense storage tanks because they are already overflowing! Speaker Rayburn of Texas says his state is knee deep in oil, so why restrict its use? First they said it was to save tires. Recapping and new tires have removed that excuse. Now they say the military needs the oil. But the military cannot take the oil away from the refineries as fast as it is produced. Most filling stations have every tank filled as soon as it is emptied with more oil standing on the tracks to be unloaded. Oil comes to Iowa through pipe lines. Transportation is not a factor. So what is the answer.—Eagle Grove Eagle.

It is to be hoped this statement will not be considered unpatriotic because it is not so meant. It just strikes this writer as rather odd that the President insists on Congress giving the Philipinos immediate freedom from the United States when in the present situation it seems as if Japan has the last word down there. It is somewhat remindful of the story about the two traveling men riding together on a train when robbers came in the door of the car and ordered hands up. One man threw a roll of bills into the other's lap and said: "Here's that fifty dollars I owe you."—Northwood Anchor.

According to Secretary Morgenthau four fifths of the national income goes to people earning less than $5,000 a year. It is not possible to finance a 300 billion dollar war without digging deep into the incomes of those four fifths for taxes. All the income of the one fifth wouldn't pay for this war on the basis of present costs.—Marshalltown Times-Republican.

—v—

Never before has there been greater need for the people to support Congress than now. Never before has sound and unbiased statesmanship been more of a MUST in Congress. Never before has Congress been faced with a greater battle for the preservation of United States government by laws and not by men.—Northwood Anchor.

Here in Iowa, unless people are wide awake, another land inflation is on the way. In spite of our experience following the last war, we may yet have $500 land. Already sales of approximately $300 an acre have been reported.—Sibley Gazette-Tribune.

The Italian people are now learning what vicious people the Nazi Germans are. Italy's finest cities and historic places are being ravaged by the invaders and many of the Italians are being tortured and put to death.—Albert Lea Tribune.

Prittle... Prattle....

At least 56,000 soldier and sailor boys all over the world will have the equipment to fish during time off from battle when they get the kits recenly sent to them by the International Game Fish Association.

P—P

The kits are the result of more than $60.000 contributed by sportsmen in the IGFA campaign. Because of the shortage of shipping space the kits are small and will fit into a pocket. They contain 2 handlines, a spoon, a feather, extra hooks and sinkers, a spear-head that may be fitted on any shaft, and a dip-net for catching minnows for bait, together with instructions printed on waterproof paper, not only for catching fish in all waters but for island and shoreline living.

P—P

ARMISTICE DAY 25 YEARS LATER—"Until I Come Back"...

We're over 20,000 feet now (the coffee's frozen in the thermos) and that's the Zuyder Zee below. We must be halfway across Holland.

Funny thing what happens to a fellow. . .

Those are the same old stars and the same old moon that the girl and I were looking at last Chhristmas. And here I am—flying 300 miles an hour in a bubble of glass, with ten tons of T. N. T.

P—P

Somehow—this isn't the way I imagined it at all, the day I enlisted. Don't get me wrong—sure I was sore at the Japs and Nazis —but mostly, it was the thrill of the Great Adventure.

Well, I know now—the real reasons—why I'm up here paying my first call on Hitler.

P—P

It's only when you get away from the USA that you find out what the shootin's really about and what you're fighting for.

I learned from the Czech chap in London. The refugee, the nice old fellow who reminded me of Dad except for the maimed hands. I was dumb enough to ask about it. 'I got that,' he said, 'for writing a book the Nazis didn't like.

Then there was the captured German pilot who screamed and spit when Izzy Jacobs offered him a cizarette. . .how do fellows get that way? And that crazy Polish pilot—the fellow who rammed the Mesesrschmitt. After the funeral I learned what was eating him. Seems as how he has a sister in Warsaw who had seen sent to a German Officer's Club.

I hope to hell Hitler's home tonight. . . light and wind are perfect.

P—P

Ys sir, I've met 'em by the dozens over here—guys warped by hate—guys who have had the ambition beaten out of them—guys who look at you as if you were crazy when you tell e'm what America is like.

They say America will be a lot different after this war.

Well, maybe so.

But, as for me, I know the score—you learn fast over here. I know now there's only one decent way to live in this world—the way my folks lived and the way I want to live.

P—P

When you find a thing that works as good as that, brother, be careful with the monkey-wrench.

And there's one little spot—well, if they do as much as change the smell of the corner drug store—I will murder the guy.

I want my girl back, just as she is, and that bungalow on Maple Avenue.

I want that old roll-top desk of mine at the electric company, with a chance to move upstairs, or quit if I want to.

I want to see that old school of mine, and our church, just as they are—because I want my kids to go there.

P—P

That's my home town......Keep it for me the way I remember it, just the way I remember it, just the way I see it now—until I come back.—From a Nash-Kelvinator ad in the Saturday Eve. Post.

:-The "Crow's Nest"-:

By George C. Hansen, Prtr. 3-c

Here's something interesting and comparatively new, a story about the Pleasanton, California, grammar school pupil's musical training:

"Modern swing—it's here to stay. Of course, the old-line nep cats have been wailing that song for years. But now even the conservative ickeroos'll have to concede the fact, with the latest communique from the Jammin' Front. And the latest? Well, it seems that the Pleasanton Grammar School officials realized the advantages of a broad education for their students and decided to teach them something about a modern dance band.

"That's where the station swing band came in, they were invited down to the school to show the kiddies. And they really did! Mr. O'Keefe introduced the strings, brasses, reeds, and the percussion section. Each part played separately; then, they were all put together and the school (their Principal said so after the program) heard some of the finest music that any grade school has ever had the pleasure to hear. The youngsters were jumping all over the place with 'Pistol Packin' M.' and 'One O'clock Jump.' Time marches on."

And here is another story about the ending of the football season at this naval center:

"Pleasanton Navy Replacement Center will play no more football this season. The Bluejackets of Pleasanton have turned in their suits—fooball—according to George C. Hansen, PRTR 3C, editor of Fleet City News, the official navy publication at Pleasanton. His statement to the Sporting Green follows:

"With the appearance of several injuries to key men and the lack of reserve power it has been deemed necessary to abanuon football for the remainder of the season for the Shoemaker, Calif., Bluejacket eleven after a near-completed grid schedule against outstanding competition. Coach J. A. Bausch's Bluejckets had met such formidable foes as Del Monte and St. Mary's Pre-Flight elevens, and the tough Alameda Coast Guard eleven.

That ends the quote, but it doesn't half tell the story of how Jim Bausch's sailors held off Del Monte Pre-Flight officers on a 7-6 score for more than three quarters, nor how the Bluejackets, only an 11-man bunch at best, had put up courageous football fights comparable to those of the marines at Guadacanal. They went against tough odds, and came up smiling. Bausch, a Lieutenant turned out one of the outsanding athletic aggregations of its kind in the Nation."

Milk Producion Important

Milk is one of the nation's most important food supplies, and the dairy cow is probably doing all she can to supply the demand, but to do her best leading dairy experts agree that she must have in her ration:

1. Large amounts of high quality protein.
2. Adequate amounts of the essential minerals.
3. An ample supply of vitamins.
4. Liberal amounts of net energy feed.

BIG GAIN SPRING PASTURE 32% DAIRY CONCENTRATE is made to combine with your own selection of grains to make dairy supplements that generously supply the very things that are required to keep your cows at the peak of milk production, and with it you can tailor your supplement to the needs of the individual cow if you want to.

If you want Quality in your dairy feed and PROFIT from your dairy herd, ask your dealer for BIG GAIN SPRING PASTURE 32% LAIRY CONCENTRATE.

DESTROYER-ESCORT BUILT IN 25 DAYS

NEW WORLD'S RECORD IN SHIP CONSTRUCTION

Beats World War I Destroyer Time of 45½ Days—Bethlehem Set Both Marks

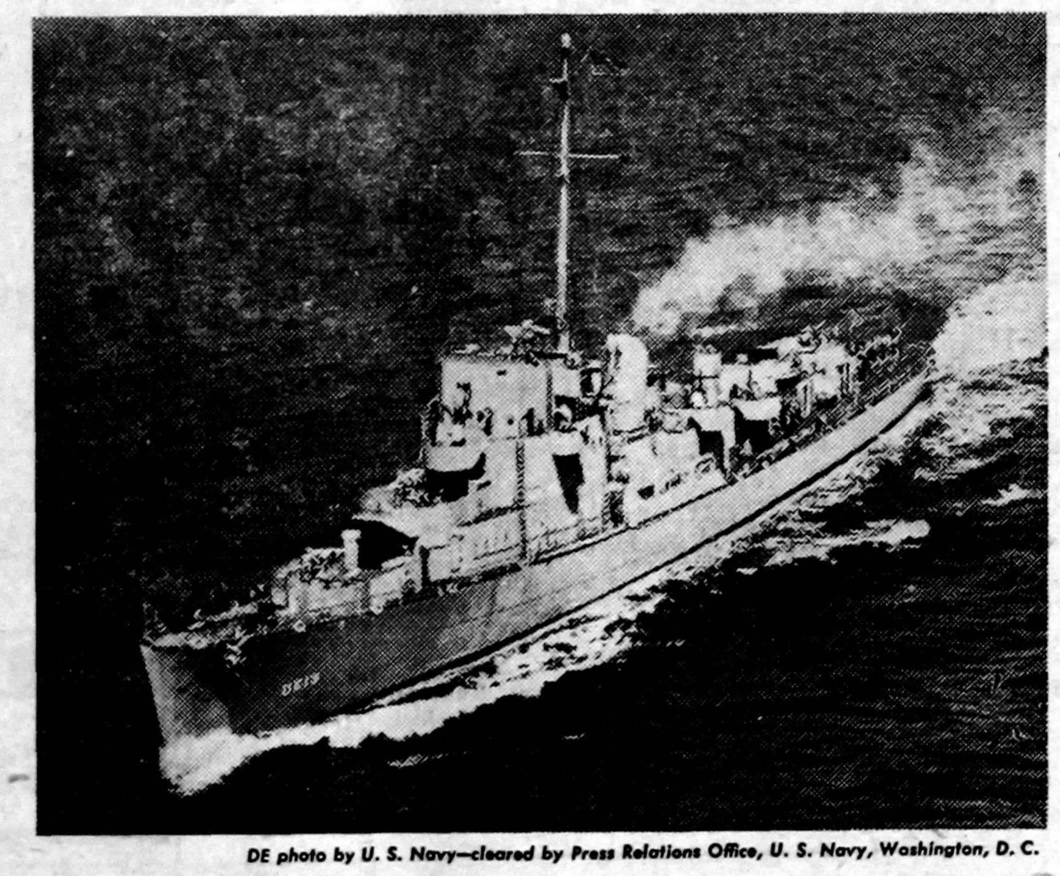
Has Large Gun-Power for Both Offensive and Defensive Service; Equipped for Surface, Depth Bomb and Anti-Aircraft Combat

Beating all prior records, the destroyer-escort *Reynolds* was completed and delivered November 3 to the U. S. Navy, by the Bethlehem-Hingham Shipyard just 25 days after keel laying.

The *Reynolds* is a hard-hitting, fighting unit with great fire-power and speed, a bigger, more powerful ship than the destroyer *Reid*, which held the previous production record of being built in 45½ days, during World War I. Bethlehem built both ships.

The *Reynolds* has terrific battle armament for surface, depth bomb, or anti-aircraft combat. Her main battery has guns mounted in three turrets which can revolve in a complete circle to follow a target, and can be fired by a trained crew with amazing accuracy and rapidity. Aft is a 40-mm. Bofors gun, each barrel capable of firing 120 rounds of 2-pound projectiles per minute. She has numerous 20-mm. Oerlikon machine guns with a potential fire-power of nearly 400 shells every 60 seconds. Also, along port and starboard rails aft of amidships are a flock of K-guns which can toss out the famous 300-pound "ash cans" which make it unhealthy for any submarine within hundreds of yards.

The *Reynolds* is, in fact, one of those powerful, swift, sea-panthers designed by the Navy to drive the Nazi subs from the Atlantic and protect American convoys. She can deliver a terrific curtain of fire effective at 2500 yards against air or surface targets. Like some of her sister ships, she is one of Uncle Sam's contributions to the British fleet.



DE photo by U. S. Navy—cleared by Press Relations Office, U. S. Navy, Washington, D. C.

Destroyer-escort designed by U. S. Navy has wide range of fire-power and fast speed. DE *Reynolds* was built by Bethlehem-Hingham Shipyard in record time of 25 days.

The first group of ships in the destroyer-escort class were built in 302 days.

The next group in this class were built in 206 days.

Now the *Reynolds* has set the mark of 25 days.

And she is but one of hundreds of warships steaming out of the shipyards of America to speed the day of Victory.

McGuire-Finn Nuptials Were Tuesday Morning

Miss Joan Marilynn McGuire daughter of Mrs. Cyril McGuire, became the bride of Lieut. James Howard Finn, son of Mr. and Mrs. James Finn on Tuesday, Nov. 16.

The ceremony was performed by the Reverend Father Ormsby with nuptial High Mass at St. Francis Church at 9:00 o'clock. The alter was adorned with red roses and white chrysanthemums.

Miss McGuire was given in marriage by her grandfather, Charles C. McGuire. Attendants were Miss Patricia Parker, cousin of the bride, and Orland Finn, brother of the groom.

The bride was attired in a water-blue wool dress with brown accessories. Her corsage was of gardenias, and she carried a pearl rosary. The bridesmaid wore a navy blue wool crepe dress with navy accessories. Her corsage was of gardenias.

Miss Lorraine Quigley sang "Ave Maria" accompanied by Miss Maye Tracy at the organ.

The wedding breakfast was served at the home of Mr. and Mrs. C. C. McGuire to the immediate families.

Lieut. and Mrs. Finn left for the Mohave desert Wednesday morning, where he will be an instructor in combat flying for six to eight months.

Out of town guests were Mrs. Clair Finn of Omaha, Nebraska, and Mrs. H. L. Leslie and daughter, Colette of Waverly.

NO BLACK MARKET
in
ELECTRICITY

Black markets spring up in the trail of shortages... THERE ARE NO BLACK MARKETS IN ELECTRICITY IN THIS AREA BECAUSE THERE ARE NO SHORTAGES.

War production calls for tremendous amounts of electric power. But every individual demand has been met... and every essential civilian need has been amply satisfied.

We are proud of the job our industry has done under experienced business management. But one word of caution: The electricity that you are using at this time depends entirely on the facilities of your hydro stations.

IN WAR, ANY WASTE IS SABOTAGE... DON'T WASTE ELECTRICITY JUST BECAUSE IT ISN'T RATIONED.

PLENTY TO USE — BUT NONE TO WASTE

Court Notes

Howard Helgevold et al vs G. L. DeLapp et al. The court ordered title quieted to certain real estate. Howard Helgevold and Frank Christensen shall have specific performance of his contract for purchase of certain real estate. Costs of this action were taxed one half to the plaintiff and one half to the defendants. To all of which the defendant, J. C. Danielson, executor of the estate of Ellen B. Hayer, deceased, excepts.

It was ordered by the court that abstracts of title, introduced as exhibits in this cause, be released to the plaintiffs; and that the deeds, lease and assignments, likewise introduced, be released to the defendant DeLapp.

In the matter of the estate of D. E. Harris, deceased and Ella Harris, plaintiff vs. Roy Allen, et al defendants. The court ordered that the Auditor of Wright County be directed to issue a warrant on the Treas. of Wright Co. for the amount of $132.76 to Robert Allen in return payment of said funds in the hands of the Treas. of Wright Co. These funds have been deposited with the Clerk of the courts in the above entitled actions and the clerk had paid them to the Treas.

R. D. Bernard, plaintiff vs. Mr and Mrs. Victor Sween. The defendants motion to dismiss is sustained and the case was dismisced at plaintiff's costs.

Securities Acceptance Corporation vs. Irvin and Joe N. Soma. Plaintiff asks judgment against each of the defendants for the sum of $90.20 plus 8 per cent interest in accordance with terms of a note and for costs.

Earl Crider of Clarion was found guilty of the charge of writing a $5.00 check with no funds in the bank and was fined $10 and costs at Clarion last Tuesday. Upon failure to pay such fine and costs, he was committed to the county jail for ten days. He also was ordered to make the amount of the check good.

Elizabeth Jane Crabtree, plaintiff vs. John C. Crabtree, et al. It was ordered that a contract and sale entered into by referee and Bernice Smith wherein Smith agreed to purchase real estate for $750.00 was approved; and a contract wherein M. L. and Anna C. Ondler agreed to pay $700.00 for certain real estate, was also confirmed.

Gustav Gunderson vs. Laurence Gunderson et al. E. R. McGrath, Eagle Grove attorney at law was appointed guardian ad litem for minor defendant, Gerald Gunderson and for Lyle and Robert S. Gunderson, who are in the U. S. armed services. The court ordered certain real estate was impracticable to divide equitably and that the premises should be sold and the proceeds divided in accordance with the shares. O. G. Uhr was appointed referee and his bond was fixed at $1000.00. W. H. Grill, E. H. Paine and G. F. Paine were appointed appraisers.

In The Bronco Corral

Well! Look at the slacks! The girls are now happy.

Say, have you heard about the Little Moron that ate Gun Powder so his hair would come out in bangs ! !

The Senior boy who holds the flood lights this week is a basket ball star. He is 5'8" tall, has brown hair and brown eyes. He is Sec. and Treas. of the B Club and, so I'm told by a reliable source, is often seen around the Surf.

This Senior girl is about 5'5" with brown eyes and hair. She seems to be pretty proud of her "green corduroys" that she wears up to her knees (almost). She likes to dance and might well be classed as a "jitterbug". (In everything).

We've all heard a lot about Uncle Sam but few of us know his wife, Anti-Aircraft. Ha! Ha! Clever, isn't it?

Have you noticed:

The brand new wings of "Dice" and Ed—that classes are dull without Fritz—and that the boys from dancing class are really doing O.K. If you haven't, wake up and take notice.

School Vocalists Appear On Various Programs

A program was given for the Home Builder's Circle by the various music groups. Mavis and Avis Pierce and Maxine Gartz sang three "Songs of American Life." Maxine also sang "Thanksgiving."

Four songs of "American Life" were sung by Jon Hogenson, Keith Greenfield and Wesley Uhlenhopp.

A baritone solo was played by Loretta Rubendahl. "Abide With Me" and 'Rock of Ages" were the selections.

Joan Lent sang "Come Ye Thankful People, Come."

Lorraine Quigley sang three selections, "Teach Me, O Lord," "My Mother Bids Me Bind My Hair," and "Roof Garden."

The Girls' Vocal Group sang "Thank God for America" and "The Green Cathedral."

Miss Jensen concluded the program with a talk on 'To Victory With Music." It was concerned with music in the army camps and air raid shelters in the United States and in England.

The Girl's Trio, Lorraine Quigley, Pat Chapman and Dorothy Lonning, sang between the acts of the Junior class play. The selections were "Victory Polka" and "My Heart Tells Me."

Lorraine Quigley sang 'American Lullaby", and 'My Mother Bids Me Bind my Hair."

The Pep Club girls and the Girls' Glee Club will present an all assemby "sing fest" Dec. 10. Included in the program will be the ever popular patriotic numbers, several old familiar rounds, and a group of popular selections and school songs.

It is hoped that this Assembly will prove interesting and entertaining to he entire student body. According to latest reports from the high school faculty, some hidden talent may find an outlet at this assembly rather than in the class rooms and study hall.

Complete Math Program Given In High School

The army is calling for men with a good mathematical background and through its enlarged cycle of Math subjects, Belmond is complying with this request.

Of the one hundred and seventeen pupils enrolled in the various math courses, the divisions are as follows:

Advanced algebra, all 16 of them boys; in algebra I, 46, of which 32 are boys and 14 girls; General Math, 27, including 15 boys and 12 girls; and in Geometry, 28, 12 boys and 16 girls.

In all classes, except Geometry, the boys hold the majority.

Geometry, General Math., and Algebra I are all one-year courses, while advanced algebra is one semester and trigonomitry is to be included in the curriculum next semester.

Audience Enjoys Comedy In Junior Class Play

"Footloose" the junior class play brought forth much laughter from its audience.

The attendance at the matinee on November 10th was the largest that the evening performance on Nov. 12, there was a small but apprecia-12th thre was a small but appreciative audience.

The story dealt with the problems of four young people whose parents went on a cruise leaving them to care for themselves.

There was much amusement created by the troubles of Bob, the youngest son played by Paul McNulty, and the love affairs of Mary, characterized by Eunice Mehl.

While the two younger children brought amusement into the play the two older children Hope and Dick brought forth serious problems to be solved. Hope who had all the problems of keeping Bob and Mary out of trouble and at the same time keep her love affair going was played by Eleanor Soma. Dick, who had the serious problem of marriage on his mind, was characterized by George Sharp.

With the direction of Miss Burken and the grand dramatizing of all the members of the play, it was truly a sensation.

Science Classes Visit City Water Plant

The general science classes have been studying this last week, The Unit of Water, under which came water power, pure water, and water pressure. While studying these things keen thinking nas been done.

The experiments that have been given have contained many points of high interest.

The general science class visited the water plant and wrote up reports on what they saw and heard. We should be proud of our water supply and it is interesting to know how our water is treated and where it comes from.

General News From Primary And Intermediate Grades

KINDERGARTEN

Since there was no school on the afternoon of Armistice Day, both the morning and afternoon classes came in the morning. They had fun finding out how many they already knew in the other class.

SECOND GRADE

Language class has been studying poems. Tuesday they made up a poem about a squirrel. They are second in the grades in the stamp and bond drive. They are also trying to get 100 per cent or the Jr. Red Cross.

In number class hey are studying subtraction factors. They are getting a bit "mixed up" when they try to find out "how much more" and "how many less."

THIRD GRADE

Third grade spelling has been developed so the children put forth a little effortt to get 100 every week for nine weeks. James Faris, Maxine Gartz, Jan Kelly, Alan Madsen, Gertrude McLaughlin and Avis Pierce have done so and received a flag. They are also bringing their extra pennies to join the Jr. Red Cross.

P. G.

FOURTH GRADE

In Science, they are studying about amphibians, mammals and reptiles.

They have finished the unit on Norway in Geography.

Those who had perfect spelling the past week are: Betty Lou Dempsey, Eleanor Dorr, Deloris Faris, Betty Clair Henderson, Adelaide Jenison, Jeanette McGuire, Rosie Negrete, Frances Palmer, O'Dan Severseike, Darlene Trager, Lynn Tyrrell, Arthur Van Gerpen.

FIFTH GRADE

Several of the fifth graders have been on the sick list this past week: Verna Dean Berns, Dixie Carstens, Clelen Redmond, Deloris Steenblock, Verdell Wagner and Dwight Whelan.

They have finished their room decorations for November, and have a scene of the first Thanksgiving on their library table.

A great deal of interest has been shown in their first science unit, and they are beginning some simple experiments this week.

SIXTH GRADE

They have a total of $101.75 in war stamps and bonds.

They have begun their work in science and are working with the story told them by the rocks. Some excellent specimens have been brought by Marilynn Madsen and Robert Burns.

The following people have been neither absent nor tardy the first nine weeks: Edward Eccles, Keith Greenfield, Darlene Hanson, Douglas Hopple, Marilynn Madsen, David Pals, and Duane Trager.

In History they have constructed a little log cabin which was used in Colonial Days.

In Literature they are studying Thomas Daly's poems that have the Italian dialect.

Contest Run With Ticket Sale

Three senior girls and two sophomores are the candidates in a Belmond high school and junior high contest to determine the Queen of Basket Ball for 1943-44. They are Kathryn Palmer, Marcia Pierce, Nelda Fulton, Muriel Soma and Loretta Rubendahl.

This contest was introduced in a general assembly last Friday and got well under way Monday.

Voting will be in connection with the sale of season tickets. Each student ticket will have the value of 100 votes and adults of 250 votes. The Pep Band under Miss Jensen, and the basket ball team, under Coach Lansing, will get 100 free votes. The money and ticket transactions will be in charge of the home room teachers.

The participants who are eligible are all high school and junior high students. Student tickets will not be sold below the seventh grade.

The price of the tickets is so arranged that everyone gets a bargain. Student tickets will be 90c plus 10c tax, and adults $1.81 plus 19c tax or $2.00. Single admission at the gate will be 25c and 40c.

Ticket sale will begin Monday, Nov. 15 and will close Nov. 30. From time to time standings on the votes will be announced.

The coronation of the Basket Ball Queen will take place at the second home game. The ceremony will be in the hands of the Pep Club and Pep Band.

The organization and its candidates are as follows: Band, Loretta Rubendahl; Taste and Baste, Marcia Pierce; Basket Ball and B Club, Muriel Soma; Student tCouncil and Hoofbeats, Kathryn Palmer; Glee Club and Pep Club, Nelda Fulton.

Come on, students, let's all back your candidate. Get out and sell the season tickets. Remember each student ticket is worth 100 votes and an adult 250 votes. Let's have a neck to neck race to see who will be our Basket Ball Queen.

Jack Campbell, president of the Student Council reports the "Jeep Drive" is progressing rapidly and that it won't take much longer until the school will be able to purchase one jeep. Let's keep up the good work, students.

Editorial Comment

Do you want your candidate to come out on top as queen? Well, then, you'd better get busy and sell as many season tickets as possible and place your votes on her.

The more adult ticket you sell the more votes you have to place because each one counts 250 votes and each student ticket counts 100 votes. Get behind your favorite and "boost" her to the top.

May we add this one caution: Amid all this furor do not forget to buy a ticket for yourself.

Seen & Heard On and Off The Grid

Another one of Belmond's fighting sons is about to join the armed forces. Yes, you guessed it. It is Carrol "Fritz" Shahan. "Fritz" went to Clarion last Monday to take his first blood test and then a week later is to go to Clarion for his physical examination.

The High School Basketball squad is rounding out into a fast breaking, never-miss-the-basket ball club. Classick and Roger Pals are fighting it out for center. Larry Jones and Bob Nelson are at each forward respectively and there is quite a mixup at the guards with Haydn Jones, Larry Dorr, Orland Finn, and others fighting it out for a place in the first few.

This is a young freshman who is getting very handy with those one handed push shots of his, you had better watch him. His name is "Homey" Hunter.

Let's all remember to be at as many basket ball games as possible this year. Belmond is going to have a high powered team.

West Playground Becomes Pond for Skaters

To offer more winter recreational facilities for the students the Belmond Board of Education has authorized the conversion of the playground west of the school house into a skating pond.

Work has already been started on the project, which is a co-operative enterprise. The dike around the pond has been constructed. This was done by Joe Pals, county road maintenance man, who threw up a bank around the pond by digging a furrow with a heavy scraper.

Flooding the pond will be a step by step process as soon as the weather is cold enough. The sand soil must be "sealed" with ice before any large amount of water can be held.

The City Council has agreed to support the enterprise by furnishing the water.

To make the pond usable for night skating, flood lights will be set up at several points.

State Teacher's Instructor In Primary Department

Miss Lou Shepherd from Iowa State Teachers College Extension Service visited in the primary department of the local school Monday, Nov. 8th.

She spent the day observing and conferring with the Belmond primary teachers, Miss Lein, Miss Lake and Mrs. Foss. They discused methods of improving the development of units of work in social studies and science.

Miss Shepherd is a prominent member of the I. S. T. C. staff and she is the author of several educational books. Her services to the public schools are provided free by the College Extension Service.

Meetings of the Student Council will now be held at 12:00 noon on Tuesdays. They have planned to remain at school that noon for hot

STAMINA...

Freight cars have it. Fighting men have it. Doing the world's toughest jobs, they have to have stamina—lots of it!

Cars must be big and strong . . . big enough to carry sixty to seventy tons; strong enough to stand the tug of the giant locomotive, like links in a chain to pull thousands of tons in the other cars of long wartime freight trains. And to stand up under this treatment, year after year, takes stamina—plenty of it!

Brute strength is built into all types of railroad equipment. Railroading is a tough business . . . stamina without stint is required to provide the rail transportation necessitated by the war.

ROCK ISLAND, because of its stamina, is now speeding its full share of the men and materials of war; and when final victory comes, a rugged ROCK ISLAND will be ready then to serve the increased transportation needs of tomorrow's greater America.

. . . as yesterday—and today—so tomorrow ROCK ISLAND'S sole purpose is to provide the finest in transportation.

Tax on male and spayed female dogs for 1944, $1.00; female, $3.00.

(Continued from page 7)

Minutes read and approved.
On motion adjourned to meet November 1, 1943.
CHAS. HEIDEN, Chairman,
F. ROSS HENRY, County Auditor.

Clarion, Iowa, November 1, 1943.
The Board of Supervisors of Wright County met in adjourned session at the courthouse in Clarion with the following members present:
Chas. Heiden, Chairman; Wm. Fisher, H. C. Pinkham, T. J. Henry, and A. W. Smith, with the County Auditor in attendance.

Petition of Lillian Wright for the establishment of a drain through a portion of the W½ of Section 26-90-26, more fully described in petition now on file in the Auditor's office, was placed before the board, and since the board desired further information before appointing an engineer, action was deferred until November 17, 1943.

Moved by Fisher, seconded by Pinkham, that upon the payment of $200.00 by Orville H. Capsalis, Wright County does hereby sell and convey all its right, title and interest in and to the West 34 feet of the North 60 feet of Lot 2, Block 5, Town of Woolstock, and the Chairman of the Board of Supervisors is hereby authorized and directed to sign quit claim deed conveying said property unto the said Orville H. Capsalis.

F. ROSS HENRY, County Auditor.

ELEPHANT TRUCK

E. E. Carr of Mt. Ayr, has purchased the semi-trailor with a 22-foot stock body used in transporting Baby Mine when she was owned by Iowa children. A tractor was included in the sale. The inscription on the trailer reads. "Iowa Children's Elephant Baby Mine and Dandy."

POTATO CROP

E. K. Martens, of Conroy, will be eating plenty of potatoes this winter. His one-fifth-acre patch yielded 85 bushels of big potatoes. This would mean an average of 425 bushels per acre. Mr. Martens has on display potatoes weighing 2½ and 2¼ pounds each, all free from scab and disease. The potatoes were grown on ground that has produced potatoes for the past five years.

RETURNED

Hamlin Weber of near Dorchester is glad that someone in Chicago was thoughtful. When returning home on a furlough to be married, Weber's suitcase was lost at the Union station in Chicago. The party who had picked up the suitcase by mistake, found a picture of Weber, his girl friend and an automobile with the license plate visible. The man called the Allamakee county courthouse to find the car's owner. Supplied with this information, he sent the bag back.

P. T.

Dale Shulz of Humboldt received a broken shoulder during physical training period in high school. He bumped into Jack Russell and as a result suffered his injury.

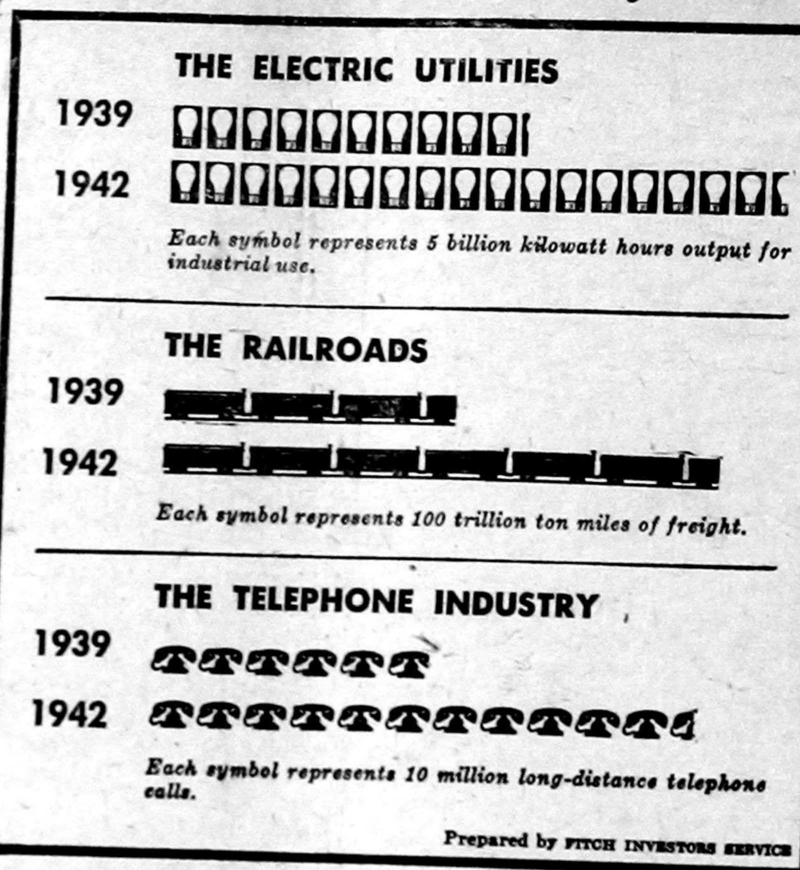
Mr .and Mrs' Englehardt Steinhardt are the parents of a 7¾ lb. daughter born Nov. 15.

Increased Demand Placed On Service Industries by War



How war's impact has added to the responsibilities of America's utility, railroad and telephone industries is shown graphically in the above chart.

The magnitude of the added volume of work placed upon the men and women of these great service industries is difficult for the layman to grasp. The chart is worthy of study.

In every instance these industries have met war's challenge while maintaining practically normal standards of service to the civilian population. The workers who have quietly carried on these enormous tasks are not eligible to receive official government awards for their truly great wartime accomplishments.

In an effort to give credit where credit is so obviously due, General Cable Corporation — the nation's leading independent supplier of electrical wires and cables, — has undertaken to publicize their records of accomplishment. An editorial from the New York Times calling attention to the patriotic contribution of these war workers, has been reproduced in a General Cable advertising release from Coast to Coast.

amount of experience and labor. We ask that this price be received in the market place whenever possible, with parity payments, incentive payments and other government payments (excepting soil conservation payments) to be utilized only where prices in the market place are too low and risks too high to achieve all-out production.

4. We are opposed to lowering of the tax on oleomargarine. Because of the increased cost of production of dairy products and the comparatively low price of such products, we favor an incentive payment to encourage increased production of dairy products.

5. We pledge our continued support in favor of the fundamental policies of the AAA, FSA, and similar governmental farm agencies to the end that these will be continued and ready for increased use in the future. We further recommend more farmer control in setting up policies and administration.

6. We favor equal opportunity of education througnout the state. We favor voluntary re-organization of small rural school districts to work toward greater efficiency and economy.

7. We are opposed to taxation of co-operatively owned utilities

8. We affirm our faith in the Co-operative movement, and in local co-operative organizations in which the control is vested in the individual members, and which are founded or sound Rochdale principles of "One member, one vote, open membership, and opportunity of earning a membership."

9. We favor reinstating the state income tax to rate it formerly was and using one-half of it to apply to a state school fund.

10. We favor a heavy re-sale tax on the sale of farm land within three years of date of purchase.

Other reports given att the annual meeting were treasurer's report by L. W. Collins, treasurer; Wright County Serum Company report by Gerhard Thompson, president; Insurance report by Frank Anderson, agent; Boys 4-H club report by Ed Kirstein, chairman. boys 4-H Club committee; women's home project report by Mrs. Nels J. Lindvall, chairman, county home project, nominating committee's report by Harry Poundstone, chairman; county home economist report by Miss Elizabeth Deihl; county extension director's report by Aaron R. Bowman; girls 4-H club report by Miss Deihl because Mrs. R. K. Uhr, chairman of the girls 4-H Club committee, could not be present.

The following township directors were approved at the meeting: Belmond township, Glen Baker; Boone township, Charlie Trask; Dayton township, Wm. Hesselton; Grant township, Ray Stevens; Iowa township, Dewey Woodin; Lincoln township, Bob Maxon; Wall Lake township, Amos Barrick. Directors in the rest of the townships will be elected as annual meetings are held in each township. These directors will then be approved by the Farm Bureau board.

Refreshments were served to the Farm Bureau members and guests by the Rebecca Lodge ladies.

VOL. 25 NO. 5 — BELMOND, WRIGHT COUNTY, IOWA, THURSDAY, NOVEMBER 25, 1943 — THE FAMILY NEWSPAPER

Christmas Seal Sale Begins November 29

Supt. Johnson Is Local Chairman

Wright County's annual sale of Christmas Seals begins Monday, Nov. 29, according to an announcement by Claude W. Sankey, county chairman.

Supplies are now in the hands of all rural and town teachers except in Eagle Grove and Clarion where the sales are spnsored by the Equality and American Legion Auxiliary respectively. The chairman for Belmond is Theodore Johnson, Superintendent of schools.

Last year total sales of Christmas Seals in Wright county amounted to $1,606.36 or 8 cents per capita. The goal this year is $1,947.73 or about 9½ cents per capita. Ninety-five cents out of every Seal Sale dollar remains in Iowa to fight tuberculosis. Five cents goes to the National Tuberculosis Association.

It is the aim of the Committee to see that every family in Wright county, capable of purchasing seals has an opportunity to do so. If you know of any families that have been missed, call your local chairman.

For the 2nd time in 18 years the Iowa tuberculosis death rate rose last year. It is too early to judge whether the increase was caused by the war and if it is to be followed by still other increases, but in any case it stands as a challenge to the people of Iowa.

Miss Ida Higgins, Eagle Grove, is Secretary of the Wright County Christmas Seal Committee. Mr. H. L. Pesch of Rowan is the Treasurer.

Belmond PTA Meets Next Monday Night

Urge Better Attendance Of Parents

Belmond P. T. A. will meet in the high school auditorium next Monday night, Nov. 29 at eight o'clock.

The concert band, under the direction of Miss Edith Jensen, will present a short program. A movie will be shown. An attempt is being made to obtain "Choosing Your Vocation," a vocational guidance film from the extension service of Iowa State College. A substitution will be made if this film is not available.

There will be a report of the committee appointed to discuss recreational projects for the young people of the community.

Mrs. O. M. Severseike is chairman of the refreshment committee.

A good attendance was recorded at the October meeting and Mrs. Harold Johnson, P. T. A. president urges that everyone who was present at that time make an effort to come again next Monday. Bring another set of parents with you—these monthly programs are prepared carefully to be of interest and value to all parents and others interested in the school.

Requests Stores to Close Thanksgiving

On behalf of the Community Club, C. C. Christie, president, requests that all stores close on Thursday, November 25, all day in observance of the Thanksgiving holiday.

Ten Prizes Offered In Gold Medal Contest

General Mills Inc. announces in an ad this week a free prize contest which involves the estimation of the weight of a 'Jumbo' sack of Gold Medal flour on display at the Independent office. Ten prizes will be given, ranging from a 50 lb. sack of Gold Medal flour to a box of Wheaties for the ten nearest correct answers on the weight of the big sack.

Anyone may enter his estimate of the sack's weight and there is nothing to buy. After looking at the sack leave your guess in the ballot boxes to be found in any of the nine Belmond grocery stores or the stores listed in Meservey or Alexander, or at this office. The contest closes Saturday, Dec. 4.

Boy Scouts To Collect Scrap Paper

2 Drives On November 27 - December 4

In connection with the national campaign to collect Scrap Paper, Boy Scout Troop No. 16 of Belmond will make two drives here to collect scrap paper of all kinds: waste basket paper, newspapers, magazines, paper cartons, etc.

The first drive will be made next Saturday, Nov. 27 on Main street. Merchants are asked to have their paper piled together where it can be picked up easily.

The second drive will be held the following Saturday, Dec. 4, in the residential district.

Proceeds from the drive will go to the Boy Scout treasury according to Clark McNeal scout master.

More Volunteers Are Needed For Blood Donations

Cooperation Urged By Red Cross

Only eight persons have volunteered to donate blood, when the Mobile Unit of the Serum-Plasma Center visits Belmond on Tuesday, **December 7, under the sponsorship** of the Belmond Red Cross, Miss Matilda Skovlin, chairman of the committee, announced today. A room at the school house has been secured where donors are asked to appear at 2:00 o'clock in the afternoon.

The State Board of Health, which is supervising this blood donor clinic, has asked for 20 donors in Belmond. The local Red Cross Chapter, therefore, urges those desiring to volunteer for this service to **get into touch with** Miss Skovlin, telephone 308, immediately in order that the Unit may secure the number of donations desired from this community.

The use of blood plasma, both in the armed forces and in civilian hospitals, has proved a valuable method of saving lives. "It is hoped that many persons will wish to cooperate in this Red Cross project," Mrs. Geo. Hansen, Chapter Chairman, said today.

Belmond Booster 4-H Club Met November 18

The Belmond Booster 4-H Club met at the Jean and Jack Baker home on Thursday evening, Nov. 1. There were 14 members, two leaders and 4 visitors present at the meeting.

The following officers were elected for the coming year: President, Janet Lerdal; vice president, Jack Campbell; secretary, Marion Tyrrell; treasurer, George Hinman; reporter, Doris Christie; leader, W. P. Tyrrell; assistant leader, Lloyd Lerdal.

All members pledged themselves to join the 4-H Victory Army for the coming year.

Sixteen baby beeves were purchased at the Eagle Grove calf sale for projects in the club. More local calves will be fed also. There will be a number of market pigs, dairy calves, and pure bred pig projects.

Anyone wanting to join the club contact one of the officers above.

Women's 1943-44 Progr'm Approved By Farm Bureau

Involves Problems Of Material Shortages

The women's 1943-44 home project program for Wright County "Family Living In War Times" was approved this month by the county Farm Bureau board of directors.

The problems on which the program was based were shortage of some materials, supplies, equipment, etc.; need for inflation control; need for recreation; food production problems and certain food shortages; shortage of doctors and nurses; school problems. It was decided that three phases will be presented at training meetings between November and March. These meetings include "Care and Repair of Family Wardrobe"; "Work Clothes for the Job" and "Care and Repair of Equipment." There will be two open meetings in the county on "Reconditioning Sewing Machines," and "Remodeling Clinics." Material on money management, recreation, inflation control, poultry, school problems, library and health will be presented at family meetings since they pertain to the family as a whole. The music program for this year is "Around the World With Music".

The new county committee for the coming year consists of Mrs. Nels Lindvall, county chairman; Mrs. W. G. Knox, publicity chairman; Mrs. Maurice Mechem, health chairman; Mrs. J. E. Kirstein, library chairman; Mrs. C. C. Woodin, school chairman; Mrs. Craig Nelson, music chairman and Mrs. Fred Kirstein, secretary. Townships that have organized and elected their chairmen in this vicinity are: Norway, Mrs. Willis Kurtz; Belmond, Mrs. Herschel Johnson; Iowa, Mrs. Lawrence Woodley; Grant, Mrs. Sam Craigmile; Pleasant, Miss Cole Jenison.

BROTHER OF FRED MADSEN HOME AFTER WARFARE AGAINST SUBS

K. A. Madsen, A. M. M. 2|c, visited his sister, Mrs. H. Hampel in Latimer, Sunday, Nov. 14. The Fred Madsen family were among those present at the Hampel home at a family reunion in his honor.

Seaman Madsen, a brother of Fred Madsen, Belmond, was on the U. S. S. Card, escort carrier which was one of the ships in a task force which "destroyed more submarines than any team in Naval History" in a recent naval engagement which made the headlines in daily papers on Nov. 11. The Card received the presidential unit citation for this engagement.

Many people in Belmond will remember Madsen as the leader of a band by the name of "Kay Kurly" which has played here several times.

STAFF SGT. CUNNINGHAM BACK IN STATES

Mrs. George Greenfield received a letter this week from her son, Staff Sgt. William Cunningham, that he is in the Navy hospital at Long Beach, California. "Bill" has been somewhere in the southwest Pacific as a Marine band leader. This is the first word that has been received from him since he returned to the states.

SERVICE MEN VISIT HERE

Lloyd Wagoner, Machinist Mate 2|c, was married to Leone Mitchell of Clear Lake, South Dakota, at Chicago on Oct. 14. After his graduation recently from a sixteen week's course at the Naval Air Technical Training Center at Chicago, he and his wife came to Belmond for a visit with his parents, Mr. and Mrs. J. S. Wagoner and among other relatives and friends. Leaving Belmond, they were going to Seattle, Wash., where Seaman Wagoner would be on duty as a specialist in airplane propellors.

Lt. Don Benson left Wednesday night for Fort Custer, Mich., after spending a leave here with his parents, Mr. and Mrs. C. C. Benson.

Sgt. Paul Dorr arrived Monday on a 15 day furlough from maneuvers in Arizona. He is visiting his parents, Mr. and Mrs. Albert Dorr.

REPORTS FOR DUTY

Mrs. W. H. White received word that her grandson, Robert Kendall, of Kenmore, N. Y. was to report for duty with the Army Air Corps Nov. 16.

MOVED TO N. Y.

Private Melvin Johnson, who has been stationed at Fort Sam Houston, Texas, has recently been moved to New York.

SELECTED FOR ARMY AIR CORPS RESERVE

Now wearing the blue and silver wings of a future Army Aviation Cadet is Donald O. Nelson, age 17, who successfully qualified for enlistment in the reserve corps of the Army Air forces.

He is the son of Mr. and Mrs. Otis B. Nelson of Belmond, Iowa, and is a Senior at Belmond High School.

This qualified future army airman, being only 17 years old, will not be called to active duty until becoming 18, and if in school at that time, will be permitted to complete the term providing it ends within six months after his reaching age 18.

A letter, dated Oct. 28, has been received from Pfc. Wallace Cramer in which he states that he has been transferrd from North Africa to Italy. "Soupy" says that the Italians are friendly, but appear half-starved and that they will eat anything that is given them by the American soldiers.

GOODELL

Mr. and Mrs. Everet Sellers received word that their son Burdette who is in the army at Shepherd Field, Wichita Falls, Texas, had submitted to two operations on his knee at the hospital there. His knee was injured in a truck accident a year ago.

Mr. and Mrs. Everett Sellers received word concerning their son, 2nd Lt. Virgil E. Sellers, who is a co-pilot with the 10th Army Air Force. He was one of 100 officers and enlisted men in India awarded medals for extraordinary achievement on combat or operational missions over enemy territory in China, Indo China and Burma.

KANAWHA

Stanley Jackson, who has completed his Boot Training at Farragut, Idaho, is spending his furlough with his parents, Mr. and Mrs. Louis Jackson and Kanawha friends. His brother, Alvin Jackson, who is with the armed forces in a camp in California, is also home on furlough.

REV. BECK SPEAKS AT CLARION AND KLEMME

Rev. Foster M. Beck filled two out of town speaking engagements this week. Monday evening he spoke at the Klemme-Liberty Methodist Brotherhood meeting in Klemme Methodist church using as his subject "Between Tears and Laughter," the title of Lin Yutang's latest book. Tuesday morning he spoke at the Wright County Ministerial Association meeting at the Congregational church in Clarion, dealing with some aspects of the present situation in the Far East.

57 Feeder Calves Sold At 4-H Club Auction

Club Members Have Over 100 Head On Feed

Fifty-seven feeder calves were purchased by 4-H club members at a 4-H members feeder calf auction held at the Schwenck Sale barn at Eagle Grove Wednesday evening, Nov. 17. The auction was sponsored jointly by the Eagle Grove District Fair, the County Extension Service and the Vocational Agricultural departments of the County as a means of distributing feeder calves to 4-H club members. R. K. Uhr donated his services as auctioneer and the Schwenck sale barn donated the use of their barns for the auction to aid the 4-H club program. Clarence Emerson, prominent cattle feeder and director of the Eagle Grove District Fair, purchased the cattle in the sand hills of Nebraska.

Thirty-five Herefords, averaging around 600 pounds, and twenty-two Angus, averaging around 460 pounds, were purchased by Mr. Emerson. The calves sold at the auction at an average price of $12.70 per hundred. The average price of the calves purchased, Including transportation, feed and vaccination, amounted to $12.35. A refund of 35c per hundred was made on the calves purchased by the club members.

Donavan McClure of Belmond and Kenneth Larry of Eagle Grove purchased the two top calves sold at the auction. These were Angus calves, one weighing 496 pounds, and the other 462 pounds and each sold for $15.50 per hundred.

Forty-eight calves in addition to the fifty-seven purchased at the auction will be fed by the club members with the intention of showing in the baby beef divisions of the Eagle Grove District fair.

Local 4-H club members who purchased calves at the auction are: Jack Baker, Belmond, 4; Donavan McClure, Belmond, 3; Bill Eliason, Kanawha, 3; Kenneth Lerdal, Belmond, 4; Robert McClure, Belmond, 3, Roy McClure, Belmnd, 1.

4-H members in this vicinity who are feeding calves which they purchased themselves or are using calves raised by themselves that are on record at the Extension office at the present time are: Clarence Arndorfer, Galt, 2; Bobby Tysdal, Galt, 1; Joyce Joan McClure, Belmond, 1; Lyle Sorenson, Belmond, 1; Don Cramer Rowan, 2; H. Winfred Boyington, Galt, 2; Paul Dean Burt, Rowan, 2; Don Burt, Rowan, 2; Jack Burt, Rowan, 2; Merle Harris, Alexander 1; Morris Norem Alexander, 2; Bernard Norem, Alexander 2; Stanley Aldinger, Rowan, 2.

ISSUE NEW GAS COUPON VALUES DECEMBER 1

After December 1st gasoline coupons will be issued in value of 5 gallons each for the B and C ration instead of the present 2 **gallon coupons** according to C. C. Benson Chairman of the local Rationing Board. The coupons will be called the B2 and C2 coupons.

However this new coupon does not affect the mileage ration issued to car owners as it will merely change the number of coupons issued for the same number of miles of necessary driving in each three month period.

Citizens With Foreign Holdings Must Report To Treasury Department

Citizens of Belmond and vicinity who own any property in foreign countries are notified by their Postmasters today that they must file reports of their foreign holdings with the Treasury Department before December 1. The notice was given by means of a poster placed on display in the post offices.

It is necessary for the government to have as complete information as possible on the American stake abroad to assist the military authorities and the civilian governments on the fighting fronts and to bring about sound solutions of the post-war problems.

Report forms, known as TFR-500, may be obtained through commercial banks, or from the nearest Federal Reserve Bank, the postmaster states. Penalties are provided for those who wilfully fail to file reports.

October Liquor Sales Show Increase Over Month of September

Sales totaling $1,739,357.44 in the state liquor stores for the month of October represent an increase over the previous month's total of $1,509,809.68.

Sales in the Wright county stores for October were as follows: Eagle Grove, $7,122.28; Clarion, $5,763.28; Belmond, $4,215.50; Dows, $2,993.94.

Army Doctor Needs Fifty Gas Lanterns

Sends Urgent Request To Former Classmate

Dr. and Mrs. Robert Hansen received a letter from Dr. A. L. Murphy, a Captain in the Medical Corps of the Army now on duty in the Southwest Pacific, in which he urgently requested a supply of gasoline lanterns. His letter indicates that he is much in need of at least 50.

Two lanterns have already been contributed by Mrs. Ollie Packard, and any readers who are interested in either contributing or selling lanterns, should call Dr. Hansen at the Belmond Hospital. Cato C. Griesy, Inc., will service the lanterns and see that they are in good shape before shipment is made.

Captain Murphy was a classmate of both Dr. Hansen and Dr. S. P. Leinbach, now with the U. S. Navy, at the University of Iowa.

Organize Girls 4-H Club, Norway Township

A new girls' 4-H club under he leadership of Mrs. Melvin Olson has been organized in Norway twp. The girls have chosen Norway Jolly Joy Makers for their name. This was the name of the old club and will be used for the present.

The organization meeting was held Saturday afternoon, Nov. 20. Six girls, and three mothers were present. Mrs. R. K. Uhr, county committee chairman; the county officers and Miss Elizabeth Deihl, county home economist, presented the 4-H club program to the girls. The next meeting will be a Christmas party at the home of Joe Larson. Each member will bring a guest. A Christmas grab bag has also been planned.

"Thanks For America"

**Thanks for the land of America,
For reasons a little child knows,
Its Springtimes, its warm summer sunshine,
The peace of its white winter snows.**

**Thanks for the wealth of America,
Its forests and prairies and hills,
For the challenge to build and to conquer,
For its farms and its mines and its mills.**

**Thanks for the spirit of America,
That shines far out over the sea,
A proof to the world and to all nations
That a land can grow great and be free.**

**Thanks for the strength of America,
A giant that has slumbered so long,
And now stirs in its might and its vigor,
A nation awakened and strong.**

**Thanks for the love of America,
Love of family, of home and of land.
While we cherish and guard and defend these
The AMERICAN DREAM shall yet stand.**

COURTESY SHOULD IMPROVE—

"I'm making plenty of dough and I won't take nothing from nobody."

That expression is too frequently heard nowadays, men and women whose pockets are jingling with money feel a new independence, a new superiority.

There are still a good many things which money cannot buy, friendship, courteous service, careful consideration. You get those things not because your pockets are full of dough but because you yourself are friendly, courteous and considerate.

Occasionally one finds a business house which is not too courteous to its customers, whose clerks -- somewhat harassed by shortages and incomplete stocks--are apt to be abrupt and out of patience with people who are trying to solve difficulties in a difficult time.

Business of any kind today is exceedingly difficult. Almost all of us get out of patience. We should try, however, to remember that some day the condition is going to change, competition is going to step back into the picture, and that customers are going to be valued assets.

The quality of service, due to war conditions, may have declined but there is no reason why the quality of courtesy should not have improved.

:-The "Crow's Nest"-:

By George C. Hansen, Prtr. 3-c

Last week I received a letter from Carl Wenzel, the former dispensary King from the fair community of Belmond. Carl is a very busy man down at Del Mar, California building B-24's or Liberators. He informs me that they are running 10 to 12 of the big four-motored jobs off the assembly line every 24 hours at a cost of $250,000 per.

—CN—

Carl claims that his grandson will be a hunter and fisherman (son of Nick and Joyce.)

—CN—

In his letter, Carl asked me to get Roy and Claude ready to head for Morse Lake in the morning. Same old Wenzel story, "They will be flying in the morning.'

—CN—

"Yes, Carl, I wish we could have one of those hunting parties. Let's make it a date in November, 1945. Of course, times will have changed, and we will be using 20mm's."

—CN—

By the way, Carl's address is Box 575, Del Mar, California. I know he would appreciate a letter from you old masters in Belmond What is this that Carl tells about two old-time nimrods and anglers that are having a little difficulty?

—CN—

"Carl, I was glad to get your letter, in fact I was a little surprised that you 'knew anyone that could write.' I hope I can get down and see you."

—CN—

As soon as I heard that "Bud" Dorr was here, I immediately got busy and was lucky enough to find him. He came over to the office and we had a very nice visit.

Here's a letter to a soldier from his folks down in Arkansas as clipped from one of our exchanges. Hope you enjoy it as much as we did—

Dear Son,

Your paw has a good job now, the first he has had in forty-eight years. We air a grate deal better off now than we wer. Yer paw gets $14.95 ever Thursday, so we thought we would da a little fixin' up around the house.

P—P

We sent to Monkey Ward for one of them new fangled things they call bathrooms you hear tell about in some homes. It is put in shape by a man called a plumer. On one side of the room is a long white thing like the pigs drink out of only you get in that and wash all over. On the other side is a little white thing they call a zink. This is for light washing such as yer face and hands.

P—P

But over in the corner, now I'll tell you, we have really got something thar. This little contraption you put one foot in and wash it clean and then pull a little chain and you get fresh water for the other foot.

P—P

Two lids come with the dern thing and we ain't had any use for them in the bathroom, so I am using one for a breadboard and the other one had a round hole in it and we took it and framed grandpappy's picture with it. They are awful nice folks to deal with and sent us free a big roll of writing paper with it.

Well take good keer of yourself. Yer Maw.

Sound Feeding

Modern feeding demands that livestock must be supplied with adequate amounts of high quality proteins and minerals for building blood, muscle, or the lean part of the meat, and bone; vitamins for health and the proper assimilation of food and minerals, and grain for fat and energy.

Big Gain Mineral Stock Food has long been a favorite with many feeders because it has given them the most in general livestock health, rapid gains, and profits.

It liberally supplies those things that are not in farm grains. It is of the highest quality throughout.

Ask your dealer for Big Gain Mineral Stock Food and let it help you increase your livestock profits.

Johnson-Meyer Marriage Is Announced

Mr. and Mrs. L. H. Johnson of Belmond, announce the marriage of their daughter, Loraine Jeanette, to Private Clarence William Meyer of Grayland, Washington, eldest son of Fred Meyer of Latimer, at 2 P. M. Monday, November 22, at the Belmond Methodist church, Rev. H. W. Faris officiating at the double ring ceremony.

Rev. Faris sang a solo 'Because", Mrs. Faris accompanying. To the srains of Lohengrin's Wedding March, the bridal party entered the sanctuary.

Miss Johnson was given in marriage by her father, L. H. Johnson. Attendants were Miss Elaine Johnson, twin sister of the bride and Lawrence Meyer, brother of the groom.

The bride wore a powder blue marquisette floor length dress with lace inserts. Her accessories were a pearl necklace which was worn by her aunt, Mrs. Earl Haupt, at her wedding, and a gold sweetheart bracelet, gift of the groom. She carried a corsage of pink chrysanthemums tied with a white bow. The bridesmaid wore a pink silk marquisette floor length dress with lace inserts. Her accessories were a string of pearls and a gold bracelet, a shoulder corsage of white chrysanthemums.

The groom wore his army uniform, his attendant wore a conventional brown suit with a white chrysanthemum on the lapel.

The bride is a graduate of Belmond High School with the class of 1935. Since them she has been with her parents. The groom attended Parochial school at Latimer. He was on a farm with his father until he entered the army in the fall of 1941.

A reception was held at the home of the bride's parents, immediately following the ceremony.

Out of towns guests were Fred Meyer, Lydia and Lawrence Meyer of Latimer, Mr. and Mrs. Rudolph Meyer and family of Hampton, Mr and Mrs. Russell Oleson and sons of Dows, Mr. and Mrs. John Freerks Jr. of Alexander, Mr. and Mrs. Harry Trumbell and children of Goodell, Mr. and Mrs. L. H. Johnson and Elaine, Mrs. Ernest Haupt, Mr. and Mrs. Virgil Johnson and daughter, Martin Thoe, Mr. and Mrs. Earl Haupt and son, Miss Esther Gealow, Rev. and Mrs. H. W. Faris, all of Belmond.

The bridal couple left for a short wedding trip to Des Moines.

Billye Colleen Seals Weds Merle E. Johnson At Alexander Friday

Billye Colleen Seals, daughter of Mr. and Mrs. Harvey Seals and Merle E. Johnson, son of Mr. and Mrs. A. J. Johnson of Hampton, were married at 2 p. m. Friday, Nov. 19, at the United Church in Alexander. The church was beautified by baskets of pompom chrysanthemums, and lighted candles stood on the altar.

The bride, on the arm of her father, came down the white-carpeted aisle to the Wedding March from "Lohengrin" by Wagner, played by Kenneth Blakely. Rosalie Hemmes of Mason Ciy cang "Oh Promise Me". The single ring ceremony was performed by Rev. George Shells.

The bride was dressed in a gown of white satin and lace with a torso-length bodice and a long train edged with lace. Her finger-tip veil fell from a beaded tiara made to match her gown; and, her only jewelry was a cross which was a wedding gift from the groom. She carried a bouquet of pink snapdragons and white roses tied with white imported chiffon. Miss Arlene Edwards of Des Moines, maid of honor, wore a pink taffeta gown with a matching bridesmaid's veil. She carried a bouquet of pompoms with streamers of pink ribbons. Irene Stoffer, wearing a green marquisette gown and Wanda Hintzen of Mason City, wearing a blue taffeta gown, were bridesmaids. Each wore a matching bridesmaid's veil, and carried a bouquet of white, blue and pink pompoms with streamers to match

their gowns.

Karen Temple, daughter of Mr. and Mrs. Meredith Temple of Mason City, was flower girl and carried a basket of flower petals which she scattered along the aisle. She wore a light blue floor length dress with a pink veil. The ring bearer, Wayne Dreyer, son of Mr. and Mrs. Clarence Dreyer of Latimer, carried a white pillow on which rested a rose containing the ring.

The goom was attended by T. Louis Wolfe of Hampton, best man, and Donald Bleich of Vandalia, Ohio, and Jack Peyton, of Latimer. Lillian Bohlen and Helen Rutenholf of Hampton were usherettes. The former wore a floor length white jersey gown and the latter a yellow marquisette gown. Both wore corsages of yellow and white pompoms.

Following the wedding a reception was held at the groom's home in Hampton. The table for the bridal party had a centerpiece of a 3-tier wedding cake decorated with a miniature bride and groom. Marilyn Towhr and Jean Whitney assited in serving. The bride and groom left Monday morning for their home in St. Paul, Minn., where Mr. Johnson is employed as an aeronical instrument mechanic.

Mrs. Johnson, who was born in Albine, Oklahoma, graduated from Alexander High School in 1943. She entered Hamilton School of Comemrce in Mason City immediately, taking a junior-secretary course. She was a soprano in the Hamilton Choir, was a member of the Y. W. C. A. and worked in Merkel's Department Store in Mason City until two weeks ago. Mr. Johnson graduated from the Hampton high school in 1941. He attended the University of Iowa for one year, and for one semester the Drake University, taking a pre-medical course. He then entered the Stein Welding School in Hampton and graduated in April, 1943. Since then he has been employed in Northwest Airlines in St. Paul.

Editorial Comment

Thanksgiving Day is a day set apart annually for the giving of thanks to God for the blessings of the year.

We, as Americans, have more to be thankul for than any other people in the world. To be an American is a blessing in itself; freedom of speech, freedom of the press, freedom of religion, our public school system—all are blessings for which we should be thankful. Each one of us could make quite a list of our individual blessings; it will be surprising how many we have.

P. S.—Don't overeat; it 'ain't' patriotic.

In The Bronco Corral

An addition has been made to the Air Corps Reserve Course of B. H. S. Now Paul Quigley and Don "Ode" Nelson are sporting their blue and silver wings. "Hook's" trip to Des Moines proved quite successful, he's now in the Enlisted Reserve Corps.

Isn't it odd that whenever a handsome man (in uniform) hits town all the women know about it immediately?

Have you noticed how nice "Hooks" keeps his hair combed. Wonder why! !

The Senior boy this week is 5'3" tall with "sandy" colored hair and blue eyes. He is frequently seen at Uhlenhopps. Sure—that's him. He is Student Council Representative of home Room 36.

This senior "gal" is about 5'7", has brown, natural curly hair, and green eyes. She is seen with "Shery" and "Neuron." When through school she is going to join the U. S. Cadet Nursing Corps.

Have you heard about the little Moron that took some hay to bed to feed to his night mare.

Keep buyin' Bonds and Stamps! !

Two More Games Added To Basketball Schedule

Two additional games have been added to the Broncos' basketball card, to make this year's schedule the most attractive a Belmond team has played in many years.

Stepping out of the North Iowa league Belmond has arranged a game with Eagle Grove here the night of Dec. 7 and a game with Nevada there the night of Jan 5. Both these contests have been arranged under a two-year contract.

The trip to Nevada is considered by the players as the high spot of the season and will include a tour of the campus of Iowa State College at Ames. H. C. Englebrecht, well remembered as a former science teacher and high school principal at Belmond, is now superintendent of schools at Nevada.

Following the Klemme game last night the Broncos had a full ten days before their opening conference tilt against Northwood, the game to be played there Friday Dec. 3.

Hoofbeats Not To Appear In Next Week's Paper

Because of the time missed from school during the Thanksgiving recess, the Hoofbeats staff will be unable to get ready their regular school section next week.

Their next Hoofbeats will appear in the Dec. 9 issue of the Independent.

Increase In Number Being Served Hot Lunch

As the weather becomes colder, the number of pupils taking hot lunches at the school increases. Over 180 boys and girls participate in the lunch program last week as compared to an average of 150 the first week the project operated.

A complete balanced lunch is served every noon and the menus this year have been very popular with the pupils. Miss Gantenbein, home economics instructor, consults with Mrs. Ross Farmer, head cook, in planning these menus. A great deal of variety has been shown in the lunches served this year.

The following menu for the week of October 8, is typical of the meals served in any given week.

Monday: Scalloped potatoes, bacon gravy, lettuce with French dressing, a dark bread sandwich, fresh apple, and milk.

Tuesday: Mixed vegetable soup, meat sandwich on white bread, custard, and milk.

Wednesday: Mashed potatoes, creamed chicken, cranberry salad, white buttered bread, and milk.

Thursday: Meat loaf, sole slaw, dark bread sandwich, stewed prunes and milk.

Friday: Potato salad, white buttered bread, buttered beets, cookie and milk.

Home Ec Girls Practice Reading To Children

"Once there was a little black boy, and his name was little Black Sambo.

"His mother was called Black Mumbo.

"His father was called Black Jumbo." . . . Say, what is this? Oh, it is just Miss Gantenbein's senior home economics class in the milst of their story telling unit. The title of this unit is "Child Development."

The senior girls have been and will be telling or reading stories to Kindergarten, first, second, and third grades.

The following senior girls have read to the different grades: Kathryn Palmer and Esther Nelson, to the first grade; Abbie Bonte, Lorraine Ellis and Donna Waddington to Kindergarten; Cleo Trees and Betty Uhlenhopp to the second grade; Marie Eckoff, Marcia Pierce and Bonnie Michelson to the third grade. All of these senior girls found this to be very interesting.

The next unit will be "Making of Children's Toys in the Laboratory Workshop." This unit will be started the week after Thanksgiving.

The two divisions of freshmen girls just completed the unit on pie, namely, chocolate and custard They made very nice crusts.

The freshmen girls are now studying on the unit of the different cuts of pork, beef, veal, and lamb in the classroom. In their laboratory they have started their first lesson on cake. This unit is hoped to be finished by Thanksgiving.

Band Plays at Next Parent-Teachers Meeting

Preparation is being made by the concert band for a concert to be given at the November P. T. A. meeting.

Pep band has been organized and the following people are its personnel: George Sharp, Imogene Fjetland, Marlys Parker, Jean Fetrow, Bill Coulson, Abbie Bonte, Wanda Jenison, Loretta Rubendahl, Marjorie Helland, Mildred Helland, Paul Quigley, Peggy Greenlander, Nelda Fulton, Betty Uhlenhopp, Pat Chapman, Grace Landon, Shirley Coulson and Ray Henderson.

At a later date, tryouts will be held to determine which ones from Junior High will become members.

The Pep Band repertoire includes marches, novelty numbers, patriotic numbers; also popular pieces such as Darktown Strutter's Ball, Alexander's Ragtime Band, Beer Barrel Polka and none other than the all-famous Pistol Packin' Mama. Their first appearance will be Nov. 23 when Belmond meets Klemme on the home floor.

State Teachers Extension Man Demonstrates in 6th

Mr. Fren Cran of Iowa State Teachers College Extension Division conducted a demonstration center in dictionary usage and vocabulary building in the sixth grade Tuesday morning

This demonstration was one of several in the county being sponsored by C. W. Sankey, county superintendent. It was attended by five teachers of rural schools from nearby territory.

In his demonstration Mr. Cran used the entire class, asking questions and testing skills in use of the dictionary. The five uses of the dictionary which were stressed were meaning of words, pronunciation, spelling, parts of speech and plurals.

Mr. Cran spoke well of the class after the demonstration and stated that several questions were answered by some members which he did not expect sixth grade children to be able to answer.

Music Dept. To Present 2 Christmas Programs

A Christmas program, presented by the Junior High and High school students, will be given on Sunday, December 12. The program includes two instrumental groups playing familiar Christmas carols, Junior High girls singing carols, and a Christmas cantata, "Chimes of the Holy Night," by Fred Holton, will be presented by the High School girls. The soloists for the cantata have not yet been announced.

The annual Christmas program to be given by the grade children, is in the form of an operetta to be given December 16. The name of the operetta is "Scrooge's Christmas" by Grant-Schaefer, a dramatization of the famous Dickens' Christmas carol. About forty primary children will open the program with 2 or 3 rhythm band numbers and the Kindergarten children will perform between the two acts of the operetta.

The names of the characters will be announced in a later edition of Hoofbeats.

SEVENTH GRADE

The French and Indian War is now being taken up in History.

Forest lands of the world is the main spotlight in geography.

In literature they wrote a letter to the seventh grade at Delray Beach, Florida, to see if they would like to correspond. This town is almost the same size as Belmond. They replied they would. Forty-three individual letters were then sent to Florida.

TAX SALE NOTICE

STATE OF IOWA, WRIGHT COUNTY, SS.

Notice is hereby given to all whom it may concern:

That I will on Monday, the 6th day of December, A. D. 1943, at 10:00 o'clock a. m. offer for sale the lands and town lots hereafter described for taxes, interest and costs that may be due on the same for 1942 and previous years, on the date above mentioned, in compliance with the provisions of the existing laws of the state of Iowa.

Said sale will be held at my office in the court house in said county and be continued from day to day until all is offered.

Given under my hand at Clarion, Wright county, Iowa, the 10th day of November, A. D., 1943.

H. E. SULLIVAN, County Treasurer.

Note: Asterisk (*) before a description indicates that more than one year's taxes are delinquent.

LEGAL NOTICE

OFFICIAL NOTICE

BEFORE THE IOWA STATE COMMERCE COMMISSION TO THE CITIZENS OF WRIGHT COUNTY:

Notice is hereby given that a petition for a franchise to erect, use and maintain poles, wires, guy wires, towers, cables, conduits and other fixtures and appliances for the purpose of conducting electricity for lighting, power and heating purposes has been filed by the Hancock County Rural Electric Cooperative, Garner, Iowa, in the office of the Iowa State Commerce Commission; that said petition asks the right to construct, operate and maintain said electric transmission line over, along and across the following described public lands, highways, streams and private lands.

(7200 volts, single phase, wye connected, neutral multi-grounded)

Beginning at the northeast corner of Section Three (3), Township Ninety-Three (93) North, Range Twenty-three (23) West of the 5th P. M., Wright County, Iowa, thence south on the highway on the east line of said Section Three (3), one-half (½) mile.

The Iowa State Commerce Commission fixed the fourteenth (14th) day of December, 1943, ten (10) o'clock A. M., in its office at Des Moines, Iowa, as time and place for hearing said petition.

Any objections to the granting of such franchise must be in writing and filed in triplicate with this Commission at least five (5) days before date of hearing. The Iowa State Commerce Commission suggests that the objector be represented at the hearing by someone who has full authority to act for it.

IOWA STATE COMMERCE COMMISSION
Carl W. Reed, Chairman
B. M. Richardson, Commissioner
David B. Long, Commissioner
ATTEST: Geo. L. McCaughan, Secretary.

Chas. Heiden, Chairman; Wm. Fisher, H. C. Pinkham, and T. J. Henry, with the County Auditor in attendance. Absent: A. W. Smith.

Moved by Fisher, seconded by Pinkham, that the penalty and interest on the personal tax of M. J. Wehrheim for the years 1935 to 1942, inclusive, in the amount of $23.43, be abated. Motion carried.

Moved by Fisher, seconded by Pinkham, that $20,000.00 be transferred from the Construction or Maintenance Fund to the Maintenance Fund, and that $10,000.00 be transferred from the Construction Fund to the Maintenance Fund. Motion carried.

Moved by Pinkham, seconded by T. J. Henry, that allowance for care of Donna Jean Johnson be raised to $12.00 per month, effective September 1, 1943, for the school year. Motion carried.

Minutes read and approved.

On motion adjourned to meet Dec. 6, 1943.

CHAS. HEIDEN
Chairman.
F. ROSS HENRY,
County Auditor.

OFFICIAL NOTICE

BEFORE THE IOWA STATE COMMERCE COMMISSION TO THE CITIZENS OF WRIGHT COUNTY:

Notice is hereby given that a petition for a franchise to erect, use and maintain poles, wires, guy wires, towers, cables, conduits and other fixtures and appliances for the purpose of conducting electricity for lighting, power and heating purposes has been filed by the Central States Electric Company, Cedar Rapids, Iowa, in the office of the Iowa State Commerce Commission; that said petition asks the right to construct, operate and maintain said electric transmission line over, along and across the following described public lands, highways, streams and private lands.

(6600 volts)

Beginning at the southwest corner of the northwest quarter (NW¼) of the northwest quarter (NW¼) of Section Two (2), Township Ninety-one (91) North, Range Twenty-three (23), west of the 5th P. M., Wright County, Iowa, thence north on the highway on the west line of said Section Two (2), and Section Thirty-five (35), Township Ninety-two (92) North, Range Twenty-three (23) West of the 5th P. M., one-half (½) mile.

The Iowa State Commerce Commission fixed the fourteenth (14th) day of December, 1943, ten (10) o'clock A. M., in its office at Des Moines, Iowa, as time and place for hearing said petition.

Any objections to the granting of such franchise must be in writing and filed in triplicate with this Commission at least five days before date of hearing. The Iowa State Commerce Commission suggests that the objector be represented at the hearing by someone who has full authority to act for it.

IOWA STATE COMMERCE COMMISSION
Carl W. Reed, Chairman
B. M. Richardson, Commissioner
David B. Long, Commissioner
ATTEST: Geo. L. McGaughan, Secretary.

Dated at Des Moines, Iowa, November 8, 1943.

Elevator Managers To Discuss Commercial Fertilizer Friday

The kind, supply and methods of application of commercial fertilizer will be the topics to be discussed at a meeting of the elevator men, and other distributors of commercial fertilizer of the County at the Court House in Clarion on the evening of Nov. 26. The meeting is called for 8:00 p. m. Jerry Meldrum, Soil Specialist of Iowa State College, will lead the discussion.

The meeting on commercial fertilizers has been called by County Extension Director Aaron R. Bowman at the request of the elevator men of the county. Commercial Fertilizer distributors are faced with the problem of supplying a limited amount of commercial fertilizer to increase demands of farmers who wish to use it to obtain maximum food production for the war effort.

Recommendations will be made at the meeting as to the type of soil and crops that will be benefited most by the limited supply of fertilizer. Methods of applying and amounts of fertilizer to apply will also be discussed.

We can't win the war without the navy; our soldier can't win unless our ships deliver; merchant ships can't deliver unless the home front provides. One important convoy job is flashing signals as this youth is doing in the Battle of the Atlantic.

Your equally important job is to continue buying War Bonds until victory. *U. S. Treasury Department*

SUIT STOPPED

A $20,000 insurance suit by Mrs. Patrick J. Ryan of Corning was stopped by the appearance of Mr. Ryan. He was located by the insurance company in Great Bend, Kansas, where he had been working since he disappeared in 1932, making no attempt to hide his identity.

Trinity Church Plans Post-War Improvements

Vote to Raise $20,000 In a Five-Year Pledge Plan

Members of the local Trinity Lutheran Church met in a specially called congregational meeting last Tuesday evening for the purpose of considering what could or should be done "to re-model, enlarge, or build anew" their place of worship.

It was unanimously decided that something must be done, as soon as conditions will permit local construction work. To be better prepared for actual work when that time arrives, a five-year pledge plan was adopted for the ingathering of funds, which will be put into operation immediately through a personal solicitation of all the members and friends of the congregation.

According to Rev. O. M. Severseike, a wonderful spirit of enthusiasm was manifested at the meeting. An initial goal of twenty thousand ($20,000) dollars was adopted as a guide for both the solicitors as well as those who are to be solicited.

It was announced today that $8200 has been pledged already towards the goal of $20,000.

Need More Blood Donors!

Seventeen persons have volunteered to donate blood to the Mobile Unit of the Serum Plasma Center which visits Belmond on Tuesday, Dec. 7, under the sponsorship of the Belmond Red Cross Chapter. The Unit will be located in the cafeteria room on the basement floor of the school building from 2 to 2:30 p. m.

Miss Matilda Skovlin, chairman of the committee in charge of arrangements said that 20 donors have been requested from this vicinity, and urges more people to leave their names for this service. Telephone 308.

The State Board of Health, which is supervising this blood donor clinic, asks that persons donating blood should refrain from eating for three hours before giving blood. In this way a finished product can be assurred which is clear and free from fatty substances. Donors should be between the ages of 18 and 50 years.

Reach Quota--

Belmond reached its War Chest quota this week, according to Thomas Hood, chairman, who announced that $1834.50 had been raised in the city to meet the quota of $1807.65 set for the community. The drive for Wright county's quota of $20,000 in the national campaign to raise $125,000,000 for the USO and 16 affiliated agencies closed on Dec. 1.

SUB-DISTRICT MEMBERS MEET HERE

The Garner Sub-District ministers of the Methodist Church and their wives met at the Methodist parsonage in Belmond with Rev. and Mrs. H. W. Faris on Monday for a dinner and business meeting. Those attending included Rev. Earl Burgess, Algona, District Superintendent; Rev. and Mrs. T. B. Collins, Clear Lake; Rev. and Mrs. E. Broberg, Garner; Rev. and Mrs. F. Robinson, Britt; Rev. and Mrs. H. Harvey, Klemme and Rev. Bruce Jones, Thornton.

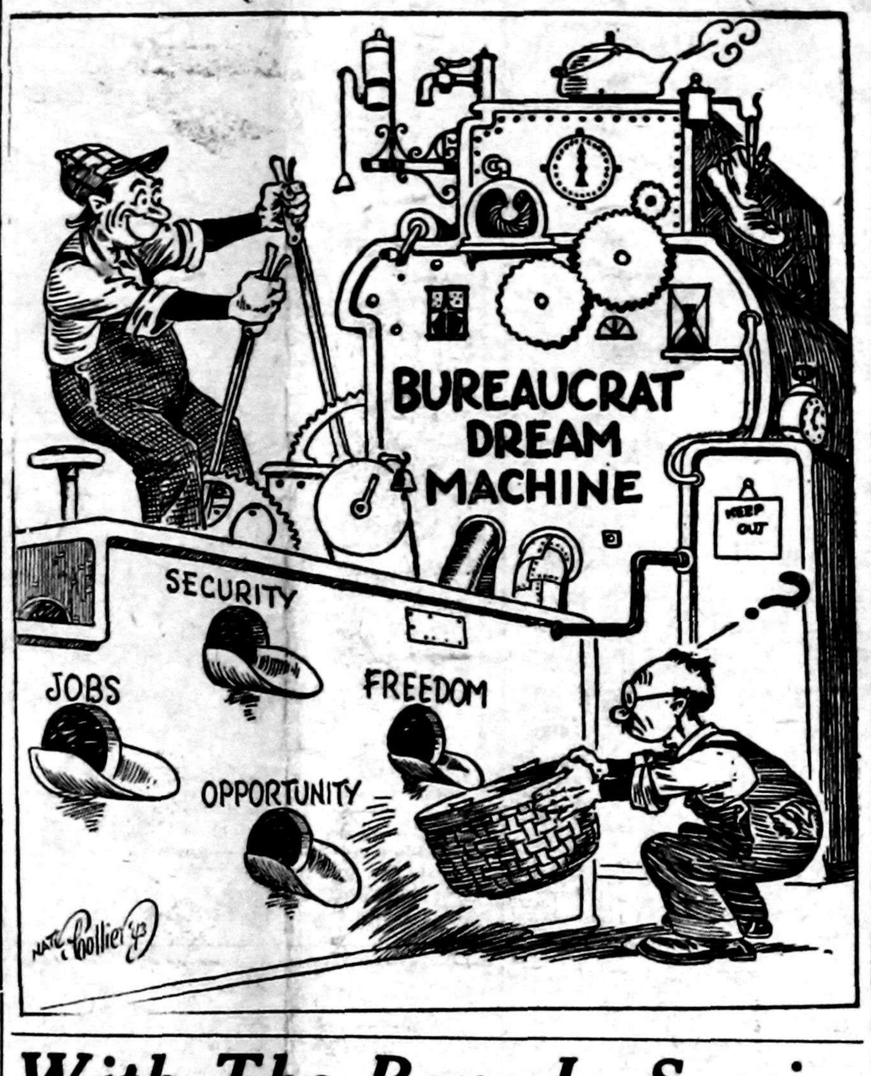
Boy Scouts To Make House-to-House Canvass Saturday for Scrap Paper

Climaxing an important drive for scrap paper will be the collection of all types of scrap paper in Belmond on Saturday, Dec. 4, when the local Boy Scout troop will make a house-to-house canvass. Every description of paper is needed in this drive including waste basket paper, newspapers, magazines, paper cartons, etc.

Scoutmaster Clark McNeal has requested that all homes have their scrap paper gathered up and have such things as newspapers and magazines stacked and tied, in order that the scouts may be able to finish the drive in the one day.

Collections have been very good since the beginning of the drive in Belmond last Saturday when the scouts collected 4000 pounds on Main street. Proceeds from this drive will be put into the local scout treasury.

PRETTY, BUT IT DOESN'T WORK



Old Clothes Wanted Now In Salvage Drive

LOCAL GIRLS MEMBERS OF HAMILTON SCHOOL CHOIR

Miss Dorothy V. Pesch, a graduate of the Rowan High School, and Miss Eileen M. Orvick, a graduate of the Meservey High School, were chosen in competition with a number of other young women and are now regular members of the cappella choir at Hamilton School of Commerce, Mason City.

This choir was organized about five years ago, and in that short length of time has gained recognition rapidly making many public appearances, singing over KGLO, and at various North Iowa community events.

Miss Orvick has graduated from the Hamilton School of Commerce and is now employed in the offices of the Northwestern States Portland Cement Co., Mason City, Iowa, But has retained her position in the choir.

List Items Needed And Those Not Wanted

Belmond churches are joining forces and using their efforts to speed up collections in the National Drive for discarded clothing for the liberated countries.

Only discarded clothing is wanted, and all types are needed, including men's, women's, children's and infants garments.

Following is a list of discarded garments which are wanted: overcoats, slacks, sweaters, light and heavy underwear, mackinaws, hosiery, dresses, night gowns, aprons, leggings, knit suits, creepers, children's sleeping garments mittens, woolen blankets and bonnets.

Garments that need to be cleaned will be taken care of by the National Dry Cleaners Association. Mending is not required, but donors are asked to brush woolen garments and see that cotton garments and rags are clean.

Some items are not wanted and they include shoes, rubbers, rubber boots, overshoes, golashes, slippers, leather leggings, leather gloves, hats, caps, neckties, collars, garters, garter belts, suspenders, belts, girdles brassiers, veils, spats, rubber coats and masquerade costumes.

Rags will be used in various types of service for wiping cloths and for other essential needs.

All persons who have discarded clothing are asked to bring their donations to their respective churches on Sunday, Dec. 5. Donations may also be taken to Courson's Agency on Saturday, Dec. 4, any time from 9 a. m. until 9 p. m. For further information call Mrs. H. L. Gowdy, chairman of the Belmond Salvage Committee, phone 1R3.

Your salvage committee says: "It's your privilege and ours to play a major part in the most dramatic program of public welfare work ever launched by the United States of America or any other nation. No attic closet, old trunk or storage room in any Iowa home should harbor a single article of clothing that can be made serviceable for other lands."

Plan Renewed Activity At Country Club

Roy Henderson Is New President

Roy A Henderson was elected president of Clarmond Country Club at an adjourned meeting of the stock holders held Tuesday night, Nov. 23. Other officers elected were H. J. Barr, vice president and L. M. Hartsock, secretary-treasurer.

At the meeting, plans were discussed for a 1944 country club program, and Mr. Henderson stated that the fairways on the golf course would be widened and the rough mowed regularly.

Social activities in the club house are also being planned as part of next year's country club program.

The new board of directors include C. J. Birdsall, G. H. Steele, M. F. Birdsall, W. K. Roosevelt, W. C. Tyrrell, E. D. Tompkins, H. L. Schultz and H. J. Barr.

3 Federal Agencies To Explain Essential Navy and Civilian Jobs

Three federal agencies will collaborate December 8, 9 and 10 to tell men in this bicinity just how they can find their places in the Navy or in civilian work.

Representatives of the Navy ship repair units, the U. S. Civil service Commission and the U. S. Employment service will hold three days of interviews at the Navy recruiting station in Fort Dodge.

"Lots of men today are puzzled," said Chief Knudson, recruiter in charge of the Fort Dodge Navy recruiting station. "They don't know when or if they are going to be drafted. They don't know whether or not they are in an essential job, or they don't know how to get into an essential job if they are not in one."

Here's a chance for those men to learn exactly what the score is for them.

"Are they qualified for the Navy's ship repair units" Carpenter H. J. Dickens will be on hand to interview them about it.

"How about civil service work at Navy yards repairing ships there" N. V. Wahl of the civil service commission can tell them about opportunities in this field.

"Can they get clearance from their present jobs" E. E. Tatum of the U. S. employment service will attend to that.

Mr. Knudson cautioned that men engaged in essential work should not apply unless they anticipate early induction into the armed forces.

"American Servicemen Are Tops" Says Leinbach

Would Do Strikers Good To Be In Front Lines

Ed. Note:

In a letter recieved recently by the Independent from Dr. S. P. Leinbach of this city, now serving overseas, his observations of events abroad and at home since the war are so aptly expressed that we are publishing them for our readers. We are sure that everyone who reads this letter will find much food for thought.

S. P. Leinbach
Mediterranean Area
November 4, 1943

Dear Dick:

I am writing to let you know that the Independent is reaching me. Although the paper is usually five weeks enroute, nevertheless it serves as a welcome addition to my life over here. I am sure no one ever read a newspaper more completely than I do the Independent as it offers a means of keeping up with the events that transpire at home. Certainly much has occurred in the way of changes since I left nearly a year ago what with the shifiting of population, the many men entering the service, and the passing away of some of the pioneers around Belmond. Of course the town and its constituents will have undergone changes but nevertheless I am positive all of us Belmonders who have been called away, live for the day when it will be our good fortune to return again.

Since leaving the States some six months ago my ship has been in the Mediterranean Area. It has been my fortune to visit and see some very interesting spots in Africa and Europe. I realize more than ever after having seen the peoples of the various lands that the "American Way of Life" is vastly superior to all others and that we must always preserve our freedoms. A trip to these countries over here would prove what I mean.

We Americans serving on this side as well, I am sure, as those in the various other sections of the world are vitally interested in what is going on back in the States. When production is good and war bond drives are successful, we are encouraged, whereas nothing infuriates a service man quite as much as does such events as labor strikes. We were on our way to invade Italy when we received news of a new labor strike. It is needless to say many wished a few of the strike leaders could accompany us on our operation. It is

Broncos Go To Northwood Friday Night

Defeated Klemme Tues. 37 to 19

Meet Eagle Grove Team Here Tuesday

Following their victory over Klemme and a four-day Thanksgiving holiday, the Belmond high school cagers have been buckling down this week in a series of hard drills preparatory to their North Iowa Conference opener at Northwood tomorrow night.

They will meet another strong opponent on the home floor next Tuesday night when the Eagle Grove quintet meets them in the first scheduled athletic contest between the two schools in seven years.

Only one game will be played at Northwood, beause of the long trip; and only a small squad will travel. At the time of this writing the squad has not yet been selected. The selection will be based on the showing of players during last week's game and this week's practice.

In defeating the Klemme Shamrocks 37 to 19 in the season opener Tuesday, Nov. 23, the Broncos showed streaks of good basketball but were ragged in many departments of the game. Use of the fast break at right times was responsible for many of the points made by the Belmond quintet, but use of it at wrong times was responsible too often for loss of possession of the ball.

Employing a zone defense, Coach Lansing's boys made good use of their superior height to control the ball a good share of playing time. Although their opponents slipped through the Belmond defense for a few easy shots, most of the time they were hurried and their attempts went astray.

Bob Nelson and Larry Jones, forwards, led the scoring with 14 and 11 points respectively, while Doug Walrod, center, counted 8. Larry Dorr showed a great deal of promise as a floor guard, but his over-anxiety caused him to foul out of the game. Les Classick and Orland Finn also showed up well at guard, especially at controlling

DUANE THAYER COMMENDED FOR DUTY NEAR SICILY

The following citation has been awarded Duane J. Thayer, shipfitter, second class V-6. U. S. Naval Reserve:

"Commended by his commanding officer for his efficiency, industry and devotion to duty on the occasion of the landing of combat assault troops by this vessel at Braccetta Point, near Scoglitti, Sicily, commencing July 10, 1943.

"During a period of three strenuous days and nights, he was untiring in his efforts to repair damage to the ship, repair boats on board, and to salvage those on the beach thereby lending invaluable aid in the operation of debarking troops and unloading their equipment.

"A part of the time the sea was rough, thus rendering the unloading of heavy equipment hazardous to life and limb. On several occasions the anchorage was shelled by enemy shore batteries and bombed and strafed by enemy aircraft, as a result of which, some members of the crew were wounded.

Signed: H. Biesemeier, Commander U. S. Navy, commanding."

This citation was received this week by Mr. Thayer's wife, Helen, who is with her parents, Mr. and Mrs. Jess Lester at the home north of Colwell. Duane was born and reared in Belmond.

ENJOYS HOME TOWN PAPER

A letter from Cpl. R. L. Burrows from Camp Haan, Calif., says, "I have been receiving your paper regularly every week. I like to keep up with the old home town news. Of course my favorite section is "With the Boys in Service." A fellow likes to know what has become of the rest of his friends. . At present we are living in large barracks. Pretty near like sleeping at home after 17 weeks of maneuvers in the desert. It's all right to be close to good old mother earth, but we slept just a little too close to it. This is just a few lines to let the pople back there know that I haven't forgotten the town.'

LOCAL MEN AT PREFLIGHT SCHOOL

Duran Courland Hill and Cleo Philip Jenison are among 211 aviation cadets from the state of Iowa who are now stationed at the Army Air Forces Preflight School, of the San Antonio Aviation Cadet Center. At the Cadet Center, the cadets undergo thorough academic, military and physical training leading to subsequent flight training to prepare them for aerial combat.

GREENWOOD GRADUATES FROM ARMAMENT SCHOOL

Word has been received that Pfc. Thomas A. Greenwood, Jr., was graduated Nov. 29 from the Armament School of the Army Air Forces Technical Training Command at Lowry Field, Colorado. Greenwood had his basic training at Sheppard Field, Texas, having been inducted into the armed forces in February, 1943.

Receive Italian Paper Money Equal In Value To American Dime

Mr. and Mrs. Fred Thompsn received a piece of Italian paper money from a nephew, Pfc. Lyman E. Brenner, who is now in Italy, having first been in North Africa and Sicily. This piece of money called "Lire" is about half as large as an American paper dollar and is equivalent to the American "dime" in value. Private Brenner says in his letter that Italian money is agout the only thing they can send home from there as souvenirs.

Christmas Seal Letters Go Out This Week

Wright County Quota Is Increased

Letters concerning the Christmas Seal Sale in Belmond will be in the mail by Friday of this week, Superinterdent Theodore Johnson, local chairman announced today.

Return envelopes are addressed to the Belmond Public School, and patrons are asked either to mail their checks to the school or drop the envelopes in boxes located at Adams Pharmcay, Schultz Drug Store or C. C. Benson Insurance and Real Estate Office.

The quota for Wright county has been raised over last year, Mr. Johnson stated. Since there are only $1.00 worth of stamps in each envelope, Mr. Johnson has suggested that persons desiring to contribute more to this cause may secure more stamps at the school house, or they may simply put a larger contribution in their envelopes.

Wright County has been very active in finding tuberculosis cases while still in the early and curable stage, according to information from C. W. Sankey, county chairman of the campaign.

The day is not far distant when all the 9th, 10th and 11th grade pupils in our public schools will come under the High School Miniature Film program and a long step toward eliminating the disease taken.

School Will Present Sacred Music Concert

100 Students Directed By Edith Jensen

Christmas vesper services, including both vocal and instrumental sacred music, will be presented by the musical organizations of the Belmond high school and junior high Sunday afternoon, Dec. 13, at 4 o'clock. Miss Edith Jensen, music instructor, will direct the entire event.

Climaxing the program will be a Christmas cantata, "Chimes of the Holy Night," presented by the high school girls' glee club of 36 voices. Soloists in the cantata are Lorraine Quigley, senior; Pat Chapman, sophomore; and Dorothy Lonning, freshman.

In addition to the soloists, the girls who appear in obligatos, duets, and recitatives are Luan Kinseth, Betty Green, Nelda Fulton, Mildred Helland, Abbie Doris Bonte, Esther Nelson, Ruth Nelson, Doris Christie, Jean Greenfield and June Boelman.

Other vocal numbers on the afternoon's program will be three Christmas songs sung by the junior high girls chorus and two carols sung by the junior high boys.

Instrumental music will be furnished by a brass ensemble and a woodwind ensemble made up of nine musicians each. Both of these organizations will play medleys of Christmas melodies.

In all over 100 high school and junior high boys and girls will appear in this program, the first of its kind to be given in the local school. It will be in addition to the regular grade Christmas program, which is scheduled for Thursday evening, Dec. 16.

NEW MOVIE TIME IS 7:00 IN EVENING

Announcement is made on the December programs for the Lyric Theatre that beginning December 1 shows will start at 7:00 in the evening in place of 7:30, as has been the case during the past several months.

TWO FARM SALES NEXT WEEK

Two farm sales will be held in this vicinity next week.

H. J. Trager and son will hold a closing out sale of livestock, machinery, feed and some household goods at the farm four miles west and one-half mile south of Belmond on Tuesday, Dec. 7, beginning at 12:30 p. m.

James Mehl will hold his closing out sale on Thursday, Dec. 9, on his farm located 10 miles west of Belmond. His sale will start at 1:00 o'clock p. m. and will include livestock, machinery, poultry and other items.

MENNENGA SALE IS DEC. 14

Arnold Mennenga, living east of Belmond, plans to hold a closing out sale of livestock, machinery, household goods, etc., Tuesday, Dec. 4. Watch next week's issue for full details.

Recreation Specialist To Conduct Training School, Clarion, Friday

Mrs. Pearl Converse, Extension Specialist for Recreation, will be in Wright County, Thursday, Dec. 2nd, to conduct a leadership training school at the Congregational church basement in Clarion on recreation.

The meeting will be held from 10:00 a. m. until 4:00 p. m. with a pot luck luncheon served at noon. During the noon hour Mrs. Converse will discuss community recreational centers for young people, how they are organized and operated and what might be done in the various centers of this county.

The following organizations have been invited to send representatives to this training school: home project leaders, 4-H girls leaders; 4-H girls clubs; county 4-H club officers; 4-H boys leader; club agent, young married people; ministers, school superintendents; service clubs; commercial clubs and boy scout leaders.

BUSY, EXPENSIVE DECEMBER

There are lots of things to be done in December!

CHRISTMAS

Of course, Christmas is the biggest thing, and preparation for the holiday will take a lot of our time and money. But there are other things besides Christmas that have a claim on us and on our pocketbooks.

CHRISTMAS SEAL SALE

There is the annual Christmas Seal Sale which opened this week. We are told that the Iowa tuberculosis death rate rose last year for the second time in 18 years. What better reason could be given for your continued and increasing support of this National health program?

SCRAP PAPER DRIVE

There is another scrap drive in the news. Belmond Boy Scouts are out collecting scrap paper, all kinds. They will call on Belmond homes Saturday, December 4, so have yours ready for them.

BLOOD DONOR CLINIC

On December 7, the Belmond Chapter of the Red Cross is sponsoring a Blood Donor Clinic which is under the supervision of the State Board of Health. "The use of blood plasma has proved a valuable method of saving lives", especially in the armed services. This project needs and is worthy of the generous support of the citizens of this community.

INCOME TAX

Of course we must not forget that the government is going to take quite a chunk out of our bank accounts in December. The fourth quarterly payment of the Federal income tax must be paid by the 15th whether we like it or not.

WAR BONDS

Finally, we shouldn't let December slip by -- even with oll its financial burdens -- without buying at least another war bond or two.

—v—

We applaud the Minnesota Draft Board described in the following editorial comment which was taken from the Hampton Chronicle:

"A draft board in a Minnesota town has gone on a strike, and states that it will send no men from that unit to the army until the coal strike is called off. No use sending the boys to fight our battles, and at the same time allow a gang of outlaws in this country to block the source of supplies to the battle fronts. It may be necessary for some of these draft boards to organize and get into the bargaining trade."

—v—

WITH OTHER EDITORS

Our navy is said now to be the largest in the world. Also we won't have to scrap it after the war to show the world that we don't want to fight. But really we don't want to fight—But we can if pushed. That's a good thought for the Japs and Germans to keep in mind.—Humboldt Republican.

In some war plants the men are working on a piece basis, being paid for the amount of work they do instead of on an hourly basis. That means if they soldier on the job or indulge in slow-downs they do so at their own expense. According to a Gallup poll a majority of those contacted were for the piece work plan, 54 per cent voting for, 33 per cent against and 13 undecided. The workers themselves vote 43 per cent for, 42 against and 12 undecided. The Freeman-Journal favors the piece work policy, believing it would result in more production and would cost less although the workers would make more per day.—Webster City Freeman.

—v—

The average American is inclined to regard complaints of businessmen about governmental interference as exaggerated. But the average American would be shocked if he had to manage a business these days. He would quickly discover that American enterprise has become a legalistic paradise.

Hundreds of orders were issued this last week, as usual. There was one on malted grains. WPB revoked order M-288, relating to malted grains and malt syrup, because it was superseded by order No. 66 of the food distributing administration. Miss Jones, call the lawyer.

Then there was one on CMP, whatever that means. The WPB announced simply that use of the quarterly identification symbal in connection with the placement of orders under CMP procedure has been clarified through the issue of interpretation 14 of CMP regulation 1. Tell him to hurry, Miss Jones.

Those are just samples. There were changes in PRC P-98-C; in order L-257; in Conservation T-1; in MPR 444, and in Ration Order 13, among other things. Where's that lawyer?—Indianapolis News.

—v—

Now's the time to begin looking for a steady job. Some of these days these fancy-priced war jobs are going to be a thing of the past. One young fellow, just the past week, remarked that he thought right now was a good time for him to cinch a steady job on the farm, even though it wouldn't pay him as much as some of the other jobs on the outside.—Knoxville Express.

—v—

Regardless of our personal feelings about the way the government is regulating prices, it is our patriotic duty to abide by the regulations in time of war. If we don't like the speed limit we have to observe on the highways or public streets, we must observe it as members of society. With the price problem it goes farther than just a community or state welfare—it is a part of the war effort and we must do all we can to help win at the earliest possible moment. —Clear Lake Mirror.

—v—

We have said before we don't believe congress or any other legislative body can legislate the morals of a nation. Neither do we believe congress can legislate food or medicine, yet steps are under way to do both. It is the duty of congress to protect the citizens against impure foods and from quack practitioners, but further than that, it is still the people's choice. —Burlington Hawkeye-Gazette.

—v—

A few years ago, we heard a lot of words wasted about our American youth not being able to face the hardships of war as their fathers did in 1918, as their grandfathers did in 1898, and as their great grandfathers did in 1861. Many said that American youth had "gone soft" and could not withstand the rigors of war. How wrong the wiseacres were—Wright Co. Monitor.

—v—

One of the big press services recently asked a number of prominent people how they thought we should dispose of Hitler and Mussolini after the war. It was interesting to read that many of them proposed putting them in a cage and exhibiting them throughout the united nations. Admission charges would pay for the war, many believed.—Sheffield Press.

—v—

The white-collar workers are getting it in the neck. How many of them have had their wages boosted to thirty, forty, fifty or $150 a week? Carpenters, masons and machinists think nothing of dragging down $150 a week in war plants.—Wright Co. Monitor.

BELMOND LOCALS

Thanksgiving guests of Mrs. W. H. White were her son and daughter-in-law, Mr. and Mrs. Clair White of Centerville.

Margery Sheller and Garnet Berghefer of Des Moines spent the week end of Nov. 20th in Belmond.

Mr. and Mrs. Mike Luick have had as their guests over the week end Pfc. and Mrs. John Bross of Sioux Falls, South Dakota.

Prittle... Prattle....

Not that it matters—but I always look forward to Sunday when I can stay in bed another hour or so and when Sunday comes find that I'm wide awake at my usual week-day arising hour of 6.45.

P—P

Daily routine certainly does get to be a habit and becomes a matter of course. I always like to get down to work about 7:45. It may seem cruel to some, including my better half, but the day doesn't get started right (habit again) if she isn't up to get breakfast. Always have to have my egg, tomato juice, toast and coffee and find I can just get through the front page, sports and comic sections of the morning paper as breakfast ends with the last sip of coffee and the first drag on a cigarette.

P—P

Routine at the office goes along about the same from day to day, with getting the mail the first thing in the a. m. and then to work in the back shop. There's galley proofs to take, ads to set up and correct, job work to get out, casting to be done, single copies to be wrapped and mailed, pages to be made up and torn down—all habit now after these many months since I went to the back shop when George left for the Navy and Eva took over the street work.

P—P

Of course there are occsaional. trips across the street to Brewer's, or up the street to Hokel's or the Candy Kitchen for coffee and a few moments of relaxation with others up and down the street who like to get out for coffee and gab during the day—it's still all habit.

P—P

Some days aren't long enough and others have enough hours, but nevertheless when evening comes, depending on my mood, it's a choice of going out or staying home and flopping on the davenport for a nap before going to bed and the latter usually wins, at least in the early part of the week.

P—P

Wartime restrictions on travel haven't been any hardship on us as we've found plenty of entertainment here at home. At our home we like to read, all three of us, and hope the fourth will too, when he gets older. Then too, there is always a movie and now that basketball has started we'll be at the gym on those nights.

FELLOWSHIP at REFORMED CHURCH THANKSGIVING

An inter-family fellowship was held at the Reformed church on Thanksgiing evening. The program consisted of community singing, reading of the Scripture and prayer by the pastor, a skit entitled "A Puritan Style Show", a girls' trio, Shirley Stofier, Mary Lou Stoffer, and Gladys Stoffer, sang "Say a Prayer", a boys' quintet, Junior Stoffer, Roger Stoffer, Harry Ostendorf, Calvin Schulte and Glenn Stoffer, sang "Pray a Little Harder", a reading, "The Landing of the Pilgrims" was given by Freda Van Gerpen, and a women's sextet, Mrs. H. Johnson, Mrs. G. Schulte, Mrs. C. Barkema, Mrs. L. Pals, Mrs. G. Barkema and Mrs. H. Boelman sang "Come Let Us Sing". Those who took part in the skit were Mildred Eckhoff, Malinda Gruis, Leona Schmidt, Arlene Schulte, Glenn Stoffer, Harold Eckhoff, Thelma Modderfan, Wilerta Stoffer, Lillian Bohlen, Monnie Gunderson, Calvin Schulte, Harry Ostendorf, Junior Stoffer, Roger Stoffer, Marilyn Johnson and Mrs. Boomgaarden. A delicious lunch was served cafeteria style on tables ladies of the church on tables placed to form a V, a patriotic centerpiece one table and a clever Thanksgiving decoration on the other. A beautiful bouquet of yellow chrysanthemums stood on the piano. The remainder of the evening was spent in pleasant fellowship with one another.

A family gathering was held at the J. C. Arends home on Sunday, Nov. 21 to celebrate Mr. Arends' birthday anniversary. The centerpiece on the dinner table was a three-tier angel food birthday cake. McMullen-Evenson Marriage is Announced Goodell

Mr. and Mrs. A. G. McMullen are announcing the marriage of their youngest daughter, Kathrine, to Edward Everett Evenson. The wedding was solemnized at the Fry Methodist Parsonage with Rev. Elmer L. Brown officiating on Armistice Day, at 7 p. m.

The bride was dressed in a light blue suit dress, with brown accessories and had a white orchid corsage.

She came to Goodell eight years ago from Early when her father accepted the position as manager of the Woodford Wheeler Lumber Company. She graduated from the Goodell high school in 1938 and from the A. I. B. College in Des Moines. The past three years she has been stenographer for Consolidated Products Company in Des Moines.

Everett is the only son of Mr. and Mrs. O. C. Evenson, who have the local mercantile store. He also graduated from the Goodell high shool in 1938 and three years ago enlisted in the Navy, having been in service 21 months on the Saratoga. In September he was given a furlough and since then he has been attending navy school in St. Louis, Mo. He is an A. M. M. 2|c. He wore his navy uniform.

They were attended by friends, Mr. and Mrs. Royal Lepker.

Mr. and Mrs. Evenson are at home at 2039 A. Alfred Ave., St. Louis, Mo.

Dorothy Linke Weds Leonard Carlson of Kanawha

Miss Dorothy Linke, daughter of Fred Linke of Nora Springs, was married to Leonard Carlson, son of Tom Carlson of Kanawha, at the Presbyterian parsonage at Mason City, at 5 o'clock P. M. on Thursday, Nov. 25th, with the Rev. Dierking officiating. Miss Bernice Wright and Arthur Linke, brother of the bride, were attendants.

The bride wore a luggage tan dress with brown accessories and a corsage of Talisman roses. Her attendant wore a blue dress and hat and a corsage of red roses.

Following the ceremony, a wedding dinner was served in a private room at the Hotel Hanford, to the wedding party, Mr. Fred Linke and Mrs. Arthur Linke of Nora Springs, Mr. and Mrs. A. J. Quamme of Mason City and Mr. and Mrs. Ward Wright.

The bride is a graduate of LaJames' and has been engaged in the Brown's Beauty Shoppe of Kanawha, since February and will continue her work for the present.

Remember Pearl Harbor Buy a Bond on December 7th

What are you doing about the empty chair?

THIS YEAR, on Christmas, almost everyone is thinking of an empty chair.

Perhaps the one in your house is empty for the first time. Or perhaps this is the second Christmas. Perhaps it will go on being empty always.

It will not be a happy Christmas for many. But it should be a Christmas of hope—hope that *you* can make stronger.

You know that even though the tide has turned now, and we've begun to win this war—our soldiers cannot come home until *it is* won. And you know the *sooner* it is won—the *more* soldiers will come home.

What are you doing about those empty chairs on Christmas?

There is something you can do—something vitally important that everyone in America can do this year.

You can buy War Bonds for Christmas presents—War Bonds for every empty chair in your house—War Bonds for every person who hopes those chairs will not remain empty too long.

This should be a War Bond Christmas. Isn't that the most important kind of a Christmas for *you?*

S|SGT. MERLE M. THAYER SENDS CHRISTMAS GREETINGS TO FRIENDS

S|Sgt. Merle M. Thayer, whose address is % postmaster, San Francisco, writes to the Independent as follows: "I wish to express to all my friends in Belmond and surrounding territory the very best of everything during Christmas and the coming year. As they say it here "Mels Kelemaka." It has been over three years since I left Belmond, and I would be lying if I said I don't miss the old home town. I know it has changed and it's going to be good to see home again. I especially want to send my Aloha to my mother and sister, the latter who is in Belmond at the present. To Aunt Clara and all my family I send my love. . . I hope we may soon be together again.'

rebounds, as did Hayden Jones, who played only a short time. Roger Pals, substitute forward, showed promise of smoothness on the court, but needs experience before he can be counted as a regular.

Bolstered by two upper classman guards, Ed Banning and Jack McGuire, Belmond's second team. made up largely of freshmen and sophomores, showed up well to defeat the Klemme reserves 20 to 13. Ray Waddington and Daryl Beavers, sophomores, and Dale Walrod, Ronnie Hunter and Glenn Meints, freshman gave promise for good basketball for Belmond for several years to come.

Forego Lighting This Year For Community Christmas Decorations

The following is a letter sent to all mayors and city councils of towns receiving electric service from Central States Electric Company:

We regret to advise that again this year we must forego our custom of furnishing electricity for your decorative tric Company: . . . . Christmas lighting. J. A. Krug, Director of the Office of War Utilities, has issued a directive reading as follows:

"Lighting must be omitted

"Lighting must be omitted this year from community Christmas trees, street decorations, exterior home decorations and all Christmas displays of commercial establishments.

Electric light bulbs are particularly short at present and strict conservation of them is necessary. Widespread consumption of bulbs during the Christmas season will mean a greater scarcity later on.

Because of the shortness of daylight over most of the country at Christmas time, necessary consumption of electricity is at its peak. Everything we can do to evoid any additional load will mean direct savings of fuel, manpower, transportation and materials."

With best wishes for the Holiday Season and a victorious New Year in which we may resume our complete electric service to your community without limit or restriction, we remain

Very truly yours,
Central States Electric Company

not because we do not appreciate the fact tha inequalities are undoubtedly present but because we know other means of settling these difficulties could be pursued with less crippling of the war effort.

Never have I previously appreciated so much the American Soldier and Sailor as I do now. He is intelligent, brave, ingenious, and does not complain excessively of his lot. I have yet to see a wounded American, no matter how badly hurt, show anything but fortitude and plain guts in his reactions, to his misfortune (the same is not true, I have found, in our "Superman" enemy.) Nor have I ever seen a group of men more appreciative for every little thing you do for them than the American service man. In other words they are tops.

We have good equipment and facilities aboard ship for taking care of the sick and wounded which of course makes a doctor happy. True war medicine is somewhat different than the practice of medicine in civilian life, but nevertheless it is efficient and effective. The low mortality rates among casualties prove that.

I am glad Belmond has a good football team this fall. There is nothing I would like more than to see one of the games (except see Give my best regards to your my family). family and to your newspaper staff

Sincerely,
S P. Leinbach, Lt. (MC) USNR.

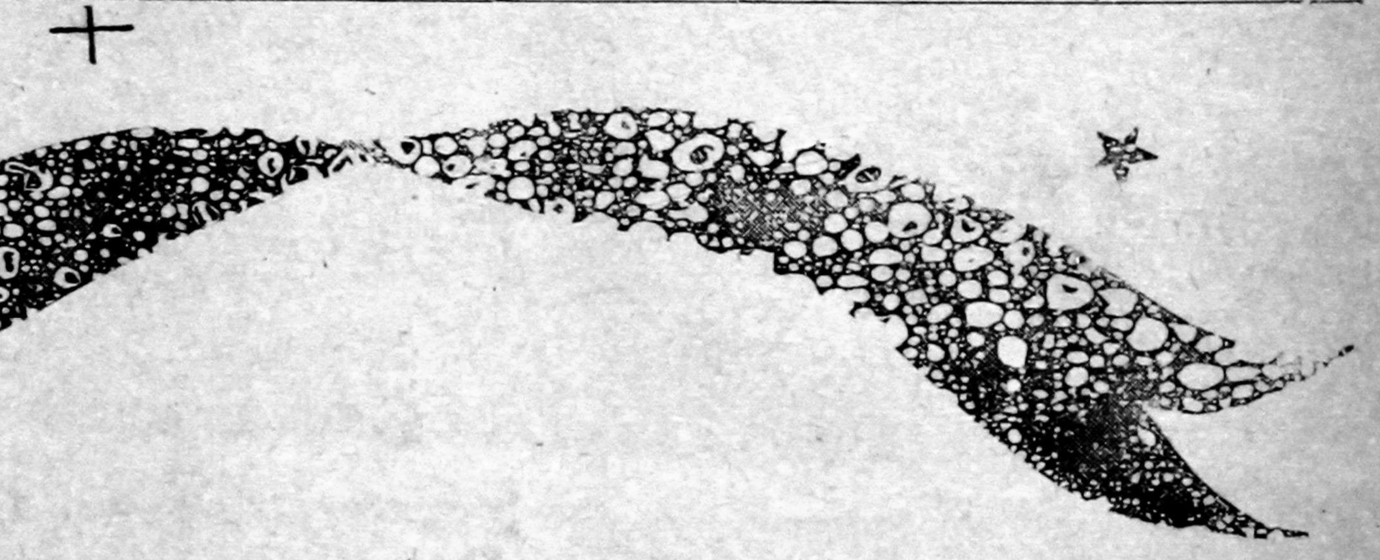
Make Belmond Your Shopping Center

VOL. 25 NO. 7 — BELMOND, WRIGHT COUNTY, IOWA, THURSDAY, DECEMBER 9, 1943 — THE FAMILY NEWSPAPER



For A Richer Christmas

. . . Uphold Your Faith

The faith that our fathers had in a free country, the right to religious freedom and the beauty of an Old Fashioned Christmas with the traditional holly, the mince meat and turkey. We are thankful for the joys of Christmases in the past and have faith that the future will bring with it even greater stores of happiness with the advent of PEACE.

. . . Create Happiness

The determination to keep the spirit of Christmas a part of American tradition for our fighting men to return to is a source of happiness we would not readily relinquish. The measure of happiness we can glean from a world at war is not great, indeed . . . but let us remember the joy that can be derived from doing our job well and from helping others.

. . . Work For Victory

Let our faith in the meaning of Christmas give greater strength to our peace loving hearts. Let us renew our efforts in the mighty cause, united with our Allies, to hasten the dawn of a brighter world, a world more free than it has been in the history of man. Let's work to win, so the Christmas bells of this year will be VICTORY bells Next Year!

FIVE - Year Pledge Plan—

Last week the Trinity Lutheran church of Belmond announced a five-year pledge plan to raise $20,000 for post-war rebuilding or improvement of their church home.

Even before publication of the story and the complete organization of the soliciting committee, a total of $8200—or almost half the goal—had been pledged.

We are sure the Independent expresses the feeling of the entire community in wishing for the members of Trinity Lutheran Church all the success in the world in this undertaking as they launch out. Such worthwhile projects are of interest and value to the entire community, as they reflect life and growth and will also be the means of providing much work for many laborers after the war is over and our men come back home, many of them without jobs.

What the members of Trinity Lutheran Church are doing mgiht well be done by other progressive organizations who look forward to building a better community in the future. If the time is right and the plan is right, the people are sure to lend their generous support.

LOOKS GOOD!

The war looks very good for our side!

First, the historic Roosevelt - Churchill - Stalin conference in Iran is a pretty good omen of near future events which give promise of bringing the war nearer its ending.

The announcement last week that meat ration points would be cut, allowing 30 per cent larger rations during December, is another good sign that war plans are progressing in good shape.

The production of 1000 big bombers in the single month of November is darn good assurance that the equipment behind our men is more than adequate to get the job done.

And of course the continued smashing victories of the allies on the several war fronts speak as well as anything: The day and night bombing and burning and destruction of Berlin, the steady avances of the Russians against the Nazis, the slow but sure regaining of territory from the Japs in the Pacific.

MENACES LOCAL TAXES—

The large land holdings of the federal government are bringing alarm to the states. These holdings are relieved from local taxes needed to help support local needs. The fair market value of federal holdings has been estimated at over four and a half billion dollars. The estimated exempted taxes, based on local assessments and millage rates, amount to over 91 millions of dollars. Iowa communities are deprived of an estimated $4,476,000 on properties that federal ownership exempts from local taxation. There is a bill in congress to correct this situation. It should receive strong support from the states and their communities. The situation may be tolerated during the emergencies of war, but it should not follow into the post-war period.

Prittle... Prattle....

Memo's from a columnist's scrapbook—it's been a hectic few days for some of us Belmond men who tried to find a favorite old hat or other clothing apparel and then discovered they had been given to the salvage drive. We found that in the eyes of our women that a man's old, much beloved suit, hat, shoes or other articles of our clothing are only fit for the discarded clothing campaign. So when we didn't think to protect them we found them gone if we were looking around last Saturday.

P—P

I hear that some of the clothes left at the Courson Agency were pretty good stuff. Will be watching McNeal for a while, not that he needs it, but shucks, what man doesn't cast an appraising eye over a pile of old clothes.

P—P

What I can't figure out is how so many rag bag minded women could give up so much rug material. Their hearts must have bossed their heads.

P—P

Remember the good old days when a flat tire didn't worry you? Just call the garage or service station or change the tire yourself. If the tire or tube or both were ruined it was just a matter of digging up the purchase price and driving away with a new tire. And now—a ruined tire or tube is worse than losing a pot full of dollars—much worse. And many of us are driving around on rubber that no one who operates a vulcanizer would have even considered, nor us either, of fixing in pre-war days.

P—P

Now that the wives and widows of the service men of World War II are in line for dependency benefits it is to be expected that the newspapers and magazines will dig up many of the funny tales of the first World War, says the Northwood Anchor. Here are some letters alleged to have ben received by the War Risk Insurance Bureau from claimants to benefits. The women are supposed to have written:

I cannot ge t my sick pay. I have six children. Can you tell me what that is?

This is my eigfhth child. What are you going to do about it?

I am glad to report that my husband, who was reported missing, is now deceased.

Unless I can get my pension soon I shall be forced to lead an immortal life.

In answer to your letter I have given birth to a boy weighing ten pounds. I hope this is satisfactory to you.

P—P

I can't help but predict that that matter of a recreation center of some sort for Belmond will die a slow death, if it isn't already dead. And the fact that it will die isn't the fault of the various organizations who have shown interest in the matter. At the last two PTA meetings for example, the problem was given much discussion and it was voted to cooperate in any reasonable plan that will benefit the 'teen-agers of Belmond. It will die, too, because at least 95% of the parents of the youngsters were absent from the last two meetings. Can't expect school teachers and a handful of parents to work for all if ALL aren't interested enough to help.

:-The "Crow's Nest"-:

By George C. Hansen, Prtr. 3-c

Last week I sent in a copy of our Thanksgiving menu for this column, to show the folks back home what a feast was planned for us in the service. The following **is from a story in our last issue of** the "Fleet City News" which tells about the enormous quantities of food prepared for the Thanksgiving dinner which was served at this naval station;

"Not long after we managed to unbend after the Thanksgiving gorging, it was decided that there must have been some interesting statistics on the quantities required for the multitude of items on the menu. . . they were as amazing as the meal itself, and read like an excerpt from the logistics for a force staging a major drive."

"Here are the huge quantities that helped make a good old fashioned American Thanksgiving dinner for the approximately 8,000 sailors and guests served at Mess Halls one and two of Shoemaker.

"475 turkeys or 4½ tons of meat, or little more than one pound for each person.

1½ tons of fresh frozen peas
800 dozens of warm rolls.
1½ tons of sweet potatoes
1½ tons of mashed potatoes
4000 heads of lettuce
1,000 pies and 500 fruit cakes
50 gallons of rum sauce, which included one case of pure Cuban Rum.

"Four hours were required to cook the turkeys in each galley. Only one hour and twenty minutes were needed to send the 8000 mates and guests through the orderly lines of the two Mess Halls."

First Iowa Husking Match Held In 1922

In the fall of 1922 "Wallaces' Farmer" announced the first state cornhusking contest in Iowa. The editor, Henry A. Wallace, believed that if the spirit of athletic contests could be applied to husking corn it would insure greater speed and efficiency and eliminate much of the drudgery. A prize of $50 was offered the Iowan who husked the most corn in a day. The rules were simple—the contestant merely declared the number of hours spent in the field, the number of bushels of corn husked, and then submitted an affidavit from a county farm organization official vouching for his reliability.

Although many huskers engaged in this contest, the records of three men stood out. Ben Grimmius of Grundy county husked 176 bushels in eight hours and forty-five minutes, John E. Pederson of Iowa county husked 225 bushels in ten hours and forty-five minutes, while Louis Curlef of Lee county husked 205 bushels in nine and on--half hours. Curley was declared the winner of the first all-day husking contest. Since it was not known how clean a job of husking had been done or how much corn had been left in the field it was determined to invite these three men to Des Moines to compete under the same conditions.

On December 8, 1922, with the mercury hovering at 16 degrees above zero, the first truly competitive corn-husking contest was held in Iowa. The three men husked for an hour in a selected field not far from the capital city. After careful checking, the judges announced that Curley was undoubtedly the first husking champion of Iowa! He had husked fifteen bushels (after deductions were made) and left only forty-nine pounds in the field. Grimmius was much the cleanest husker.

In 1940 one hundred thousand Iowans witnessed county and district corn-husking meets. Twenty-five thousand fans attended the state meet that year. What a contrast with the humble beginnings in 1922!

The Present with a Future

The BONDS You Buy Today . . . For Christmas Giving . . . Will Pay Returns In Happier Living . . . Long After Freedom Has Been Won

Give a little lad a Christmas War Bond, and you help finance his college education ten years from now!

That young Victory bride may use the Bond she gets toward buying a new home a decade from today . . . and no matter whom you give a War Bond this Christmas, he will get more than you pay for it, when it matures!

The Present with a Future—a United States War Bond. . . And in the immediate future, it has its most important job to do: That—to buy the bombs and planes and ships, and to equip our fighting forces to win the Victory that will mean freedom for all . . . FOR ALL TIME!

Belmond Stores Ready For Christmas Shoppers

War-Time Theme Is Shop Early

Christmas, 1943, is going to be very different from past years. Scarcely a family in this or any other community has not been touched by the war or the consequences of war. There will be empty places around many Christmas trees and even those families fortunate enough to be all together will find themselves thinking of those far away. But let us try to keep the real, old-fashioned style of American Christmas even more sincerely than ever so that we may write and describe to our loved ones exactly the kind of a holiday they remember and are looking forward to coming back to.

In selecting gifts for this war-time Christmas we think first of war bonds and stamps—the present with a future. Let us not be bitten by the squander bug and be tempted to buy a lot of foolish gadgets and knick-knacks. Go to the First State Bank or the post office and buy as many stamps and bonds as you can.

Quality merchandise may be hard to find in many instances; but Belmond stores have a surprisingly large number of good, useful items if you will take the trouble to look for them. Give practical, wearable, useful gifts this year to all the adults on your list. We want to make Christmas a happy time for the children. They are influenced more than we realize by the constant talk of war and the sacrifices it entails. Let us show them that even the war cannot spoil their Christfas. Give them bonds if you can afford it, stamps if you cannot, for gifts which will grow in value through the years; but give them also toys and games and the one particular little thing that you know will make them happy. They realize that things are impossible to get now that they might ask for in normal times and will be satisfied with less. Visit the toy department at Schultz's and the Ben Franklin Store for scores of ideas in games, puzzles, dolls and books. Schultz's have some especially nice books for children from nursery to teen age and they are very reasonably priced. For the small fry you will find a large assortment of gifts at Waddingtonfs. There are cunning stuffed animals of chenille, cuddly soft blankets, woolly sweaters, bibs, rattles, baby books, etc. 1943 has been a banner year for new babies and here is the place to find the answer to all the babies on your list. A mother of a new baby would be most happy to find under the little one's tree, some of those everyday necssities from the Adams Pharmacy such as antiseptic oil, castile soap, baby powder, cotton, Q-tips or Pablum.

Now that baby is taken care of let us think about mother. While you are at Adams', select one of their distinctive gifts, something to make her or her home lovelier—luxurious cosmetics, a lovely piece of glassware, a picture or two. Many of your problems will be solved right here. Any homemaker would be pleased with a piece or even better, a set of Pyrex dishes from Griesy's Hardware.

There are both ovenware and flameware pieces to fit every kitchen need. Central States suggests giving mother war bonds to be used for the purchase of the latest model gas range or refrigerator after the war. Something to wear is a first on every woman's list of wants. Sue Fritz will help you select just the thing for that someone special. Choose from gloves, mittens, hose, purses, scarfs, and fascinators, dresses, sweaters, robes etc. A favorite with all girls is sweaters and more sweaterc. There are some luscious ones at Sue's.

For the girls on your list (99 and 44-100% of whom are keeping the mails busy these days writing to the army and navy) get some lovely boxes of stationery or notepaper from Schultz's large assortment of fine writing papers.

When it comes to finding something for Dad and the boys, we always think of Charlie McGuire. There may not be quite as many things from which to choose as you are used to finding at McGuire's, but there are still a great many fine quality items. Buy early and buy quality, to avoid constant replacement of worn-out garments. There are a great many fine leather and wool jackets for men and boys and these are always popular gifts. Make that current shoe stamp do its full duty and buy a pair of Floirsheim shoes and you'll know that the lucky man to receive that gift will be set for months to come. These shoes can take it! Every man can always use a hat. If you don't feel qualiied to select, it, give "that man" fcr it at McGuire's and let him choose his own after Christmas.

"Pete" has some nice ideas or gifts for boys in the service displayed in his window. He also has some boxes of candy—which probably won't last long—so get in there and get yours early!

A variety of gift ideas for all members of the family will be found in the Gamble Store, and the Coast-to-Coast. You are welcome to look around and before you know it, you will have found just the thing you were looking for.

Here's good luck to you in your shopping expeditions through Belmond's stores. Use your head — buy bonds and stamps—and use your heart—make the children happy. A merry, American Christmas to you all from the Independent staff.

What To Get Him? Make It Personal

Women are often puzzled when shopping for presents for a man. Gifts that any man should appreciate, however, are a shaving set, shoe kit, clothes brush set, or any of a number of articles that will help him to be well groomed.

They will surely like, for example, a set including cologne, shaving brush, shaving soap and non-greasy hair dressing, each in a mannish looking container.

One set comes in a wood veneer box with an early American design. The spice perfume, talcum powder, shaving cream and after-shaving lotion comes in pottery containers and is sufficiently mannish looking to flatter any masculine taste.

Cold weather chaps and roughens men's skins as well as women's. A good protective cream to use in cold weather would not be amiss. One company has a special cream for sensitive skins, too, also a polar cream to protect the skin in cold, windy weather. Men also need a good, non-sticky and greaseless hand cream.

A pair of handsome satinwood military brushes in a red, white and gold box, or three bath-size cakes of pine scented soap in a waterproof box, is another gift suggestion. Equally acceptable would be a streamlined shaving brush in a cylindrical case which holds the brush bristles downward when not in use; also a greaseless, slightly scented hair tonic in a mannish looking pottery jug.

Mince Pies For Luck It's British Tradition

One of England's gay Christmas traditions centers around its delectable mince pies. It seems that each mince pie eaten between Christmas Eve and Twelfth Night will ensure a whole month of good luck in the coming year.

That works out to just about a pie a day for 12 days, to cover the calendar year—a stunt that would seem more likely to cause chronic dyspepsia than good fortune. But these aren't the pies we Americans are accustomed to—the English mince pie is about the size of a doughnut. To eat a dozen in as many days is no trick at all, when two or three of them can be gobbled with a cup of tea.

Kiss Under Misletoe Sign of Reconciliation

In Norse mythology, Balder, the god who personified the sun, was hated by Lok, who planned to destroy him.. Balder's mother obtained a promise from all living things, except the misletoe,. that they would not harm Balder. Lok made an arrow from the misletoe and gave it to Balder's blind brother, Hoder, explaining how he could throw it. The arrow struck Balder, killing him, but he was restored to life and the misletoe was placed under his mother's care so that it would never again bring harm. The custom of giving a kiss of love or peace under the misletoe is an assurance that it will never again be an instrument of evil. .. ..

In The Bronco Corral

I apologize for an error I made in my column last week. Jack Baker should be given credit for those extra 4½", because he's really 5' 7½" instead of 5'3". Sorry, Jack!

Well, who should it be this week? It's none other than that tall, light, and handsome senior fellow with blue eyes, known as "Gundar." Did I say tall? Yes, he's 6'3½". When he's through school he plans to join the Merchant Marines.

The sneior girl this week is 5'3" tall, has blonde hair, and blue eyes. She likes to dance, play basketball, and she takes part in many other active sports. As a whole, she is an "all-around" girl. When she is through school she plans to go to college to take a secretarial course. She is the "Neuron" that I've mentioned several times before in my column. ("Neuron" not Moron.)

That reminds me of a little Moron I know, that strained himself when he went through the screen door.

There are several of Belmond High School's former students home from the service at the present. They are Meints, Cunningham, Greenwood, Thompson and Tracy. We hope you'll all have a good time while you're back in the "old town" again.

December 7 isn't far off! And that is the day when the stamp drive ends for the purchasing of our jeep. So don't forget, keep on buyin'!

Coronation of Queen Features Friday's Game

Pearl Harbor Observed In All-School Assembly

An all high school assembly was held Dec. 7th, Pearl Harbor Day, at 2:30 in the high school auditorium.

The program was opened by the Junior High and High School cheer leaders leading the student body in some yells for the Belmond - Eagle Grove basketball game.

The results of the jeep drive which ended Dec. 7 were announced. Two interesting movies presented were "Paratroops" and "Listen To Britain." The movies were enjoyed by everyone.

Singing of the Star Spangled Banner brought the program to a close.

Commercial Students Assist in Seal Drive

The Belmond High School commercial department has been mailing headquarters this week for the annual Christmas Seal sale.

The work done by the High School students has been to type the addresses of the outgoing letters as well as the addresses on the return envelopes, and also to fold the letters and seal them.

Between 450 and 500 letters were mailed out last week, these may be returned by mailing to the school or by dropping the letter into one of the boxes left down town.

Last year's receipts from the sale of Christmas seals in Belmond were $159.47. The County quota has been raised 16% over last year's receipts in order to meet their share. The citizens of Belmond will have to raise about $175 this year.

Let's go over the top! !

Winner's Identity To Be Withheld Until Ceremony

As a special added feature of the Buffalo Center game here tomorrow night the Basket Ball Queen of 1943-44 will be presented and crowned in a special ceremony between halves of the varsity game.

Identity of the queen will remain unknown until the time of the event. She will be one of the five candidates nominated for the election inaugurated four weeks ago. These candidates are Marcia Pierce, senior, representing Taste and Baste Club; Kathryn Palmer, senior, representing Hoofbeats and Student Council; Nelda Fulton, senior, nominated by Girls Glee Club and Pep Club; Muriel Soma, sophomore, sponsored by "B" club and Basketball squad; and Loretta Rubendahl, sophomore, represent- of Miss Jensen. An attractive pre-

The ballot box will remain sealed till the night of event and the announcement of the queen will come out at the time of the coronation. The other four girls will act as attendants to the queen.

Election of the candidates was sponsored by the Hoofbeats Staff, and was in connection with the sale of season tickets. Each student ticket sold had a value of 100 votes and each adult had a value of 250 votes. The ticket sale has been a decided success, over $300 having been sold. The coronation ceremony is being sponsored by the Pep Club under the direction this exciting event.

Children Served Penny Milk

Between 180 and 200 children from Kindergarten through sixth grade are being served daily a half pint of milk each as part of the Penny Milk Program which was resumed Nov. 18.

This is sponsored by the Food Distribution Administration Government Agency. According to plan each child pays one cent per day for milk and the balance is made by the F. L. A.

This program is additional to the hot lunch which is open to the whole school.

About 85 per cent are participating in the Penny Milk Program. Milk served is pasteurized by Dana Howell.

Sacred Concert Next Sunday

One hundred high school and Junior high boys and girls will be presented in a Christmas Vesper program in the school auditorium Sunday afternoon, Dec. 12th at 4 o'clock.

The program will consist of instrumental music by a brass ensemble and by a woodwind ensemble, Christmas songs by the Junior High girls chorus and the Junior High boys chorus, and a Christmas cantata, "Chime of the Holy Night" sung by the High School girls glee club of thirty-six voices.

Solos in the cantata will be sung by Lorraine Quigley, soprano; Dorothy Lonning, mezzo soprano; and Pat Chapman, alto.

Duets, obligatos, and recitatives will be sung by Nelda Fulton, Mildred Helland, Abbie Doris Bonte, Luann Kinseth, Betty Green, June Boelman, Esther Nelson, Ruth Nelson, Doris Christie and Jean Greenfield.

The rest of the choir includes Genevieve Thayer, Grace Landon, Ruth Hogenson, Katherine Holgate, Muriel Soma, Neoma Johnson, Henrietta Bleeker, La Vene Steenblock, Joan Wagner, Lorraine Ellis, Marie Eckhoff, Shirley Coulson, Wanda Jenison, Marjorie Helland, Bonnie Uhlenhopp, Joan Swenson, Helen Nelson, Betty Uhlenhopp, Peggy Greenlander, Marlys Parker, Loretta Rubendahl and Lela Faye Riggs.

Members of the Brass Ensemble are: George Sharp, Ray Henderson, Abbie Doris Bonte, Loretta Rubendahl, Wanda Jenison, Paul Quigley, Peggy Greenlander, Nelda Fulton and Lorraine Quigley.

Included in the Woodwind Ensemble will be Marlys Parker, Marjorie Helland, Ruth Hogenson, Betty Uhlenhopp, Pat Chapman, Shirley Coulson, Grace Landon, and Jean Fetrow.

Joe McLaughlin, Alfred Meyer, Anthony Meyer, Tony Jones, Duane Rierson and James Mariga will serve as ushers for this program, which is as fololws:

The Audience will sing "O Come All Ye Faithful."
The Brass Ensemble will play, "Christmas Medley.'
The Junior High Girls will sing, "It Came Upon the Midnight Clear," "Hark, What Means These Angels Voices," "Gloria In Excelsis.'
The Woodwind Ensemble will play "The First Noel,", "Hark The Herald Angels Sing,", "While Shepherds Watched their Flocks by Night."
The Junior High boys will sing, "O Little Town of Bethlehem," and "We Three Kings of Orient Are."

The Cantata is "Chimes of the Holy Night" sung by the high school girls glee club.

To close the program the audience will sing "Joy to the World."

The churches of Belmond have been asked to cooperate in promoting the attendance of this concert and it is hoped that many will avail themselves of the opportunity of hearing the many best-loved Christmas carols and Christmas music.

Now more than ever we need to take time to realize the full meaning of Christmas. More than one hundred students are working hard to make this a worth while and memorable Christmas program.

Candidates For Queen Are Briefly Described

Various Organuizations Sponsor Five Girls

One of the five girls described in the following column will be crowned Queen of Basketball between halves of the Belmond-Buffalo Center game Friday night. The girls are sponsored by Taste and Baste Club, Glee Club and Pep Club, Band, Basketball Squad and B Club, Student Council and Hoofbeats.

Marcia Pierce, representattive of the Taste and Baste Club is seventeen years of age and a senior in high school. She is five feet four inches tall and has brown hair and eyes to match. She belongs to and is president of both Taste and Baste club and Pep Club. The classes of which she is a member are bookkeeping, advanced Home Ec., Economics and English IV. Of all her subjects Advanced Home Ec. is her favorite. When the candidate of Taste and Baste Club finishes school she plans to join the WAVES.

The candidate of the Student Council and Hoofbeats is Kathryn Palmer. In the near future she will be seventeen and is also a senior in high school. Being the shortest of all the candidates she is four feet, ten inches and has brown hair and hazel eyes. Kathryn is enrolled in the Pep Club and is Editor-in-Chief of Hoofbeats. She is a member of the Economics class, Typing II, Advanced Home Economics and English IV. English and Home Emonomics are her favorite subjects. Nursing is her chosen profession.

The third candidate, Nelda Fulton, is also a member of the senior class. She represents Pep Club and Glee Club and is a member of Pep Club, Pep Band, Band and Glee Club. Nelda is five feet, five inches tall and is a blonde with blue eyes. Shorthand II, Typing II, Bookkeeping and Economics are the subjects which she is taking this year. Bookkeeping is her favorite subject. Nelda plans on attending a commercial school after she completes her high school education.

Loretta Rubendahl, a sophomore in high school, is the candidate for the Band. She is fifteen years of age and is five feet, five inches tall. She has light brown hair and brown eyes. Loretta is a member of Pep Club, Glee Club, Hoofbeats and Student Council. She plays the baritone in both the Concert Band and the Pep Band. The subjects she takes are English, Biology, Geometry and History. Of these her favorites are Biology and Geometry. Loretta plans on taking a business course after completing high school.

The last but not least of our candidates is Muriel Soma who represents the Basketball Squad and B Club. She has a height of five feet, five inches, and has blonde hair and blue eyes. She also is a member of the sophomore class. Muriel's subjects are English II, History, Biology and Geometry. She is active in Pep Club and Glee Club. The commercial world seems to have attracted her attention as for her choice of work after she finishes high school.

Last Year's Grad Studying Japanese

Philip "Oops" Covington, of last year's B H. S. graduates, now a U. S. Marine, is back in school and will probably be studying harder than ever before.

Who wouldn't if they had to learn the Japanese language, exactly what Philip is doing. He was selected from his class to attend the Japanese Language School at Camp Elliot in California. He considers the whole thing a a "good deal."

New Student Transfers From Fort Dodge

Josephine Mourlam, the new freshman in B. H. S., is from Ft. Dodge. She will room at Mrs. Jenison's boarding house until March, when her parents, Mr. anr Mrs. H. J. Mourlam, will move from Klemme. The Mourlam family plans to live on the Quigley farm southwest of town.

"It's alright and the kids are friendly," says Josephine when asked what she thinks about our high school.

Junior High Party

A Thanksgiving party was held on Wednesday. Nov. 24, in the recreation room. Everyone contributed toward refreshments.

An assembly program held Friday was something unusual, a negro minstrel show. Mary Joye Helland, Marion Tyrrell and Patty Parker gave a dance and many negro songs were sung.

Names were drawn for Christmas gifts and committees were appointed.

In English a unit of Longfellow has been completed. The causes of the Revolutionary War were studied in History.

Grade Pupils Give Operetta

On Thursday evening, Dec. 16, 1943, the grade children will present their annual Christmas program, "Scrooge's Christmas" by Grant-Schaefer, in the form of an operetta. This operetta is in two acts and is a dramatization of the famous Dickens' "Chrismas Carol". Several carols are introduced throughout the program including "God Rest You Merry Gentlemen," "Chiming Bells," "Oh, Christmas Tree," "Silent Night, Holy Night," "Deck the Halls with Boughs of Holly' and "O, Little Town of Bethlehem."

Jack Riggs, a fifth grade student, will carry the leading role of Ebenezer Scrooge.

The rest of the cast will include: Fred, Richard Kriens; Bob Cratchit, Douglas Hopple; 1st gentleman, Jon Hogenson. 2nd gentleman, Jerry Hanson; Jacob Marley's Ghost, Edward Eccles; Mrs. Cratchit, Marilyn Madsen; Peter, James Martin; Tiny Tim, Larry Larson; Belinda, Nancy Johnson.

Martha, Janet Beavers; Little Boy, James Bayliss; Little Girl, Connie Benson; Grocery Lads and Shopping Lasses, 2nd graders; Ragamuffins, 3rd graders; Carollers, 4th graders; Little Chefs, eight fourth graders; angels, 5th grade girls; Gestive Ghouls, 5th grade boys; Ghosts, 6th grade boys; Chorus; 6th grade girls.

The first grade children, numbering some 44, will present three rhythm band numbers preceding the operetta.

Miss Tokheim will have charge of the between acts entertainment which will probably be two or three Christmas songs by the entire Kindergarten.

Miss Jensen will have charge of this production with the able assistance of the grade teachers. Miss Lien, Miss Lake and Mrs. Foss will make up the stage crew and will have complete charge of the stage, scenery and properties. Mrs. Parker, Miss Byrnes and Miss Devine compose the costume committee, being in full charge of the entire costuming of the operetta.

Our choice is not as varied this year, but

Excited Iowan Fired Ramrod At Shiloh

On April 6, 1862, the first great battle of the Civil War in the west was fought at Pittsburg Landing, Tennessee afterwards known as the battle of Shiloh. After disembarking at Pittsburg Landing the Federal troops formed their battle lines in a semi-circle facing south and southwest, to meet any onslaught of the Confederate troops stationed twenty-five miles away at Corinth. The Fourteenth Iowa Infantry formed a part of General Benjamin M. Prentiss's division, which was placed at the extreme left of the line facing nearly south. The Iowans, armed with oldfashioned, muzzle-loading muskets with steel ramrods, were in the unit which afterwards became known as the Hornets Nest brigade.

Learning of the position and intentions of the Federal army, Confederate General Albert S. Johnston decided to deliver a surprise attack before the Yanks were well organized. General Prentiss's division was the first to feel the shock of battle. The Fourteenth Iowa withheld fire until the enemy was within paces, when their volley destroyed the first line of the Confederates. But the enemy was not halted. Hurriedly the men began reloading to meet the shock of the second advancing line. In his excitement, Private Joshua Campbell of Glasgow forgot to remove his ramrod when he fired. The ramrod whizzed upward and was driven several inches into the limb of an oak tree.

A half century later, two Iowans who had seen Private Campbell's singular feat visited the scene of the incident and saw the ramrod still sticking in the tree. In July of 1929, O. A. Garretson visited the Shiloh battlefield. On inquiring about the ramrod he learned that the tree had died but the ramrod with a section of the trunk had been cut out and kept by the curator of the battlefield. Thus while Joshua Campbell lies buried in a lonely cemetery northwest of Salem, Iowa, the ramrod remains as a fitting memorial of his militry service.

Build Morale with FLOWERS for Christmas

Hearts leap high when a florist box is opened to reveal a dozen roses from the Belmond Greenhouse . . . or perhaps a symphony of mixed flowers. And where is the home that would not look lovelier . . . more festive, with the addition of a gay poinsettia? Flowers show thoughtfulness as few other gifts can. A gift of flowers is always appropriate, whatever the occasion. Few 'extra' gifts are received with such 'extra' pleasure as a single lush gardenia or a luxurious orchid. Whatever your floral needs are, we can attend to them, for our shop is filled to overflowing with the most choice plants and cut flowers. We are especially adept at making up unusual corsages, too. Stop in and see our Christmas display!

Plan Livestock-Feed Conservation Program

County-Wide Meeting Is Friday at Clarion

Plans for a county-wide livestock and feed conservation program for Wright County will be made at a meeting of a newly appointed advisory committee to be held at the I. O. O. F. Hall in Clarion, Friday noon, Dec. 10, according to an announcement by County Extension Director Aaron R. Bowman. The meeting will be a noon luncheon beginning at 12:30.

The advisory committee, representing producers and groups interested in county agriculture, is as follows: Gerhard Thompson, president of the Wright County Farm Bureau, Belmond; Hi Vanderlip, Chairman of the Triple A, Dows; John Schipull, County Committee member of the Triple A, Goldfield; O. J. Hanson, Alternate of the County Triple A Committee, Belmond; Harold Simerson and Russell Smith of the Hemp Plant, Eagle Grove, Iowa.

Members of the committee representing Belmond will include: B. C. Hewlett, Banker; G. F. Elder, of the Farmers Grain Co.; Dr. H. J. Cassick, Veterinarian; John VanGerpen, Hatcheryman; Belmond Lumber Company; Fullerton Lumber Company; Greenlander Lumber Company; H. L. Schultz, Druggist; Adams Drug Company; Chapman Produce; A. J. Meints, Poultry dealer; Christie & Larson, Livestock Dealers; Thompson Hybrid Company; Helland Implement Co.; Tudor Garage and Mrs. George Hansen, all of Belmond.

A member of the State Livestock and Feed Conservation Committee and E. L. Quaife, of the Agricultural Extension Service at Ames, will be in attendance at the meeting to discuss the need for a vigorous campaign on livestock diseases and parasites and to outline the state and national programs.

The group will also discuss the extent of loss of livestock due to disease, parasites, lack of sanitation and overcrowding together with possible increases in production and income that might be obtained through conservation.

A county work committee will be appointed following the meeting. This sub-committee will work out details for the county program and complete plans for putting it into effect.

In calling the county meeting, Bowman points out that Iowa farmers have reached or exceeded their production goals for livestock and livestock products in 1943. But in doing so they have used all the feed produced in 1942 and dug deeply into accumulated reserves. The quantity of feed grains available for feeding, beginning October 1, 1943 is expected to be between 5 and 10 per cent less than the quantity fed during the past 12 months. On the other hand, there will be about 10 per cent more livestock and poultry on farms on Jan. 1, 1944.

Livestock diseases and parasites are costing the farmers of Iowa at least 50 million dollars annually, probably much more. And while death losses are staggering, the unseen losses of feed and effort, due to unthriftiness caused by diseases and parasites in livestock and poultry are even greater. Prospective feed supplies will not permit the increase of livestock numbers, but production of meat, milk and eggs can be maintained at the highest level by reducing these losses.

Scouts Have Collected 5½ Tons Scrap Paper

An estimated five and one-half tons of scrap paper have been collected by the local troop of the Boy Scouts, Clark McNeal, scoutmaster, announced today.

The scouts have been gathering in scrap paper the last two Saturdays, but have not quite finished the job. They will canvass the Barry Addition next Saturday, December 11, and will also call at other homes that may have been missed before. Apologies are made to persons who put paper out for collection on December 4 that was not picked up. If they will telephone 21 and leave their names, it will be picked up in the final canvass next Saturday.

Proceeds from the drive will be used to send local boy scouts to camp next summer.

Pheasant Flew Into Town and Captivity

About two years ago a pheasant flew down the Main Street of Belmond and bumped into the window of Brewer's Cafe.

On Tuesday of this week in the early hours of the morning when the men were going to work on reconstruction at the factory south of the city, Harry Compton was approaching the Cafe at the same time a nice size cock pheasant flew into the light.

Man and pheasant met, with the man capturing the bird, and it is hard to tell which was the most surprised. According to our information, the pheasant (either stunned or injured) was taken into the cafe and fed by Margaret Just after which it was taken along to the General Mills plant and deposited in the office of the cashier, Ted Townsan.

Ted released the news on Tuesday evening that the bird had expired, apparently for no reason at all since upon inspection not a mark could be found.

October Jurors Inspect Jails Of County

Find in Good Condition But Suggest Some Improvements

The Grand Jurors selected at the October term of the District Court of Wright County, Iowa, have made an inspection of the jails in the county and report in regard thereto, as follows: That the Grand Jurors inspected the jail in Clarion and resolved themselves into committees for the inspection of the jails in other parts of the County. Walter Zenor and Charlie Loux formed a committee to inspect jails at Eagle Grove, Goldfield and Woolstock; Joe Bel and Carl Tonderum formed a committee to inspect the jails in Galt and Dows; Cornelius Thompson, W. H. Baker and D. G. Southard formed a committee to inspect the jail in Belmond.

The Grand Jurors through their various committees report that the city jail in Clarion is in good condition and clean except that the bars on the outside of a window should be repaired. The county jail in Clarion was found to be in good condition. One window, however, showed that the bars had been eaten away by some substance and new bars should be welded on. It would also be an improvement to have new mattresses furnished for the jail. The jails in Eagle Grove and Woolstock were found to be in a satisfactory condition; the jails in Goldfield and Belmond were found to be in good condition. The jail in Galt was found to be very satisfactory, especially for a small town. The jail in Dows is situated in the basement of the town hall and is dark. Ordinarily the jail is not used

Two Women Injured In Car Collision

Both Automobiles Were Badly Damaged

Lloyd Van Buskirk of Goodell, who was traveling north in his car, and a car driven by Mrs. Harriet Ward of Kenyon, Minn., ran together Thursday at 11:00 a. m. one mile south of Goodell.

Mrs. Ward's sister and husband, also of Kenyon, were in the car. The Ward automobile rolled over several times after the crash to a distance of 150 feet, and the occupants were thrown out. Mrs. Ward received a scalp wound and the sister a broken arm, leg and ankle. The two men were not hurt, but both cars were badly damaged.

Mrs. Ward is a patient in the Belmond hospital. Her sister was taken to Rochester, Minn., where her son is a surgeon. G)

Returns Due December 15

A farmer's guide for making December 15th tax estimates was distributed to persons attending meetings in the county recently with Charles Fritz, Deputy Collector of the Internal Revenue Department. Other copies of this publication may be obtained at the County Extension office in Clarion. A brief summary of the information discussed is as follows:

Who Must File—

Income Tax—Farmers with a gross income of $1,200 or more if married, $500 or more if single.

Victory Tax—Any individual receiving $624 a year or more. This includes hired men on farms.

When Is Return Due—

For farmers, on or before Dec. 15, 1943, on estimated income for the calendar year.

What Forms Are Needed

Form 1040-ES is filed. For work sheets, farm income Form 1040F is useful as well as a "taxpayer's work sheet" for estimating income and victory tax (both are available at Internal Revenue Offices.)

Pay-As-You-C... (Income) Tax—

This ... based on estimated net income for 1943. Note, however that if the 1942 net income is greater than the estimated net income for 1943, the tax for the 1942 year applies in computing the tax payment due Dec. 15.

Victory Tax—

This tax is separate from the pay-as-you-go tax and does not have the same allowable deductions and exemption.

Post-War Credit—

This credit applies to victory tax only.

Abatement—

Forgiveness of a part of the 1942 income tax. This is reported on the tax return due next March 15, not the one due on December 15, 1943.

Penalties—

Penalties apply for failure to report, to report on time or gross errors in estimates.

Where To File A Return—

Send proper return and payment to collector in district where you live.

Example—

Sample of taxpayer's work sheet and tax return.

To Crown Basketball Queen At Friday's Game

Buffalo Center Team Plays Here

Friday night the Broncos will play their second home game during the week, opposing the strong Buffalo Center team. The Buffalos have not lost a game to date and last week tumbled the highly rated Britt team.

Special feature during the game will be the crowning of the Basketball Queen at the half. Ceremonies in connection with this event are being sponsored by the Girls Pep Club under the supervision of Miss Edith Jensen. Superintendent Theodore Johnson will serve as master of ceremonies, introducing the Queen and her four attendants. Jack Campbell, Student Council President, will have the honor of crowning the Queen. The Pep Band will add a bit of flavor with appropriate music.

The Student Council will meet at 7:45 Friday night to open the ballot box and tabulate the results. Be sure and come out to find out who has won the contest for Basketball Queen: Marcia Pierce? Nelda Fulton? Kathryn Palmer? Loretta Rubendahl? Muriel Soma? Friday night tells the tale.

White Hampshire Lays Chocolate Brown Egg

Ed Schmidt thinks he might have a pullet who lays Easter eggs. He brought in an egg to the Independent office last week, three-fourths of which was a rich chocolate brown in color and the rest the natural color of an egg, and he says it was laid by a White Hampshire pullet.

The egg is not on display at the Independent office for interested observers, since Schmidt asked that Wallace Ramsay take the egg home for his breakfast. Ramsay reports that even though the egg was dark brown in color, it did not have "a dark brown" taste. So far as he could tell it tasted just the same as any other good, fresh breakfast egg.

Make Changes In Slaughter Regulations

Affects Packer, Butcher And Producer

James W. Doud, Area Supervisor of the War Food Administration, announces suspension of Quota limitations on slaughter of livestock. This permits the packer or butcher holding a Government license to kill livestock for civilians without quota limitations until further notice.

A farmer or other producer of livestock may slaughter without a license or permit and consume meat without giving up ration points, if he qualifies under the following OPA regulations: (1) If he raised the Livestock from birth, or (2) Owned the animal for a period of 60 days immediately before slaughter, or (3) the weight has increased at least 35 per cent between the time he acquired the livestock and the time of slaughter. In all three instances, the raising of the livestock must take place on a farm or other place which the livestock producer operates.

In addition, to be considered eligible to slaughter and consume meat point free, a person must have resided more than six months of each year on a farm which he operates, or must have visited the farm for the purpose of giving personal attention and supervision to the raising of the livestock on his premises for at least a third of the time during the period (one of those listed above) on which he bases his claim to the right to consume the meat point-free.

In other words, the only person that can consume meat point-free is the person that can qualify as a Producer. The 50-50 stock share landlord cannot slaughter meat point-free unless he can meet the definition of a Producer. There will be no time when a permit will be in order for a 50-50 stock share landlord except cases where such a person can show evidence of 1941 slaughter such as the Butcher permits.

To sell meat, permits must be secured and ration points collected.

Team Suffered Defeat At Northwood But Won Over Eagle Grove

NORTHWOOD 31, BELMOND 20

Last Friday night the Belmond cagers journeyed to Northwood and suffered amazing loss. The defeat was unexpected, but was due largely to erratic playing combined with poor team work. The first quarter was by far the best played, with the Northwood aggregation leading 6 to 3 at the half. During the second quarter the Broncos didn't even represent a team when they failed to score a marker.

In the second half of the game the outlook was dismal, and the boys showed little or no improvement. As a result the period came to an end with Northwood on the long end, 24 to 8. The final stanza progressed with Northwood using the second squad and the overrated Broncos finally finding themselves, closing the contest with a score of 31 to 20. This was Belmond's first loss.

BELMOND 30 EAGLE GROVE 28

Tuesday night the Belmond high school cagers defeated the highly favorite Eagle Grove team in a nip and tuck battle with the score of 30-28. The contest was one of the most exciting games ever witnessed by Belmond spectators.

The opening minutes of the game favored the Eagle Grove team which made a quick basket on a fast breaking play. Immediately following the play Larry Dorr knotted the count by making a set shot from the corner with a nice heave. After this the game was see-saw until the final second.

During the first quarter the Broncos were rather erratic and bad passes cost the team several baskets. As a result the Grovers led by the score of 7-5 when the first quarter ended. The second period introduced constant scoring sprees with both teams making an even dozen points apiece and the score remained at 19-17 in favor of the visitors.

After the half way mark in the game the Broncos came back with an inspiring fighting spirit. The lads fought for the rebounds and team work paid dividends because the Belmond five led 32-22 when the quarter terminated.

In the last period it seemed as if the Broncos would pull ahead in the contest but only once during the game did they lead by a 5 point margin. Also at this time the quintet lost Finn, their valuable guard, who left the game by way of the foul route. However, Coach Lansing replaced him with Les Classick and in the final minutes of the game, Shoenhow netted a field goal to make the score 30-28, leaving Belmond victorious. The game brought high scoring honors to Douglas Walrod who made 11 points, Larry Jones accounted for 10 and Bob Nelson, 7. For the visitors Helback was high man with 9 and Shoenhow poured in 7. The contest was played under fine guarding conditions with Larry Dorr holding the high scoring McGrath to 6 pointers. Orland Finn was terrific on rebounds.

War Food Production Meeting Called For Tuesday, December 14

An all day War Food Production meeting of representatives of all agricultural groups and govern- agencies has been called by H. B. Vanderlip, County War Board Chairman, for 10:00 o'clock Tuesday, December 14th a Clarion in the Supervisor's room the Court House.

The purpose of the meeting is to develop a production program that will reach every farmer in the county.

Otis Littshwager, AAA field man, and Carl Malone, State Extension representative, will assist in conducting the meeting.

Information to be discussed at the meeting will include need for food and Iowa's responsibility in the 1944 Production Program; State and County Goals and how they were established; Price supports and incentives now in effect; and Production Practices to assist in attaining maximum production.

Invitations to the meeting have been sent to County AAA committeemen, County Extension Agent, Vocational Agricultural teachers, County representatives of the Rural Electrification Association, Farm Security Administration Farm Credit Administration, Office of Defense Transportation, Office of Civilian Defense, Food Dis- Service, Rationing Board, Repre- tribution Administration, Selective sentatives of Wright County Farm Bureau, Representatives of local cooperatives and others.

Recommend Restrictions To Prevent Death From Carbon Monoxide Gas

The state health department today recommended placing complete restrictions on certain "gas" sources in Iowa, but don't be alarmed.

The department was referring to carbon monoxide gas and especially emphasized checking potential sources of leaks in motor vehicles, open gas heaters, coal stoves and other types of burners where incomplete combustion may take place.

Reminding that accidental carbon monoxide deaths occur most frequently during the winter months, the department reported that 80 accidental fatalities from this cause have been reported in Iowa during the last five years.

Of these, 48 were traced to motor vehicle leaks, and the remainder resulted from other causes.

In 1943, provisional statistics reveal, accidental fatalities from this cause totaled eight the first seven months of the year compared with six the corresponding period in 1942.

"The months of greatest danger from carbon monoxide are December through March," the department said. "The time to safeguard against possible leaks is the earliest possible date."

Specific safeguards against motor vehicle carbon monoxide were given, the department advising to open the garage door before starting the engine, driving with one window partially open to offset leaks from faulty heaters and other sources, and having frequent inspections of manifold, exhaust pipe and muffler.

In addition to motor vehicles, heaters and stoves, unburned artificial gas is a source of carbon monoxide, the department said.

In Cooperation With The Nation's All Out War Effort

The Belmond Community Club Will Not Conduct It's usual Christmas Trade Promotion Plans this year

Our government has asked us to forego all extras - - especially all commercial promotions and elaborate street decorations. Belmond has been proud of their extensive lighting and decorating ventures in the past and we have invested hundreds of dollars in the equipment which is now lying idle in storage where it will stay for the duration. Our Christmas gift event has been carried on every year at great cost and labor on the part of the Community Club members. It has been the means of distributing hundreds of dollars every year in cash, bonds and merchandise, to the people of this territory who trade with Belmond merchants. We have been proud of this event and hope it has shown our appreciation of the continuous support you people in this territory have given the Belmond business firms. We assure you that as soon as our mutual effort - - "The winning of this war" - - is accomplished, we will again be promoting bigger and better trade promotion plans and putting elaborate street ecorations up.

However: Just because we are playing down the public display of a commercialized Christmas does not mean that our stores have not stocked up to take care of your needs—even though merchandise is scarce and practically non-existent in some communities. You will find the Belmond stores packed with all the latest ideas in Christmas gifts. Belmond has been fortunate in this respect. The buying power that your patronage has given our stores has made it possible for them to get merchandise on a short market. If it is made, or for sale any place, you will find it in Belmond. Conserve on your gas and do your Christmas Shopping in Belmond. THE CITY WITH THE MERCHANDISE YOU WANT.

4 Things You Can Do To Help Us Give You Good War-Time Service On Your Tractor

1. Tell us AS FAR IN ADVANCE AS POSSIBLE what implements need servicing and when they will be available, so we can plan our work ahead.

2. Tell us also what new parts you think will be needed, so we can order them now.

3. Clean up your tractor and other machines before you bring them in. That will save valuable time in our shop.

4. Make minor repairs yourself, if you can, so that our mechanics will have more time to devote to major work.

MEMORIAL SERVICE

A service in memory of Mrs Frank Case, of Taft, California, for many years a resident of this community, was held at the Congregational church Sunday afternoon in charge of the Rev. Foster Beck. Mrs. George Steele sang "Vale" accompanied by Mrs. Cato Griesy. The O. E. S. used their ritualistic burial service, after which the ashes were interred in Franklin Grove Saturday.

Several relatives of Mrs. Case, including her son Floyd and family of Clarion, were here for the service.

Broncos Score Two More Victories In Last Week

Team Wins Easily Over Buffalo Center And Lake Mills

BELMOND 38

BUFFALO CENTER 15

Last Friday night the Belmond high school basketball team easily defeated Buffalo Center with the score of 38 to 15.

The home quintet started the scoring during the first minute of play and from that time the Buffalos were completely outclassed and outplayed. The two fast-breaking forwards, Larry Jones and Bob Nelson, assisted by Les Classick, put on a splendid display of shooting and the first quarter ended with Belmond ahead and the score 10 to 1.

When the second stanza began, the Broncos defense began to tighten and the Buffalos had trouble trying to work their shots to a close range. Haydn Jones and Orland Finn, guards, recovered the rebounds to set up the scoring for this quarter which now stood at 19 to 13. The last few minutes in this period were responsible for several substitutions, with Rog Pals, Daryl Beavers and Waddington replacing the forwards and center respectively.

After intermission, the boys came back into the game to roll up the score. The play of Bob Nelson was most noticeable, and his five rapid baskets left the visitors helpless. However, the boys were beginning to show signs of wild play, which cost the team several easy baskets.

The final period forced Coach Lansing to substitute freely, and his sophomore "shock troops" were inserted to replace the veteran forward. The younger boys immediately began to take over. Ray Waddington started the fireworks by making a quick set-up shot. From this point the game was well on its way as a victory for Belmond high.

High scoring honors went to Larry Jones with 14 points, while Nelson hit the basket for 12 and Classick registered 8. As usual, Orland Finn was the master in the back court, and his control of rebounds was too much for the opposition.

Because of the flu epidemic, the squad was cut short with Larry Dorr, crack guard and "Shorty" Walrod, the 6'4" center, out of the game.

BELMOND 50

LAKE MILLS 26

On Tuesday night the local basketball aggregation journeyed to Lake Mills and returned with a one-sided victory in the score of 50 to 26.

The weather failed to slow up Coach Lansing's high scoring Broncos because the boys were red-hot.

The first few minutes of the game were uneventful, and the high school lads were slow in starting. However the final minutes found Les Classick making seven points to put the quintet in the lead with the score at 10 to 8 as the first period ended. From this point on, the Broncos began to pull up the markers.

The scoring was due largely to Larry Jones' and Bob Nelson's fine shooting. In addition, Orland Finn finally registered 10 points to help in Lake Mills' downfall. The half-time ended with Belmond leading 24 to 14.

In the second half the fast breaking forwards scored at will against the opposing team. Larry Jones and Bob Nelson were the big guns and each was responsible for 16 points. Les Classick and Orland Finn accounted for 8 and 10 tallies respectively. The play of Roger Pals and Hadyn Jones was quite steady and their passing set up many scoring opportunities.

For the second straight game the local five played without the services of Douglas Walrod and Larry Dorr, both reported ill with the flu.

CENTENNIAL

December 5, 1943, was an important date for members of the First Congregational church of Maquoketa. On that day, they celebrated the 100th anniversary of the founding of the church. A church dinner and a historical program were held by way of celebration. The first church services were held in a log blacksmith shop banked with dirt and sod to keep out the cold. The present church building was recently remodeled.

Belmond Meets Forest City Friday Night On Home Floor

On Friday night Bronco fans will have the opportunity of witnessing what promises to be a real baskeaball game between Forest City high and the Belmond team on the home floor. To date this game has been regarded as the top-notch conflict because of the rivalry that exists.

Although Forest City has an undefeated record this year with victories over Eagle Grove and Garner, the local quintet is most anxious to give the visitors their first setback. The local cagers have won four games, while losing only one to Northwood.

The visitors will present an extraordinary rangy outfit with four players averaging 6'2" in height. This will be a handicap to the Broncos, but their fighting spirit and team play should be a beneficial factor.
will be a handicap to the Broncos, but their fighting spirit and team play should be a beneficial factor.

Coach Lansing is anxiously awaiting the return of his two spark plugs, Doug Walrod and Larry Dorr, who have missed the last two games because of illness

Farmers Are Asked To Grow Waxy Corn

Is Used to Replace East Indies Tapioca

Wright County has been selected as one of the sixteen North Central Iowa counties which will be asked to produce an acreage of Waxy-Maize corn in 1944, County Extension Director Aaron R. Bowman announced today.

Waxy-Maize corn is being used to replace Tapioca which was cut off by the Japanese when they conquered the East Indies. It is a war crop that can be used in the manufacture of adhesives and paper products.

While Waxy-Maize corn is a war crop, it has definite post war possibilities. The starch which is manufactured from this corn is superior to that of tapioca which is of widely varying quality.

Farmers who grow the crop in 1944 will receive a premium of 12 per ce... the Chicago cash market above the local elevator price. On today's market this would amount to about 14c per bushel premium.

During the past year Iowa farmers grew waxy corn for the first time—some 2,000 acres of it. This year there will be enough seed available to plant some 60,000 acres of the product, according to Dr. G. F. Sprague of the Iowa State College Experiment Station.

Waxy corn resembles other yelloy hybrid corn except for the waxy characteristic which can only be distinguished by simple chemical tests. It is planted, cultivated, picked and shelled like any other corn but must be grown and cribbed separate from other corn. A 20 rod isolation from other corn is considered sufficient. A temporary crib in the field is satisfactory.

Yields this year have generally run high, comparing favorably with the best strains of standard corn, according to reports.

Farmers interested in growing waxy corn next year can get full information from the County Extension Director.

Rebekah Lodge Held Initiation and Election Last Monday Night

At a regular meeting of the Rebekah Lodge Monday evening, Dec. 13, initiation was held for one candidate from Belmond and two from Galt. Election of officers was also held with the following results: Noble Grand, Ruth Hardwick; vice Noble Grand, Gladys Tudor; treasurer, Rita Hokel, secretary, Lela Hokel; financial secretary, Elizabeth Purcell. A new trustee, Velma Petersen, was appointed.

Mrs. Ed Lindsey of Clarion, delegate to the conveniton which was held at Des Moines this fall, gave a report.

Mrs. Foster Beck, who will soon leave for Chicago, was honored with a farewell gift from the Lodge.

Crown Basketball Queen At Friday Night's Game

Marcia Pierce Far In Lead With Votes

Marcia Pierce was crowned Basketball Queen during intermission at the game between Belmond and Buffalo Center on Friday night. Other contestants for the honor included Muriel Soma, Loretta Rubendahl, Nelda Fulton and Kathryn Palmer.

The choice of the queen was determined by the number of votes secured. Each basktball season student ticket sold counted for 100 votes and each adult season ticket 200 votes.

The ballot box was opened by the Hoofbeats staff and Miss Jean Wendtland at 7:45 Friday night, just preceding the game. Approximately 41,500 votes had been cast with Marcia Pierce far in the lead.

Ceremonies for crowning the queen were arranged by members of the Pep Club with much credit going to Ruth Hogenson and Lorraine Quigley.

After the Queen and her attendants had assumed their places on the thrown and platform erected for this event, Miss Edith Jensen, pinch hitting for Supt. Johnson as Master of Ceremonies, introduced Jack Campbell, President of the Student Council, who had the honor of crowning the queen and presenting her with a bouquet of yellow 'mums." The queen's attendants, the other four contestants, were each presented with a corsage of white baby "Mums' and pink roses.

Schedule Meetings For Discussion of "Work Clothes For the Job"

A work garment that is comfortable, practical and inexpensive to make or buy is the goal of farm homemakers. But more than that, it must be attractive and becoming, even for the farm and home tasks that women are called upon to do in wartime.

Miss Elizabeth Deihl, county extension home economist, will discuss "Work Clothes for the Job", with Wright County homemakers at a series of home project training meetings for neighborhood leaders. Training meetings are scheduled as follows:

Friday, December 17th at Mrs. Lawrence Woodley's, Iowa Township.

Tuesday, January 4th, Grant Township.

Meetings have been held in Troy and Eagle Grove townships. Other township meetings will be scheduled at a later date.

The above scheduled meetings will begin at 10 a. m. and the leaders will pass the information on to their neighbors.

Safety features, which take on new importance as homemakers are called upon to pinch-hit outside the home, will be discussed. Miss Deihl will discuss the wartime market situation from the standpoint of ready-made garments, yardage goods and trimmings.

SPECIAL CHRISTMAS MASS AT ST. FRANCIS CHURCH

Midnight Mass at Saint Francis Church, Belmond. Mass at 9:00 at Saint Mary's Church, Goodell, and Late Mass at 10:00 at Saint Francis Church Christmas morning. The Midnight Mass and late Mass Christmas morning will be High Masses. Hours for confessions will be announced later.

SERVICES FOR INFANT

Funeral services were held on Tuesday afternoon, Dec. 14, at the Fundamental Baptist church for the infant son of Mr. and Mrs. George Eckhoff who passed away Dec. 12, 1943.

RECOGNIZES HUSBAND'S PICTURE ON SOUTH SEA ISLAND IN "LIFE"

Way back last summer Mrs. James (Dorothy) Waddington was reading very carefully an article in the June issue of "Life" magazine about the South Sea Islands, since her husband, she knew, was stationed on some Island in the South Pacific, in charge of supplies with the Quartermaster Corps of the American Army.

Several colored pictures illustrated the story including natives at work picking bananas, and native women doing ceremonial dances. There was one picture in particular that caught Dorothy's attention. The caption under the picture read, "Two naked American soldiers after breakfast of five bananas, slosh around in the mud trying to free their jeep. Over their heads, in the morning sunlight, glints a South Pacific bay, scene of big naval battles."

Both men in the picture had their backs to the camera, but Dorothy said to herself, "That surely looks like Jim." She clipped the picture and sent it to her husband, and just last week he wrote to her indicating that he and another American soldier on the island were the subjects of that picture taken several months ago.

KENNETH JENISON WRITES HOME

Mr. and Mrs. Le Roy Jenison have again heard from their son Kenneth, a prisoner of war in Germany.

August 22, 1943.

Dear Folks:

It is letter day today so I'll write to let you know that I am well and feeling fine. A lot of parcels have arrived from home. I haven't heard from you as yet but I expect to most any day now. Time is passing rather fast for us and everybody is looking good and healthy. I can see Roy Green every day and he feels and looks good.

Well, as usual I went to church today. The interior of the church isn't completed yet but it is coming along in good shape. Last night I went to hear the band play. They have a fine orchestra composed from the band and it always helps a person's morale to hear the tunes we used to hear. Well, again I must close for this week and say goodbye. Hope this letter finds you all fine there at home. Love,

Kenneth.

VIEWS OF THE NEWS TO THE INDEPENDENT

In a letter received by the Independent from 1st Sgt. Bernard F. Thayer who is stationed in Fort Sill Oklahoma, he states, "I received your paper today and am always glad to get it and get a lot of enjoyment out of it, especially the athletic part as there are several boys in my battery who are from around there. Of course I never say anything when Belmond gets beat but I let them know about it when they win.

We had a big War Benefit football game here Sunday between the All Stars and the Cannoneers, an all officer game made up of former college stars. The Cannoneers (that's us) won 12 to 0. Such stars as Leo Daniels, Henderson and Williams of Texas A and M, played for the Cannoneers and Al Santucce of Santa Clara and Maurice Ryan of Iowa State played for the All Stars. The All Stars were coached by Lt. Howard Rabey, a former Belmond boy. Howard and I had quite a visit.

I see my brother Duane got quite a citation. Looks like I'll go right on training men."

Another letter received by the Independent from Pfc. Glenn Slining saying "I thought I would write you a few lines to tell you how much I enjoy the Independent. I don't get it so regular, but I get it. I especially like the column entitled "With the Boys in Service." After I get through reading the paper I give it to Bob Dempsey and he in turn gives it to one of the other boys from Belmond. There are five of us from Belmond in our outfit and we see each other quite often.

We are still in the Aleutians and it looks as if we'll be here for the winter at least. It is not very cold yet but has snowed quite a lot. I enjoy it when it snows as it makes me think of the good old Iowa snows.

I had a wonderful Thanksgiving dinner and enjoyed a U. S. O. show last night. Have gone to several picture shows."

HOME ON LEAVE

Irvin T. Soma, R|M 3|c, who is a Radio Operator and Technician with the U. S. Navy arrived in New York Saturday, Dec. 4, after duty in the Atlantic. Irvin is now in Belmond, having arrived here Wednesday, Dec. 9 for a visit with his parents, Mr. and Mrs. Joe Soma and other relatives and friends.

HOME ON FURLOUGH

Sgt. Raymond Ross who is stationed in California arrived at the Wm. Jenkins home Monday for a 7 day furlough with his wife and son. Sgt. Ross will spend some time with his parents, Mr. and Mrs. Richard Ross at Dows.

CHRISTMAS GREETINGS

The Independent force received a V-mail Christmas Greeting from Merle Obrecht with best wishes for a Merry Christmas and Happy New Year. The sketch on the letter looks as though it could be from Africa.

Flu Is Reason For Closing School Early

Resume Classes Tuesday, December 28

108 cases of flu reported among school children and five cases in the faculty last Friday, was responsible for the closing of school until after the Christmas holiday.

Christmas vacation, therefore, which according to the school calendar should have been from Friday, December 17 to Monday, January 3, will be in effect from Friday, December 10, through Monday, December 27, with classes resumed on Tuesday morning, December 28.

The regular basketball schedule is being followed but other events planned for the last week of school before the Christmas holiday were cancelled, including the Christmas vesper service on Sunday afternoon, December 12, and the grade school Christmas program which was to have been presented tonight (Thursday) Dec. 16.

Livestock-Feed Program For Wright County

Beginning Stages Were Planned Friday

The beginning stages of a County livestock and feed conservation program was mapped at a meeting at Clarion Friday, Dec. 10th.

The meeting, called by County Extension Director Aaron R. Bowman, was attended by thirty-eight representatives with various agricultural interests in the County. The representatives attending this meeting were called for the purpose of acting as an Advisory committee to suggest methods of reducing the livestock losses in Wright County and thereby saving feed. Farmers, Hatcherymen, Produce Companies, Farm Credit Administrators, Livestock Dealers, Hybrid Seed Producers, Implement Dealers, Druggists, Newspapermen, County Triple A Committeemen, Farmer Cooperatives, Veterinarians, Vocational Agricultural Instructors and Farm Bureau representatives attended the meeting.

Mr. E. L. Quaife, Livestock Specialist of the Extension Service of Iowa State College, presented information showing the huge loss suffered in Iowa because of disease and parasites in our livestock. It is estimated that Wright county loses before weaning time, 65,000 of the 178,000 pigs farrowed. Another 8½ per cent die from weaning time to market. Of the 670,000 baby chicks Wright County loses 200,000 of them before they reach laying age. 100,000 of these die as hens and pullets during the year on Wright County farms. This is about 50 hens or pullets per farm.

Market figures show that about 1-3 of all our cattle are infected with cattle grub and we lose between 7 and 8 per cent of our

Free Movie And Santa Claus at Lyric

Community Club Plans Distribution Of Baskets

Belmond Community Club has made plans again this year for a children's Christmas party as well as the distribution of Christmas baskets to needy families.

Because of candy shortages, the Community Club has arranged to give a free movie on Saturday afternoon, December 18, at the Lyric Theatre at 2:00 o'clock for all children under 12 years of age from both town and country. "Outlaws of Cherokee Trail" is the movie and features Bob Steele and Tom Tyler. Santa Claus will be here that afternoon and will greet the children at the show. "Send your children to the show while you do your shopping in Belmond stores," is the suggestion of the Community Club.

The Community Club is also arranging for the annual distribution of Christmas baskets on Friday, Dec. 24. President C. C. Christie has appointed George Hake as chairman with Fred Thompson his assistant. They will be in charge of the preparation and distribution of the baskets.

Any person who wishes to assist in this project is asked to bring canned food, baked foods or staple groceries to the Lyric Theatre not later than 10:00 a. m. Dec. 24. It is the plan of the committee to ask each social club in Belmond to cooperate in this project and would like to have them discuss this matter at their meetings. The Club is asking that each Social club furnish two of its members to assist in the packing of the baskets at 10:00 a. m. Dec. 24, at the Lyric Theatre.

Tenants Supervised By Courson Agency Hold Annual Meeting

Farm tenants under the supervision of the R. E. Courson Agency held their second annual meeting at the home of Clark H. McNeal, Wednesday evening, Dec. 8, with forty people in attendance.

Mr. McNeal, manager of the agency, conducted the business discussion of the evening during which time each farmer discussed his own individual problems on vital issues. Relative merits of various Hybrid Seed Corn varieties were discussed by several of the farmers and orders were taken for seed necessary for the coming crop year. During the meeting Mr. McNeal spoke of the approaching scarcity of good and dependable seed oats for 1944 due to the serious reduction in crop acres of oats in 1943 and the unfavorable harvesting conditions. It was therefore suggested that the tenants under the agency would cooperate and pool all good oats in order that all would be assured of hybrid oats of good quality and high germination. Samples are to be sent to the Ames Experiment Station for testing.

Relatively the same arrangement was made regarding soy bean seed for the coming year. Emphasis was placed on the higher merits of the Richland and Habaru variety soy beans as compared to the older types. Favoritism was expressed for the Richland variety due to its higher oil content, higher growth and better shattering resistance. Other problems such as liming and use of commercial fertilizers were discussed along with livestock programs, government policies and regulations. The group stood firmly behind any sane Federal Farm Policy of good production to win the war.

The ladies spent a social evening visiting and playing Five Hundred. High score was received by Mrs. C. T. Gunderson. A lunch was served to the group by Mrs. McNeal assisted by Marvis Hake and several of the ladies present.

At the close of the evening Mr. W. C. Lyons of Clarion presented Mr. McNeal with a leather jacket on behalf of the group and a basket of flowers was presented to Mrs. McNeal.

Many tenants who lived outside the county were unable to attend due to gas restrictions, illness and previous appointments.

The following appeared in the Fleet City News, U. S. Naval Receiving Barracks, Shoemaker, California, and was written by George C. Hansen, former editor of the Independent, now editor of the Navy newspaper at Shoemaker:

"OKEY, LET'S GO!"

"Okey, let's go!" may have very little meaning, but to us who witnessed a scene and the spirit back of it, that was spontaneously enacted in the Welfare and Recreation Department Office last Friay afternoon, it represented the type of spirit found in every Navy man. We have reference to a case that is being duplicated by thousands of men in the service, of an individual needing a blood thansfusion with a special type of blood required.

A messenger appeared in the Welfare and Recreation Department asking for Frank Lee, S2c. His words were clear, but with a tone of anxiety, "Frank, you are wanted at the dispensary to give a blood transfusion—it is a case of life or death."

Before the messenger had completely stated his orders, our mate Frank, with that famous Navy cocksureness and confidence, said, "Okey, let's go!" There wasn't any hesitation or questions asked, and before the silence of this office was broken, Frank was on his way to give new life to someone that he never knew.

It is this type of spirit, displayed by thousands of Frank Lees, "Okey, let's go!" that Mr. Hitler and Mr. Hirohito sold the American boy short.

LIVESTOCK - FEED CONSERVATION

Organization of a county - wide livestock and feed conservation program, which is under way in Wright county, is a very urgent measure which is necessary to keep food production to a maximum.

We are told that prospective feed supplies will not permit the increase of livestock numbers, but that production of meat, milk and eggs can be maintained at the highest level by reducing losses from disease, parasites, lack of sanitation and overcrowding, which have cost the Iowa farmers at least 50 million dollars annually.

A large county-wide committee representing farm organizations and many types of business has been appointed to work on this urgent problem.

Certainly, this program demands the support, not only of members of this committee, but of every farmer who produces the food and every individual and business organization who in some way helps the farmer so that he can keep production of feed and livestock up to a maximum.

CONGRESS SHOULD ACT WITHOUT DELAY

We hope Congress doesn't fiddle around until it is too late!

We refer to the present discussion about new legislation needed for modifying the absentee voter law in order to give sufficient time for the sending of absentee ballots to service men, both in the United States and overseas, in connection with the 1944 Presidential election.

With several million of our voters in the armed forces, Congress should take steps immediately to see that they are given their rightful chance to vote in the election next year. They have every right to play a large part in electing the men and women to public office who will be responsible for governmental operations in the future—not too distant, we hope—when the boys who are away now will all be back home again, engaged in normal American activities and enjoying the kind of normal American living for which they are fighting.

—V—

WITH OTHER EDITORS—

It occurs to us that it is about time that somebody put the pre-war dads out of their misery. There are indications that perhaps congress is going to do it by putting them at the bottom of the draft barrel, but the way things are, one never knows.

The status of the dads has been hanging in the balance for a long time. First, we would read in the paper that they were going to be drafted. Then we would read that they were not going to be drafted and then we would go through the same thing all over again. No wonder the dads' brains were reeling as their status changed time and again over night.

In saying this we are not impugning the patriotism of the gentlemen affected. We know a lot of them. We know that they have been honestly bewildered. On one side was the pull of necessity to keep the home front going. On the other was the impelling force urging them to join the colors if their country needed them. The difficulty has been that they have not known from one day to another whether their country needed them at the front or doing their jobs at home.

It is hardly for one so far removed from great affairs as we are to say whether the dads ought to be drafted or not but we do feel free to express our humble opinion that it is about time that their situation should be clarified. Uncertainty like this is hard on morale.—Grinnell Herald-Register.

—V—

The futility of fighting facism in this country with a registration statute is revealed in the case of Laura Ingalis. Convicted as a nazi agent after a spectacular court trial. Laura Ingalls served about 14 months of an 18 months' sentence for failure to register as an axis agent, and is now at liberty to continue her propoganda work for Hitler. The only way America will rid itself of Hitler hate organizations and facist sympathizers is to get hardboiled. If they are not suppressed under war security statutes for sedition and espionage now, they will soon be back in circulation, ready to promote another bund or America First crusade whenever the time is ripe.—Mason City Globe-Gazette.

Christmas packages are being delivered to soldiers as soon as they arrive overseas, and many a soldier has already opened and enjoyed his packages. Sentimentalists were hoping the packages would be held till Christmas before being delivered. But that would be robbing some youngster of his last bit of happiness, for between now and Christmas more than one volley will be fired over the last resting place of an American boy. It's fortunate the army looks at it more practically than does the sentimentalist.—Kossuth County Advance.

The Greks do not like the idea of the allies lining up with Italy in the prosecution of the war. We can understand the viewpoint of the Greeks. Italy did make an unprovoked attack upon Greece and was responsible for the loss of many brave soldiers of Greece, also of much treasure. But that attack was launched by Mussolini, whom the people have repudiated and now Italy is fighting on the right side, and is going to help Greece get back her freedom, which the Greek people love above life itself.—Webster City Freeman.

OBSERVE 35th WEDDING ANNIVERSARY

Mr. and Mrs. Otto Ostendorf were very pleasantly surprised when 34 relatives and friends gathered at the Reformed Church basement on Thursday evening, Dec. 9th to help them celebrate their 35th wedding anniversary. A short program was given consisting of several musical numbers and a talk by Rev. N. J. O. Boomgaarden, after which a delicious luncheon was served. Mr. and Mrs. Ostendorf received a number of beautiful and useful gifts. Those present were Mr. and Mrs. Hilko Pals and family, Mr. and Mrs. Fred Wolters and Larry, Mr. and Mrs. Paul Lauen and LeAlyn, Mr. and Mrs. John Schmidt, Mrs. John Kaldenberg and Bruce, Mr. and Mrs. Ralph Schmidt all of Meservey, Rev. and Mrs. Peter Koenen of Aplington; Mr. and Mrs. B. P. Hemmes and Delbert of Hampton; Mr. and Mrs. Marvin Groen and Rhonda and Miss Lorraine Schmidt of Dows; Mr. and Mrs. John Modderman, Kenneth and Aliene, Mrs. Harry Green and children, Mr. and Mrs. Frank Ostendorf and family, Mr. and Mrs. Harold Baker and Cynthia, all of Belmond; Mr. and Mrs. Homer Olinger and family, Clear Lake; Mr. and Mrs. Peter Koenen and children and Mr. and Mrs. Ray Klehm of Latimer; Rev. and Mrs. N. Boomgaarden, Mr. and Mrs. Dick R. Schmidt and family, Mr. and Mrs. Peter Gruis and family, Mr. and Mrs. Herman Boelman and Judy, Mr. and Mrs. Clyde Blau, Mr. and Mrs. John Blau and family, Mr. and Mrs. Arnold Blau and Sharon, John Ostendorf, Harry Ostetndorf, and the honorees, all of Alexander.

HOLIDAY HOMECOMING

BILL sure got a warm welcome! Bud knew it was "kinda' sissy" to hug his big brother, but that's the way he really felt down inside.

Bill is only typical of boys in the armed forces. There will be Christmas and New Year furloughs—millions of them! And we'll bet every boy is counting the days until that train starts rolling toward home. All too soon that precious furlough will be just a memory, and it may have to do for a long, long time.

Disappoint a soldier? Not for the world! Nor would you. That's why the Rock Island is counting on your cooperation—why we're asking that you be guided by these travel suggestions:

1—If it is essential that you travel during the holiday period, leave on a less congested day.

2—If your plans change, cancel reservations promptly. Someone else needs your space.

3—Try carrying one piece of luggage. If you need another bag, check it through, identifying it with your name and address.

4—Help prevent dining car congestion. On short trips eat before you leave or after you arrive . . . or take a lunch with you. Some trains serve box lunches and sandwiches.

5—Avoid standing in line at the depot ticket windows by using City Ticket Offices wherever possible. You'll get tickets, information and reservations there more easily.

As yesterday—and today—so tomorrow ROCK ISLAND'S sole purpose is to provide the finest in transportation.

Cafeteria Feeding

In the opinion of many poultry experts and practical poultry feeders, farmers who also have other important enterprises, actually get better results from cafeteria feeding than they do from any other method. It saves grinding and mixing. The hens accurately balance their own ration and automatically feed themselves. It lessens the chances of feeding errors and neglect, and feed costs per dozen eggs are kept to a minimum.

BIG GAIN 26% POULTRY CONCENTRATE has proved itself many times to be ideal for cafeteria feeding. Just put it in a compartment in your feeder with corn, oats, grit and oyster shells in adjacent compartments. Get top egg production with the minimum amount of work and minimum amount of feed. For the most in egg profits ask your dealer for BIG GAIN 26% POULTRY CONCENTRATE.

OBITUARY

ALVIN J. FEE

Alvin J. Fee,a son of John and Martha Fee was born on the third of August, 1871 at Center Point, Iowa. In his early boyhood days, he was stricken with a severe case of scarlet fever which caused him to become deaf. In school at Council Bluffs, Iowa, he met Miss Anna Pals to whom he was later happily married on March 21, 1906. For nearly 37 years they were permitted to share joy and sorrow together on life's highway. Shortly after their marriage they were engaged in farming on the "Old Home Place" until they retired from active farming and moved to Belmond in the spring of 1927. Mr. Fee had many friends for whom he always had a smile and a friendly greeting and above all he confessed Christ as his Lord and Savior. Although Mr. Fee had not been well for some time, the majority did not consider him to be a sick man, so his sudden departure came as a shock to the entire community. He quietly passed away Monday morning at 5:00 a. m., December 6, 1943, thus reaching the age of 72 years, 4 months and 3 days.

Funeral services were conducted at the home Wednesday, Dec. 8, 1943 with the Rev. O. G. Poppen officiating. Six deaf families from out of town attended the funeral. A friend interpreted the services. He leaves to mourn, his breaved wife, Mrs. Anna Fee of Belmond, Iowa, and one brother, Frank of Tacoma, Washington.

YOUNG ENSIGN

Harriet Louise Svendsen, three months old, probably does not know what it is about but the officers of her father's batallin have made her an Ensign in the nurses naval reserve corps. Harriet's father is Lt. Reinert Svendsen, formerly of Decorah, now stationed in the Aleutian Islands with a medical corps. The officers of the battalion had a surprise dinner party for Lt Svendsen and at the time went through the formality of making Harriet Louise an Ensign and also presented her with a war bond.

SKETCH

COURT HOUSE NOTES

Gustav S. Gunderson, plaintiff vs. Laurence Gunderson, et al. The court approved the deed of conveyance to C. M. and Agnes Rodgers of real estate in Eagle Grove Junction.

Dorothy Bayliss asks an absolute divorce from Gilbert W. Bayliss on the grounds of cruel and inhuman treatment. She asks to be awarded complete custody of James Gilbert Bayliss, minor child: that she be awarded the real property, household goods, furniture, etc., as permanent alimony free from any claims on the part of the defendant; and plaintiff further asks that a writ of attachment issue, without bond, against the real and personal property to secure her claim for alimony and that she have general equitable relief.

Chicago Great Western Railway Co. vs. Carroll Spangler. The plaintiff asks judgment against the defendant for $106.01 and for costs of this action. The Railway company operates across Franklin county and maintains an overhead bridge across Highway No. 10 near Hampton. On or about June 29, 1943, a truck belonging to the defendant was driven by Arthur J. Knutson and ran into the bridge causing considerable damage. The railway's cost of repairing the bridge was $106.01.

SEVEN H. S. SENIORS ARE IN SERVICE AND RESERVE ARMY

The Belmond High School Senior class is now represented by two members actually in the armed forces and five others in the Reserve Army.

Bob Tracy, who was inducted in October, is now a full fledged Gob, having completed his boot training at Camp Farragut. He is home at this time on a 15 day leave. Carrol Shahan, who was inducted two weeks ago, leaves soon for Service in U. S. Army. Both these boys reached their 18th birthday while in their first semester of their senior year, and therefore were not allowed to finish the school year.

Four members of the class who have passed both physical and mental examinations are Jack Campbell, Eddie Banning, Don Nelson and Paul Quigley. Dick Foss was recently sworn in the U. S. Army Reserve with no assignment at this time. He expects to apply for the V-12 or the Army Specialized Training Program.

PERCENTAGE OF ATTENDANCE IS 96% PERFECT

Figures compiled from the statistical reports for the first quarter show that attendance for that period is 96% perfect attendance.

Per centage of attendance is computed by dividing the total number of pupils-days all children were present by the number of pupil days school was in session.

Highest record made by any grade was a per centage of 98.4 made by the fifth grade. Other grades with a record of 97% or better were second and the sixth grade. The per centage for the entire high school was 95.7.

First grade, hit hard by sickness and by both major and minor operations has the lowest record of 91.4%. Five children from this grade were in the hospital for surgery during the quarter.

In high school the reason for many absences was the keeping of boys out for farm work.

It is anticipated that attendance will go up the second quarter and will show a marked increase over last year's attendance which was riddled by mumps and whooping cough.

Gifts For Everyone

CHRISTMAS CALLS YOU TO CHURCH....

ENJOY the richest fulfillment of Christmas . . . by attending the church of your choice when Christmas morning breaks. Obtain freedom from the worries of the present . . . gain new hope for the future. Pray for our troops overseas and for those of our allies, pray that our country will conduct itself honorably in war and in the coming peace. Pray for a speedy end of the war . . . and for a peace that will know no end. Pray that the terms of the Armistice will be just and wise. Meditate in prayerful silence as the notes of the organ float from the chancel. Hear the Christmas story retold and go back in your thoughts to that first Christmas in Bethlehem, so many years ago. Rejoice again in the glory of the Nativity and lift your voice in song, joining your frends and neighbors in the singing of the old traditional Christmas carols.

Your church is the bulwark of democracy. There does freedom exist and flourish. The church is the spiritual counselor, the source of salvation. By regular attendance at church we can better mobilize our spiritual forces against Axis denials of faith. Come to church Christmas morning and every Sunday thereafter. "For what is a man profited if he shall gain the whole world ond lose his soul." "God is our refuge and strength, a very present help in trouble." Let the word of God penetrate your [illegible] anew, guide us in the da[illegible] days ahead. For wh[illegible] the weighty [illegible] es are [illegible] ems [illegible]

Here's Tasty Dish For Day of Rest

The enjoyment of a meal may be doubled by extending the flavor of meat to other foods, says Jessie Alice Cline, home economist.

This taste-pleasing menu stretches the good pork flavor with sweet potatoes, bread dressing and gravy.

Pork Steaks in Casserole
Sweet Potatoes
Baked Bread Dressing Gravy
Crisp Cabbage Salad
Cranberry Upside Down Cake
Milk Coffee

Pork Steaks in Casserole

6 pork shoulder steaks, loin or rib chops
Salt and pepper
6 small sweet potatoes
½ cup brown sugar
Drippings
¼ cup hot water

Brown shoulder steaks or chops slowly on all sides and season with salt and pepper. Pare and slice sweet potatoes and place a layer in the bottom of a greased baking dish. Sprinkle with brown sugar, dot with drippings. Continue to add layers of sweet potatoes, sugar and drippings, until all potatoes are used. Place individual servings of pork over top. Pour water into baking dish, cover and bake in moderate over (350 degrees F.) for one hour. Bake a well seasoned bread dressing in a separate pan in the oven at the same time. Make gravy in the pan in which chops were browned. Serve gravy over dressing and potatoes as desired.

Nutrition Note: This meal is rich in protein, vitamins and minerals. Other foods from the basic seven that should be served during the day are: another vegetable, and butter or fortified margarine.

POSSIBLY VALUABLE

A coin made of a metal resembling brass has been found by Ben Struckman of Little Rock. The coin is about the size of a nickel and has a head and lettering on one side. The other side is plain. The word "Vercingetoriq" is printed on the head side. That is believed to refer to one of Ceasar's governors who died in 46 B. C.

Iowa Farmers Told 'Early Bird Gets Worm' So Far as Fertilizer Supplies Are Concerned

Need for Prompt Action to Increase Wartime Crop Output Stressed.

CHICAGO.—The old adage that "the early bird gets the worm" has a modern application in the present plant food situation, so far as Iowa farmers are concerned, according to a statement of the Middle West Soil Improvement Committee.

Farmers who order early and store plant food in their barn will be sure of having supplies at crop seeding time.

"In this instance," the statement points out, "it will be the early purchaser who will be sure of getting his needed fertilizer supplies for 1944 crop operations.

"Formerly the business of ordering and shipping fertilizer was concentrated into a rush period of three to four weeks. Many farmers waited until the last minute to figure out their plant food needs. Then they contacted their dealer who had a truckman go to the factory and then deliver the fertilizer out in the field.

"Now wartime labor shortages and transportation jams have made all this impossible. The production and shipping schedules of fertilizer factories are hampered by a scarcity of workers. Truck and rail systems are already overloaded. The supply situation is further complicated by a scarcity of potash and superphosphate and by additional lend-lease requirements which are cutting down the amount of fertilizer materials available to farmers.

"In view of these conditions it is obvious that fertilizer tonnage for Iowa farms must move on a year-round instead of a seasonal rush basis. Otherwise labor and material shortages at the factories, lack of storage space and the clogged condition of transportation lines will create a bottleneck that cannot be broken.

"The forward-looking farmer who acts promptly will be certain of getting his supplies. The man who waits until the last minute faces the likelihood of getting no supplies at all."

Cooperation Essential

Every step taken now to help boost wartime crop production is a step closer to victory. Fertilizer is playing a tremendous part in helping increase per acre yields of essential crops. Plant food producers are doing their utmost to speed the war program by turning essential raw materials into the finished product for fertilizing the soil. But they are faced with difficulties in the form of labor shortages at the factory, overloaded transportation facilities, lack of sufficient storage space and scarcities of potash and superphosphate due to increased lend-lease requirements. Farmers can cooperate in easing the strain by determining at once what crops they are going to plant, how much fertilizer they will need and then getting in touch with their dealer.

Wise farmers see the advantage of following War Food Administration's advice to order fertilizer immediately.

The bride is a graduate of Thompson high school and the bridegroom is a graduate of Kanawha high school and of Waldorf college. He has been serving in the South Pacific the past year and is home on a 26 day leave. He will attend a diesel eletric school at Cleveland, Ohio

Mrs. Nelle Daggett was married to Mr. Henry H. Harriman at the Methodist church at Webster City on Wednesday, Dec. 1st. The Rev. J. J. Shearer performed the ceremony.

Turkey Valley Was Garden Spot In 1843

Glowing acounts of th future prospects of the Territory of Iowa appeared in the Territorial press a century ago. Some of the reports were in the form of editorials; others appeared as contributions of leading citizens. Copies of the Iowa papers found their way to the Atlantic seaboard where editors reproduced descriptions of the western country for their landhungry readers. Indeed, such letters frequently gained a far wider audience than did most guide books.

In 1843 all of northeastern Iowa was dependent upon Dubuque newspapers for publicity, for no other . above Davenport and Iowa City contained a press. Hopeful of attracting more settlers to the odyllic Turkey Valley in Clayton county, a resident of this region wrote a series of letters entitled "The North of Iowa" to the Dubuque Iowa Transcript. By these letters he hoped to redress the "unproportional share of commendation bestowed upon the central and more southern parts of the Territory of Iowa" and gain more settler for the Turkey Valley. The story of this ananymous Baedeker of the Turkey Valley is told by Dr. William J. Petersen in the November issue of "The Palimpsest."

Like similar accounts of other regions the protagonist of the Turkey Valley emphasized the salubrious climate, rich soil and the valuable stands of timber. The abundance of wild game, fish and fowl, the proximity of the Mississippi river, the many fine millsites and the market afforded by Fort Atkinson were also noted. Settlements from Millbille to what is now Elkader were chronicled. Many a land hungry settler must have been lured to the Turkey Valley by this glowing description. At any rate the population of Clayton and Deleware counties rose from 1269 inhabitants in 1840 to three thousand in 1844.

REDECORATED

calves and cows each year because of disease.

County Veterinarians attending the meeting emphasized the great need for sanitation in raising our livestock. They also brought out that seasonal problems could be given local publicity to bring these problems to the attention of all farmers.

Dr. G. A. Evans, Clarion Veterinarian, Mr. H. B. Vanderlip, County War Board Chairman and County Extension Director Aaron R. Bowman are to select a work committee which will formulate plans for the livestock feed and conservation program. All the agricultural interests in the county will work on the various phases of these plans to assist in reducing livestock losses.

Ration Regulations Allow Giving 50 Quarts Food For Christmas

The Christmas gifts that receive the warmest welcome this year will be kitchen gifts—jars of canned fruits and vegetables, glasses of shimmering jelly, spicy pickles and relishes.

You can do your Christmas shopping early and pleasantly by preserving foods for gifts, says Miss Elizabeth Deihl, county extension home economist.

In expectation of edible Christmas gifts, rationing regulations were set up to allow for giving 50 quarts of food a year for each member in the family without requiring the collection of ration points.

But gifts of food need not be confined to canned products. Eggs, fresh from the farm, or fresh milk or cream will please city friends and relatives.

Baked products—fluffy light rolls or loaves of fresh-baked bread, cookies, gingerbread and cakes—all carry the Christmas spirit. Children will love to receive popcorn balls or little bags of shelled corn, ready for popping. A sack of potatoes or root vegetables from the cellar store room is almost sure to please a city friend.

VOL. 25 NO. 9 — BELMOND, WRIGHT COUNTY, IOWA, THURSDAY, DECEMBER 23, 1943 — THE FAMILY NEWSPAPER

County War Food Goal For 1944 Is Increased

Soybean Acreage 15% More In 1944

Fifty-one thousand acres of soybeans and 151,000 acres of corn were two war food production goals for Wright county announced at a meeting of cooperating agencies, organizations and individuals called by H. B. Vanderlip, County War Board chairman, on Tuesday, Dec. 14.

The world food situation and price supports and incentives now in effect were discussed by Carl Malone, extension specialist of Iowa State College. O. A. Litschwager, AAA fieldman, explained how the state and county goals were established. He also discussed production practices to assist in attaining maximum production. Representatives of the REA, Farm Credit Administration, Farm Security Administration, Wright county Farm Bureau, County Extension Service, newspapers, county Agricultural Adjustment Administration, elevators, office or price administration and vocational agriculture were in attendance at the meeting.

The Wright county soybean goal of 51,000 acres for 1944 is approximately a 15 per cent increase over the 44,500 acres produced in 1943. The need for this increase is evident since one-third of the world's supply of oils and fats has been cut by Japan's conquest. Approximately 12.4 billion pounds of fats and oils will be needed with the 1944 soybean crop expected to produce 13.3 per cent of this total amount. Wright county is asked to grow one acre of soybeans on the average for each 3.6 acres of corn. The Illinois goal is one acre of soybeans to each 2.25 acres of corn.

Some of the soil conservation payments of interest to Wright county farmers include:

Establishing sod waterways –75c per 1000 square foot

Maintaining sod waterways—25c per 1000 square foot

Seeding of depleted pasture on land designated as non-crop open pasture.

(a) Seeding of timothy, red top, sweet clover or mixture of such crops—10c per pound.

(b) Seeding of adopted pasture grasses, perennial or biennial legumes (except sweet clover)—25c per pound.

Green manure crops—$1.50 per acre.

Farm Ditches—.08c per cubic yard—not in excess of $3 per 100 lin. feet.

Excavation of ditches for the drainage—40c per rod.

Harvesting hayseed (25 acres per farm)—$3.50 per acre.

Weed control—

a. Use of weed control chemicals—10c per pound.

b. Clean tilleage or mechanical burning—$10.00 per acre.

Fertilizers—

a. Superphosphates—$5.50 per 100 pounds of available P2O5.

Liming material—same as in 1943 (C)

Re-elect All Officers In Fire Company

At their annual business meeting on Monday, December 13, the members of the Belmond Fire Company reelected Ed Chapman chief; A. W. Johnson, assistant chief; Clarence Petersen, secretary, and Al Mennenga, treasurer.

State Liquor Sales Decrease in November Bonds, Stamps Increase

Sales totaling $1,633,840.21 in the state liquor stores for the month of November represent decrease from the previous month's total of $1,739,357.44. Sales of bonds and stamps for the month of November show an increase, the total for October being $281,590.65 and for November $329,883.70.

Belmond's liquor sales for November totaled $3,862.11 with bond and stamp sales $729.00 while Eagle Grove liquor sales were $5,746.50, bonds and stamps, $52.50; Clarion liquor sales, $5,369.96, bonds and stamps, $8.75 and Dows liquor sales totaled $2,852.97 with bonds and stamps totaling $2.00

Kellogg, Utility Man Dies In Iowa Falls

Harry Kellogg, lifetime resident of Iowa Falls, and well known in this vicinity, died suddenly at his home in that city of a heart ailment on Sunday, December 19.

Mr. Kellogg was affiliated with the former Iowa Falls Power Company and became division manager of the Central States Electric Company for the Iowa Falls division in 1915. He had been retired from that position since last July because of poor health. He leaves to mourn his death his wife and one daughter.

Pay Dairy Feed Subsidy In January

Applicants Must Turn In Sales Slips Now

A Dairy Feed Program subsidy payment for the months of November and December together will be made in January, N. B. Vanderlip, AAA Chairman, announced today.

All applicants will be required to mail in or turn in their own cream or whole milk slips received from their ceamery or other evidence of sales to the AAA office, Clarion, Iowa, as too much duplication arises when information is secured from the creameries. If you deliver to more than one place send slips on all places of delivery. Your cooperation in sending your slips in right after the first of January will be appreciated so payments can be made before the end of the month, Vandertip added.

Some applicants who have sold cream or whole milk in October, have turned in evidence of sales, but have not received their checks due to the fact that their sale of butterfat was less than 25 lbs. or less than 32 cwt. of whole milk and the check would amount to less than $1.00. No checks were made for less than $1.00 on October payments. These records are on file and when the November and December slips are turned in, these applicants will be paid for October, November and December in one check during the month of January.

Butterfat payment is 4c per lb. and whole milk payments are 30c per cwt.

Be sure the name of your creamery and your name and correct address is included when your evidence is turned in.

Vanderlip emphasized some of the applicants for October payments mailed out for signature were never returned. These payments were to have been completed during the month of November. We urge you to get these back immediately if you have not yet been paid as payment can still be made on October sales up until January 1st.

Broncos Lose Second Game Of Season

Forest City Beat Broncos 61 - 43

In one of the highest scoring games ever played in Belmond, the Forest City Indians defeated the Broncos last Friday night by the score of 61 to 43.

The visitors put on a fine display of floor work and their accurate and steady shooting was too much for the local five. Their superior heighth was an even more important factor as the visitors controlled rebounds during the greater part of the contest.

The Indians jumped into an 8 to 0 lead by scoring four rapid field goals before Belmond actually had control of the ball. Immediately thereafter the Broncos found their stride and through the use of a fast break pulled even with their rivals and at one time were six points ahead. The first quarter ended 19 to 19.

The torrid pace continued in the second quarter as first one team and then the other raced down the floor and made its shots good. Toward the end of the first half the Broncos showed signs of tiring and the Indians went out in front to lead 35 to 28 at intermission time.

It was all Forest City in the second half with Christen and Riekena leading the offensive. The visiting team kept pulling away from their tired opponents and the final gun sounded with the Indians in front 61 to 43.

Christen scored 26 points and Riekena 22 points for Forest City but were ably assisted by big Don Graham who did a marvelous job of passing and rebounding.

Finn and Dorr played their hearts out at guard positions but were unable to stop the high scoring Forest City forwards. High scorer for the Broncos was Bob Nelson.

No School Until Monday January 3rd

Extra Week Given To Get Over Flu

Christmas vacation for the Belmond schools will be extended another week, with classes to start on Monday, January 3, according to Superintendent Theodore Johnson. This decision to extend the vacation into the third week was reached Tuesday by the school board who thought it advisable to give both members of the faculty and student body an opportunity to recuperate from the severe wave of flu prevalent in the community.

This will mean one extra week of vacation than is ordinarily given during the holidays.

DANGEROUS SPARKS

Two fires occuring within an hour and a half of each other were caused by sparks in Forest City business concerns. One fire was started when a gasoline tank exploded at a filling station. A large plate glass window was broken by the explosion. A short time later the local fire department was called out to extinguish a blaze in a hardware store caused by an electric plug inserted into its socket to light a Christmas tree. A spark ignited cotton placed around the tree. The tree and some of the merchandise in the store were destroyed.

Cunningham Home After Marine Duty

Has Seen Service In South Pacific

Staff Sgt. Bill Cunningham, another Belmond young man in the armed services, is visiting his parents, Mr. and Mrs. Geo. Greenfield. Cunningham, a member of the Marine Corps has been on active duty for the past 14½ months in the south Pacific area, "on an island I haven't been able to locate on at least five maps," he said.

Although part of his boot training as a Marine included combat experience, Bill stated that he has yet to witness that kind of duty. His service on the island has been chiefly that of bandmaster and standing watch in the communications department, the latter station being underground which has prohibited him witnessing any bombing.

Cunningham explained, when questioned, that the band was used chiefly for special occasions, including funerals and that when called for duty he never knew how many members would show up. The personnel of the group averaged around 19, a small number in comparison to the 120 in the band at the San Diego post where he received his training.

"Life on the island does get more or less monotonous," said Cunningham, "however the natives are friendly, there is some recreation, living quarters are fairly comfortable and the food is as good as can be expected."

Bill did tell us that he liked the service so well, that now, he thought he would re-enlist after the war. Belmond and home looks good to him after almost three years away from the community.

BOYS! BOYS!

Boys outnumbered girls in births reported in Page county during the month of November. Twenty-five boys and eleven girls were born during the month.

FORMER BELMOND FIREMAN WRITES FROM ENGLAND

This letter from Sgt. Raymond Davis dated Nov. 26, 1943, was written to the Belmond Fire Co. as follows:

Hi boys, how are all of you in Belmond this winter? I am just fine and some place in England. Wish I could tell more but will some day.

Just received the candy and thanks a lot for it as that is hard to get over here, in fact only two bars a week. We get just enough smokes but get by and plenty to eat so I guess that is all we need.

Do you have any fires this winter or have you had many since I left?

I have a good job and keep plenty busy most of the time, so time goes on and on. Wish I could have gotten home before I left for overseas and while my brother was there.

Say, I don't think I ever did thank you for saving my house but anyway thanks a lot. Tell all the boys "hello" and slip down and tell Hank the same.

Wishing you all a Merry Christmas and Happy New Year. Hoping to be with you next year.

FIRE DESTROYS COUNTRY SCHOOL SHED

Fire, Monday afternoon, destroyed the coal shed on the schoolhouse grounds across the road from the Peter Bohning farm 3½ miles northeast of Belmond. The damage was caused as a result of a high wind blowing, when the dry grass on the school grounds caught from the weeds that were being burned along the highway.

The local fire department was called and were able to save the schoolhouse nearby.

The department was also called out again late in the evening to extinguish a grass fire north of the CGW crossing on highway 69.

Becks Leave Sunday To Live In Chicago

Rev. and Mrs. Foster M. Beck will leave Belmond on Sunday, Dec. 26, for Chicago to take up residence there. Rev. Beck will enter the Chicago Theological Seminary for the winter quarter beginning January 3.

The Becks have been residents of this community for the past 14 months during which he has been pastor of the Sands Memorial Congregational church.

The Independent does not have any information, as yet, concerning who will replace the Becks.

Everybody's Having It!

Aches-Fever-It's Flu!

Better Go To Bed

Dat ol' debbil, "flu" has certainly been playing havoc with the community during the past week or two. It seems to strike everyone, from grandpa down to the very small fry and no one knows, except those who are having it, how miserable it makes one feel. Many families are laid up and it is impossible to find help to come in and take over—all the "help" is having the flu, too, or else someone beat you to it in getting their services.

The hospital has been having more than its share of grief what with its cook, two of the nurses and Dr. Hansen, all on the sick list. With 14 hospital patients, plus the babies, Dr. Steele has had a big load to carry. It's too bad Dr. Leinbach can't make a flying trip back from the Mediterranean area to help out the poor civilians in this crisis!

Newspapers and radio accounts of the nationwide epidemic attempt to comfort the afflicted by calling this a "mild" form of respiratory infection. It may be mild to those who compile the statistics; but "that ain't the way we felt it."

THE POCKETBOOK of KNOWLEDGE ★ By TOPPS

:-The "Crow's Nest"-:

By George C. Hansen, Prtr. 3-c

Walking down Broadway in Oakland the other evening, I bumped into the first person from Belmond that I have seen since I have been out here—Mac Finn, who was formerly mail carrier from Garner to Belmond for a number of years. Mac and his wife and three children are living at 3223 Grant Avenue, Oakland, California. Mac is the son of Mrs. Tom Finn and a brother of Earl, who is with the U. S. Navy somewhere in the Southwest Pacific.

Mac turned and thought he recognized me, and I did likewise. After staring at one another for several seconds, we decided that Belmond was the home town. Mac invited me to a Gin Mill for a cocktail, then to dinner, where our conversation took in everything from the time we both had left Belmond.

Mac is working in the ship yards and has been out here a year and a half. He says that he likes his work and that the old home-town paper keeps him well informed about his friends in Belmond.

Mac and his wife have asked me out to dinner some evening in the near future—"Mac, I accept the invitation, and thanks a lot."

BELMOND LOCALS

Mrs. Dorothy Bayliss and son James spent from Sunday to Thursday of last week with relatives and friends in Boone, Des Moines and Webster City.

Mrs. Otto Dorr moved from the Cloe Jenison house to the house owned by Mrs. Andrews and formerly vacated by the A. E. Miller family.

Christmas Cheer

★ Uncle Sam is to be congratulated, for he has done and is doing a magnificent job. This is, indeed, occasion for Christmas cheer.

Our compliments to you, friends, our thanks, and our most hearty wishes for an enjoyable and truly happy 1943 Christmas season.

Prittle... Prattle....

Went around and around with the flu bug last week and didn't get any further than the bed. It just goes to show that a newspaper man isn't any different than the multitude when that ol' bug takes up quarters in his frame.

P—P

Felt pretty good on Thursday started to ache on Friday and by Saturday ached from the top of my head to the end of my toes. Nothing to do but go to bed and stay there. Guess our family had its share of it. The daughter gets it on Thursday, daddy's turn came on Friday and mother, after practicing her home nursing course on the family succumbs on Sunday evening. That meant all three of us laid out and none of us caring much whether school kept or not.

P—P

Oh, well, we're all back on our feet, with the help of the sr. Gowdy's who kept the young son and the fires going among other things.

P—P

Somehow next Saturday won't seem quite like Christmas, if it wasn't for the children in the homes probably little effort would be made to observe the day in the customary way.

P—P

As we sing the Christmas songs and open the packages around the trees, we'll be thinking of the husbands, fathers, brothers, sons and sisters who were a part of the family group a year or two years ago.

P—P

Some of the boys are fortunate in getting home this year for Christmas. I know of one in particular who will be at home the first time in four Christmases and said, "What more could I ask, than to be with my family at Christmas time."

P—P

A Merry Christmas to everyone.

"MERRY CHRISTMAS"

At Christmas Time, with its heartening hope of peace on earth, goodwill toward men, we pause in a spirit of gratitude to remember the many blessings which we hold in common with our fellow Americans. Not least among these is the privilege of doing business with the finest people on earth. And we're grateful for the Holiday Season with its Christmas spirit, when we can take this special means of expressing to all our friends our sincere appreciation for the experience of knowing them, and wishing for each one the merriest of Christmases.

"THIS IS THE NAVY"—

A Negro boy, one of Uncle Sam's Seaman Second Clsss and just one of the regular men in a large group, but for ten minutes last Friday he stood before a thousand men and led them in prayer.

Here is how it happened:

The men of the battalion were all ready—their sea bags neatly piled along the road, last letters home hastily written and then mustered for roll call, instructions and a few exercises before embarkation. Nearby carpenters were pounding away at their work, a power shovel added to the confusion, and the low tones of conversation floated up to the man at the microphone.

Then a seaman came up to the stand and asked, "Sir, may I speak over the microphone?" The battalion and draft business was finished, so permission was granted. He stepped up and began to pray. The sounds of conversation died away, questioning eyes looked up, then heads were bowed and some knelt. The workmen stopped their hammering, the shovel operator shut off his motor and all was quiet—except for the clear voice of one man, leading a thousand men in prayer. For ten minutes he prayed. Then with an "Amen" he stepped down. The men looked up and stood in silence for a moment, then departed, that much richer and stronger in mental armor.

His name? We do not know. He lead those men for ten minutes and then was swallowed up in the company of seamen, his mates. He's gone from here now. Yes, someone before this has said, "There are no atheists in a foxhole"—or among fighting men anywhere.

WITH OTHER EDITORS—

Hope for the preservation of the middle class is in the middle west. In this great area, stretching from Ohio to beyond the Rocky Mountains, the great majority of the people are still opposed to government regimentation. If they stand firm for the rights of the individual, enough citizens of other states may join with them and prevent the Europeanizing of our country, which is the real objective of the new dealers. It is up to us midwesterners to preserve the American way of life.—Council Bluffs Nonpareil.

WESTABY-MEYERS CHURCH WEDDING

Iva June Westaby, daughter of Mr. and Mrs. W. C. Westaby, and Keith O. Meyers, son of Mr. and Mrs. Scott Meyers, were married at 7:30 Thursday evening, Dec. 16, at the United Church in Alexander. Lighted candles stood on the altar, and baskets of ferns and chrysanthemums decorated the sanctuary.

The bride on the arm of her father, came down the white-carpeted aisle to the Wedding March from "Lohengrin" by Wagner, played by Miss Carolyn Smith. The double ring ceremony was performed by Rev. George Sheils. Mrs. Neva Scarrow of Sweetwater Texas, sang two solos, "At Dawning," by Cadman and "I Love You Truly" by Carrie Jacobs Bond. She was accompanied by Miss Smith, who also played two piano solos, " May Night" and "Love's Dream."

The bride was dressed in a gown of white satin and lace. Her fingertip veil fell from a tiara of orange blossoms. She wore a locket which was a wedding gift from the groom and carried a bouquet of red roses and white pompoms. Miss Oma Faye Meyers of Hampton, sister of the groom, was maid of honor. She wore a blue satin gown and carried a bouquet of white roses. Ione Stadtlander of Rowan, wearing a pink taffeta gown, Norma Westaby wearing a yellow net gown, and Dotty Kempthorn of Dows wearing a blue taffeta gown, were bridesmaids.They each wore a corsage of roses.

The groom wore a dark brown suit with a white carnation as a boutouniere. Marlo Westaby, brother of the bride, was best man. He wore a light tan suit and a white carnation. The groomsmen were Dale Plagge of Hampton, Herbert Muhlenbruck of Dows, and Mervin Muhlenbruck of Thornton.

Carol Ann Bruns of Latimer and Carleen Schager of Dows were flower girls. They were dressed identically in floor-length blue satin dresses and each carried a tiny basket filled with chrysanthemums petals which they scattered along the aisle. Dean Bruns of Latimer and Craige Schager of Dows were ring-bearers, each wearing a white suit and carrying a white satin pillow on which rested a red rose containing the rings. The usherettes were Beverly Muhlenbruck of Clarion, Mildred Jacobs of Iowa Falls, Ileen Dohrman of Latimer, Marladean Stadtlander of Rowan. They were all dressed in floor-length gowns and each wore a shoulder corsage.

Following the wedding a reception was held in the church parlors which were decorated in a blue and white color scheme. The wedding cake was the centerpiece on the table for the bridal party. A pair of grace lamps and two bouquets of chrysanthemums were also used. About 150 relatives and friends were present. Mr. E. Ray Green supervised the serving of the meal and he was assisted by Mr. and Mrs. Ray Klehm. Lois Kuper, Wilberta Stoffer, Harry Ostendorf and John Hill. Six girls who graduated with Mr. and Mrs. Meyers acted as waitresses. They were Marjorie Richards, Marilyn Johnson, Muriel Hansen, Irene Stoffer, Mrs. Robert Pals and Mrs. Ernest Jones.

The bride and groom graduated from the Alexander Consolidated School in 1941 and have been at their respective homes the past two years. They will be at home one-half mile west of Alexander, after January 1st, where they will help operate his parents' farm.

Mrs. N. J. O. Boomgaarden's annual Christmas party was held in the Reformed church basement Wednesday afternoon, Dec. 15th. The table was beautifully decorated in a red and white color scheme with a blooming poinsetta as a centerpiece. On either side was a burning candlestick held in a base of evergreen and holly. The program consisted of the singing of Christmas carols, a solo, "Over the Plains", by Mildred Eckhoff, a selection "The Beauty of Jesus," by the women's sextet, accompanied by Arlene Schulte at the piano, and a candlelight ceremony in which nineteen of the women took part. Then as a complete surprise to Mrs. Boomgaarden, the ladies, with Mrs. Peter Gruis as spokesman, presented her with a Christmas package containing a generous sum of money. At the close of the meeting a very nice lunch was served to the 55 ladies present.

Miss Iva June Westaby, now Mrs. Keith Meyers, was honored at a pre-nuptial shower at the home of Mrs. Robert Pals Monday evening, Dec. 13. Twelve of her closest friends were there. They enpoyed a pleasant evening together visiting and playing games. After the honoree had opened her lovely gifts, a lunch was served by the hostesses, Misses Marjorie Richard and Marilyn Johnson, and Mrs. Robert Pals.

"The Sar of Hope" is the theme of the Christmas program to be presented at the Reformed church on Christmas Eve. Recitations, songs, and dialogues will be given by the children. The young people will present a pageant, "The Wis Men at the Well," and the choir will sing several anthems, "Calm on the Night," "Prince of Peace," "The Star of Bethlehem," "Even to Bethlehem," and "Like Temple Bells.' The program begins at seven o'clock.

Miss Marguerie Dow of Forest City was an overnight guest at the C. C. Schulte home Saturday.

Mr. and Mrs. Harry Schuyler and son of Albert Lea, Minn., visited at the Lewis Bell home on Sunday.

Peter Pals, Sr. and Mr. and Mrs. George Blau called at the Menno Frohling home near Goodell Sunday evening.

Mrs. D. R. Schmidt and Leona were callers in Belmond Friday afternoon.

Mr. and Mrs. Harm Harms went to Steamboat Rock Sunday to see Will Harms, who returned home from the hospital Friday. They were dinner guests at the Will Harms home, and also visited other relatives there.

Mrs. Willie Pals went to Nora Springs Thursday to spend a few days with her sister and family, Mr. and Mrs. Glenn Neal.

Miss Evelyn Schulte left Monday morning to go to Corning to spend a few days with friends there. She returned Thursday to spend the remainder of her Christmas vacation with her parents, Mr. and Mrs. C. C. Schulte.

Chris Wagner made two business trips to Chicago last week.

Loved Ones Away? Then Share Christmas

Many people will not be home for the holiday season this year. Men and women in our armed forces and young people who have taken jobs in defense plants will, for the first time, find themselves spending Christmas and New Year's away from their families.

Nevertheless, a great amount of satifaction can come from sharing the holiday spirit with others. It's a good idea to plan to do some entertaining. Invite a member of the Army or Navy—man or wofan—who can't get home, or a couple whose sons are in the Armed Service and won't be able to spend Christmas with thef this year.

For the homemaker, entertaining may require a little extra time but Jessie Alice Cline, home economist has planned this menu to lessen work for the homemaker and to save ration points as well.

HOLIDAY MENU

Tomato Juice
CreamedDried Beef or
Luncheon Meat
on Baked Potatoes
Fried Apples
Relish Tray
Bran Muffins
Christmas Cake or Cookies
Coffee

Creamed Dried Beef
½ pound dried beef
3 tablespoons bacon drippings
3 tablespoons flour
¼ teaspoon pepper
3 cups milk

Cut dried beef into very small pieces. Slowly brown meat in bacon drippings. Stir in flour and pepper Add milk and cook until thick stirring constantly. Simmer five minutes longer, stirring occasionally. Serve over split baked potatoes. Serves 6-8.

BELMOND LOCALS

Marjorie Loats and Gloria Madsen of Des Moines were home over the week end.

Neil Flanagan moved Dec. 18 from the Dorr house to the Vestweber house recently vacated by Orrin Jacobsons.

Sweetbreads Hit Point Problem Right

Sweetbreads are a delicate white meat. Jessie Alice Cline, home economist, reminds homemakers that they are low in ration point value and ideal for special occasion or Sunday dinner menu. Sweetbreads and ham are a delicious flavor combination.

Sweetbreads with Ham
Scalloped Potatoes
Brussels Sprouts
Avocado and Grapefruit Salad
Orange Ice White Cake
Tea

SWEETBREADS WITH HAM

¾ pound sweetbreads
1 quart water
1 teaspoon salt
1 tablespoon vinegar
1|3 cup flour
1|8 teaspoon white pepper
3 tablespoons drippings
6 thin slices ham

If sweetbreads are not to be prepared immediately after purchase they should be pre-cooked in water to which vinegar and salt have been added. Drain and remove any membrane. Roll in flour and brown in hot dripings. Season with salt and pepper. Panbroil thin slice of ham or re-heat sliced baked or boiled ham and serve a sweetbread piece for each person on a slice of ham. Garnish with parsely. Serves 6.

Nutrition Note: When planning the rest of the day's meals remember to include foods from the basic sven not sevred in this dinner: milk, enriched or whole grain cereals or bread. and butter or fortified margarine.

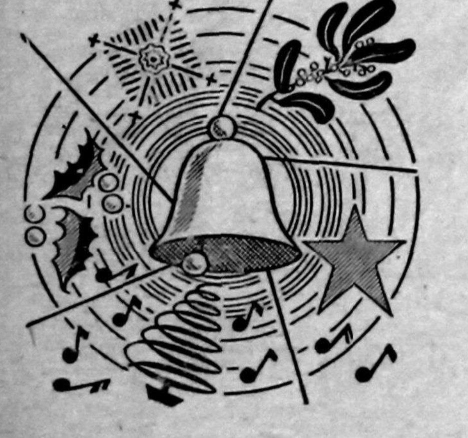
EXTENDS THE HEARTIEST CHRISTMAS
GREETINGS TO ALL THEIR FRIENDS



Greetings

Because Christmas is traditionally a time for thinking about friends and associates, we would like to have you know that we are thinking about you.

For the opportunities you have given us to be of service - for your understanding of a situation without comparison in history - for the cooperation you have extended, and for the part you have played to help us in doing a big job at an important time, we are deeply grateful.

The entire Hub Garage organization joins us in pledging a continuance of our utmost effort in the service of our Country and our patrons -- and in wishing you a Merry Christmas and a Victorious New Year.

STARTING YOUNG

Independence police officers found a young man, a 12-year-old Waterloo boy, well prepared for a career of some kind. When apprehended, the boy had in his possession his mother's big butcher knife and his grandmother's .32 caliber revolver. He reported that he was on his way to meet a friend in Chicago. The boy had only 30c to help defray his expenses.

Breeder Mash Most Important

Breeder mash is the most important poultry mash a feed manufacturer makes. On it depends not only a high hatchability of the fertile eggs, but the life of the chick through the entire baby stage.

BIG GAIN SPECIAL BREEDER EGG MASH is made with all the care and consideration its importance demands. It is made, not only, to supply the high quality vitamins, proteins and minerals required to insure high hatchability, but to supply them in such abundance that the chick can store enough in its system to carry it through the crucial "baby chick" period. It is the result of a concentrated effort to produce a superior breeder mash.

Insure yourself of the most satisfaction from your hatching eggs and baby chicks. Ask your dealer for Big Gain Special Breeder Egg Mash.

Salvage Drive For Clothing Nets 1140 lbs

Scouts Collect 6 Tons Of Scrap Paper

Mrs. H. L. Gowdy, chairman of the local salvage committee, reports that 1140 pounds of clothing was collected in the recent drive. The salvage was taken to Mason City to be cleaned and repaired before being sent to one of the large depots for distribution in Allied occupied countries as needed.

Clark McNeal, local Scoutmaster, who supervised the scrap paper collection also reported Tuesday that approximately six tons of paper was sent to the Tama Paper Company at Tama, Iowa, on that date. He stated that the scout treasury received $75.00 on the sale of the scrap.

Another cleanup drive for scrap paper of all kinds will again be held some time during the first part of January and everyone is asked to continue saving their waste basket paper, old newspapers and magazines and cardboard cartons. The date of the drive will be announced in plenty of time to give all who have saved paper the opportunity to set it out for easier collection.

Country Calls Keep Fire Company Busy

Country fire calls kept the local fire company busy the past week when they were called out three times. Fire, a result of an explosion when he was attempting to start his tractor, damaged that implement and destroyed other machinery and a small shed on the Russell Olson farm 6½ miles southeast of Belmond near noon last Thursday.

The company was also called again to extinguish another grass fire in that week near the river just north of town.

On Monday evening about 10 o'clock fire of unknown origin destroyed a hog house on the C. P. Luick farm 3 miles northeast of Belmond. Harry Markham operates the place. Although the farm buildings were close together the county fire crew experienced no difficulty in confining the blaze to the one building. Markham stated that evening that he believed the hogs occupying the building had escaped.

Gabrielson Farm Sale Is Next Wednesday

G. Gabrielson will hold a closing out sale next Wednesday, January 5 at his farm 2 miles north and 2¾ miles west of Belmond, beginning at 1 o'clock. Property to be sold includes 29 head of cattle, 20 ewes, 40 feeding shoats, 3 horses and a complete line of farm machinery. Lunch will be served on the grounds.

One Month Left To Get 1944 Auto License

Iowa automobile owners will have until February first, and not January first as earlier announced in the daily press, to purchase their 1944 automobile licenses from the office of the county treasurer.

As in the past years no penalty will be faced by motorists for delinquent registration until after February 1. On March first the names of the owners of all unregistered cars will be turned over to the county sheriff's.

Uses of Low Point Meats Will Be Demonstrated Here By Specialist

Miss Frances Hettler, Regional Home Economist for National Livestock and Meat Board, will be in Wright County, January 3rd to February 4th to present a series of meat demonstrations in Belmond, Clarion, Dows and Eagle Grove. Miss Hettler will demonstrate the use of meat with low point value and meat extender dishes. These meetings will be open to the public. Dishes prepared during the demonstration will be given as door prizes.

The Wright County Nutrition Committee, with Mrs. Lynn Thompson as chairman, invited Miss Hettler to present her demonstrations in connection with the local "Food Fights for Freedom" program.

Fire Company Reports Small Loss For Year

17 Calls Answered In This Vicinity

With a total of $1454.00 damage in the 16 calls answered in this area, the Belmond Fire Company secretary, Clarence Petersen, reported the smallest amount of property damage by fire given for years according to the company record.

Eleven calls were answered in Belmond with damage so small on ten runs that the report "no damage" was given by the owners. Loss on the one property, the Scott Davis residence, was given as $394.00.

Six runs were made to the country where the loss for the year was greater than in town, amounting to $1060 from damaged machinery, buildings and burned feed.

Farms and residences which needed the services of the department included those of Helge Eide, Henry Nelson, Louis Kramer, Wessel Braner, Herman Boelman tractor and a haystack at Elm Lake. Calls in town came from the Gamble Store, Swenson Battery Station, J. S. Wagoner, Scott Davis and A. Riekens, Tom Beavers, a trailer house, Julius Olsen, Hokel's Cafe, car fire on street and Charles Hankus residence.

School Opens Next Monday

Broncos Resume Cage Schedule

As was announced last week, activities and classes in the Belmond schools will be resumed after a three week's vacation on Monday, January 3. The students and faculty were given an extra week because of the flu epidemic which has been checked and it is believed that attendance on the first day will be nearly normal.

In basketball, the Broncos will travel to Nevada on Wednesday, January 5 when they will meet the cagers from that school in the first athletic contest ever held between the two schools. On Friday night, the local five will play their second game of the week, this time at home, against another strong conference team when the Garner boys will be the competition.

Death Calls A. J. Nihoof Was Belmond Pioneer

Funeral services were held on Sunday for A. J. Nihoof, 87, at the Fulton Funeral Home, who died of a heart attack on Friday, December 24th. Mr. Nihoof, who was active up until the time of his death, was a lifelong resident of this vicinity, living on a farm until 26 years ago when he moved to Belmond.

Mr. Nihoof was married in 1881 and two daughters and one son were born to that union. His wife one daughter and the son preceded him in death. Surviving him is another daughter, Mrs. F. L. Stockwell of Garner.

Services were in charge of Rev. W. A. Pollock of Garner, and burial was made in the Belmond cemetery.

3 Appraisers Set Value Of 4-H Home Raised Wright Co. Baby Beeves

Home raised 4-H club calves received value appraisal by an appraisal committee selected by directors of the Eagle Grove District 4-H Club Fair, county extension director and vocational agricultural teachers. The appraisal committee consisted of Dave Hunter, Webster City; Addis Grieman, Garner, and Carroll Plager, Austin, Minn. They spent Wednesday, December 22nd in a tour of the county appraising the home raised baby beef being fed by the boy on his farm. 21 calves were appraised with prices ranging from from $10.16 to $14. Several other calves were looked at by the appraisal committee that were purchased at the 4-H club auction to enable them to make the appraisals in line with other purchased calves appraised with prices ranging being fed in the county.

Mr. and Mrs. A. C. Hanson, Jerry and Karen spent Wednesday at the home of Mr. and Mrs. John Mellgren at Eagle Grove.

CO-OPERATION IS WINNING THROUGH!

With The Boys In Service

BOB BURROWS WRITES INDEPENDENT

Dear Folks:

Here we are back on the desert again. This stay isn't nearly as long as the last one. The object in coming back this time was to do some advanced firing.

We are now living in tents large enough to comfortably accommodate six men. These tents are equipped with board flooring and oil heaters. The heating proposition is an important one now as it gets plenty cold by the time we get up in the morning.

Our guns are eighteen miles from our Battery area. The gun crews go out to the guns early in the morning and come back in time for chow at night. Their noon meal has to be taken to them by truck.

We should be leaving by convoy for Camp Haan in a day or two. It isn't too bad out here where we are now but the city life for passes is too far away. Los Angeles is around 200 miles from here. Bartow is the nearest town and it isn't nearly large enough to accommodate the soldiers from this camp. Oh well, such is life in the army.

Hoping everyone back home has a Merry Christmas and a Happy New Year.

TWO BELMOND BOYS MEET IN ENGLAND

This letter dated Dec. 8 was received by the Independent from Sgt. Raymond Davis:

Dear friends in Belmond: I am so many miles from home but could be further than what I am and not a thought of ever seeing a pal from the old home town, when whom do I see walking in the mess hall while eating supper tonight but Martial Holtzbauer, a long lost friend. It was just about a year ago today that I saw him in Fort Crook, Neb.

When I came in from work tonight and saw two Belmond papers on my bed, I was surprised as I didn't think I would get the paper over here. A lot has happened in Belmond in the last 15 months so it will be a change when the boys all come home.

Getting back to Martial, we had a good old time talking of where we have been. He has been over a lot longer than I and has seen more, but I have seen plenty too.

Had a good trip on the boat and never got sea sick either.

While in the old U. S. A., I had a good time including some rides in the P 17 planes and that was fun to me.

I see where the kids in the Belmond school are buying a jeep.

26 Belmond Families Get Xmas Present of Food From Community Club

26 Christmas baskets were distributed to that many families in Belmond on the day before Christmas under the sponsorship of the Belmond Community Club. Chairman of the committee, George Hake, was assisted by Fred Thompson, Mrs. C. C. Christie, Mrs. Albin Tomson and Mrs. Ted Zook in filling the baskets.

The baskets valued between $4 to $7 contained a generous supply of fruit, vegetables, poultry and canned goods and are distributed annually by the Club.

4th War Loan Quota In Wright County $892,000

Firemen Prepare Town Skating Rink This Week

Firemen, Tuesday night, put enough water on the municipal skating rink at the school grounds to give it a thin coat of ice. The flooding will be completed, weather permitting, some time this week and floodlights will be installed for the convenience of skaters. The rink when completed will be approximately one-half block in size and will provide a convenient spot for this winter sport.

R. W. Courson Now Co-Manager In R. E. Courson Agency

On January first, Mr. R. W. Courson will assume active co-management of the R. E. Courson Agency according to an announcement made by that firm today.

Mr. Courson, who has been associated with the Equitable Life Assurance Society for the past six years, two years as agency manager in Cedar Rapids, will conduct the management of the office. C. H. McNeal, who has directed the business of the firm in the last two years will devote his entire time to management of the town and farm properties under supervision by the Agency.

The R. W. Courson's are now living in Belmond, Mrs. Courson and two sons having moved here December first.

Business Firms Vacate Old Opera House. Move To New Locations

Since the building he now occupies has been sold to the Farmers Implement Co, Ed Kennedy will move his automobile and tractor repair shop on January first to the cement block building just west of the Congregational church. The Kennedy Garage has been in its present location for the past five years.

The building, at the new location will be remodeled, including a new concrete floor and new rolling doors at front and back.

The Wright Hardware and Implement and the office of Dr. A. W Russell who have been co-tenants in the same building with the Kennedy Garage, have already moved their equipment and stock, Dr. Russell to the Thoe building one-half block east and Wright across the street in the Coburn building.

LeROY CORDES RITES ARE TODAY

Services at the Fulton Funeral Home will be held today (Thursday) for LeRoy Cordes, 46, who died at his home in Belmond on Monday, December 27, with Rev. H. W. Faris officiating. Burial will be made in the Amsterdam cemetery at Goodell.

Drive Starts January 18 Ends Feb. 15

The Fourth War Loan Campaign will open in Iowa January 18 and close February 15 with a total quota for Wright County of $892,090, Russell Smith, county war bond chairman announced this week upon receipt of detailed information from the Iowa War Finance Committee office in Des Moines.

The Fourth War Loan Campaign will call for house-to-house, farm-to-farm solicitation and the taking of orders for War Bonds and Stamps. Throughout the county individual quotas will be used. The county quotas will be broken down into township quotas in the county and each individual will be asked to do his full share in the purchase of bonds. Minute Men and Minute Women who will handle the actual solicitation will be named immediately, and will be called for special meetings to receive full instructions and kits including actual bond order cards which will be used in the campaign.

The quotas for the Fourth War Loan Campaign will be based on the actual income of individuals. In every instance these quotas will be on a conservative basis. Employed people who are on the payroll savings plan of purchase of war bonds will be called upon and will be asked to buy bonds outright in addition to their regular payroll savings deduction. In the last campaign, the Third War Loan Campaign, the over-all request from people on payrolls was the purchase of one additional $100 War Bond. It is thought that some similar plan will be worked out for this drive.

The Belmond and nearby township chairmen will be announced at a later date. Quotas for nearby counties are as follows: Humboldt, $694,000, Hamilton $999,000, Webster $2,361,000, Hancock $772,000, Hardin $1,086,000, Franklin $840,000. In the Third War Loan Campaign last fall Wright county's quota was $847,000.

Madsen Sells Shoe Repair Business. New Owner From Boone

It was announced Tuesday of this week that the Shoe Repair Shop owned and operated by Mr. and Mrs. Fred Madsen for the past ten years was sold on December 23 to Mr. L. E. Metterer of Boone, Iowa, who is expected to assume ownership on January 1.

Mr. Metterer, an experienced shoe repair man, will move his family here at that time and will occupy the apartment in the same building.

The Madsen family will move next Saturday to Waterloo, Iowa, where they will join Fred who has been employed as tool setter in the Associated Manufacturing Co, for the past two weeks.

"A BETTER WORLD"

On the threshold of 1944 it may be appropriate to envision a better world . . . " A world which shall afford to all nations the means of dwellin in safety within their boundaries, and which will afford assurance that all men in all lands may live out their lives in freedom from fear and want." May God speed that day, we pray, as we send you our New Year's Greetings.

DOCTORS MUST HAVE ECONOMIC FREEDOM—

American doctors are unalterably opposed to the establishment of a government-dominated medical system. Typical is the comment of Dr. Edward Cary, former president of the American Medical Association, who declares that: "This country has been drifting away from competitive enterprise without which the present high standards of American medicine could never have been reached. Socialization of medicine or any other profession could start us backward to the dark ages."

Proponents of socialized medicine cannot expect the very same doctors who now vehemently protest the destruction of their freedom, to don the shackles of legislation such as the Wagner-Murray Bill and continue to serve with unimpaired efficiency. The doctors have a tradition of freedom behind them just as have the rest of us. They are used to living in and being a part of a society of free men. In proposing to set them apart from this society, we have confronted them with an appalling prospect. Is it any wonder they rebel? Who wouldn't?

We cannot destroy the economic freedom of doctors, any more than we can destroy the freedom of any other group, an expect unrestricted medical achievement. This fact might as well be faced. All the laws and bureaucratic decrees in the world won't give the nation first class medical service. Only the doctors can do that; and they can only when there is opportunity for individual progress and achievement.

—V—

STRIKES ON THE INCREASE—

Strikes have been increasing in number. For the years 1915-39 strikes averaged 239 with a monthly loss of 1,412,394 man-hours. In 1942 there were more strikes, but the number of men involved was less with fewer man-hours lost. This year, during the first six months, the monthly average of strikes jumped to 30? involving 329,000 workers and a man-hour loss of 4,750,000. This is not a very good record to hand to the boys in Italy, Africa, the islands of the Pacific, or anywhere on sea or land.

WITH OTHER EDITORS—

The national tax proposals are confusing. Some of them would be disastrous. The trouble seems to be that so few people realize the potential results of taxation. You must remember that the power to tax is the power to destroy. We now have laws that prevent anyone from receiving more than $25,000 annually in profit or salary or wages. If a man draws a salary of $1,000,000 a year in 1944, under present proposals, he will give it all to the government and be $6,678 in debt. That is the way David Lawrence has it figured. If a taxpayer lived in New York state in 1944 and had an income of $100,000 a year he would pay $77,636 federal and state income tax, and have left $22,364 Those who do not understand think that would be fine. But let's look at it. Where does the original income come from? Why from the firm that man works for of course. Then the $77,636 the federal and state income taxes took had to come from the business that paid the salary. Of course. And where did that business get the money? Why from the sales of things it manufactured, of course. And in order to meet the high taxes the cost of what they produced was increased, wasn't it? Of course. And you and I bought those articles and paid the tax didn't we? Simple, isn't it? The power to tax is the power to destroy not only the man who pays the tax but the people who buy the things that the taxpayer made and sold. Think it over.—Humboldt Republican.

Here's the way it goes: Early in November the coal miners' union wage scale was advanced by a dollor and a half day. On November 9 the Mine, Mill and Smelter Workers' union in session at Salt Lake City demanded wage increases of $1.30 to $2.30 a day for workers in eleven western states. Will they get it? What do you think?—Northwood Anchor.

—V—

The latest surrender in American history is the surrender of the Roosevelt administration to John L. Lewis and his United Mine Workers opening the gate to other demands for wage increases on the part of other labor unions.—Grinnell Herald-Register.

The Germans are tickled pink because they recaptured a few little islands in the Mediterranean sea near Turkey. Well, nobody can blame them. It's like a man lost in the desert who had had nothing to eat or drink for days and comes upon an oasis where he is enabled to appease his thirst and hunger. However, the allies are going to take those islands away from Germany unless the war in Europe ends before many months.—Webster City Freeman.

—V—

This newspaper, in common with others the country over, has given liberally of its news and editorial columns in support of every war bond drive and will continue to do so, but it simply cannot afford to give away its chief and most expensive stock in trade, any more than people in other lines can afford to donate their goods or service.—Algona Advance.

—V—

We'd hate to live in a rich Minnesota county that failed to contribute its quota in the war service fund drive. Most of all, we'd hate to be running a newspaper in that kind of a county. Do you have any idea that paid advertising in that kind of a newspaper would bring the answer? Not on your faded old tin-type.—Fairmont Sentinel.

—V—

It wouldn't be a bad bet if one had a chance at it that when the United States drives the Japs out of the Philippines the natives who have been clamoring for independence from us for a long time won't take it unless we lay it in their laps and run.—Northwood Anchor.

—V—

Well, we may not be back to the horse and buggy days exactly but we have gone back to the ways of the Indians. They got their meat with points, didn't they?—Britt News-Tribune.

America first—the deceptive mask which fascism wears in the United States—is not dead. The same little group of senators who flirted with fascism before Pearl Harbor is active again.—Kewanee Star Courier.

WRONG PASSAGE

Wayne Oxenreider, of near Liberty Center, swallowed a peanut which lodged in the opening of his lung. It was necessary for the doctor to use a bronchoscope to remove the peanut from the two year old boy's lung.

Prittle... Prattle....

I expect that among the many down on Main street that are glad that Christmas is over is the gang at the Post Office who have really had to take it this year. Only four days before Christmas stamp cancellations were about 13,000 ahead of a year ago and brother, that together with about 35,000 more cancellations for a two week's period, is handling a lot of cards and letters. And when you consider the thousands of incoming letters that had to be sorted and delivered it isn't any wonder that someone got the wrong letter now and then.

P—P

The force at the Independent was pretty proud of the number of greeting ads that appeared in the paper last week. 86 firms in Belmond, Goodell, Meservey and Alexander sent Christmas greetings to their friends and customers that week. Wish every service man and woman from this vicinity could have recived a copy of that issue by Christmas, hower over a hundred of them will get a copy even though some of them won't get it until some time in February.

P—P

Can't help but comment on the fact that the value of fire drills in our public schools was demonstrated in the recent Gilmore City school fire. Even though it ended in the tragic death of the principal, every child walked calmly through the corridors of the building to safety on the outside. Our own superintendent, Theodore Johnson, informed us that a recent fire drill in the Belmond school emptied the buildings in one minute. It's our own opinion that no matter how fire-proof a school building is supposed to be it is smart to be prepared for any emergency, that calls for emptying a building of this kind quickly and calmly.

P—P

Two news items recently appeared in the daily press. One stated that Bibles were on the verge of being rationed. The other item informed a startled world that the war production board was expected to authorize the manufacture of 50,000 bath tubs.

No doubt on the principle that if the people can't have Bibles, then cleanliness is next to godliness. "A Line O'Pipe" in the Mason City Globe-Gazette.

P—P

Just one more day until the little lad, clad in his birthday suit and a diaper comes 'round, to announce that a new year has dawned with all its hopes and heartaches. And just one more day to make your predictions of coming events and resolutions for your own personal good (that are usually broken about the second week in January).

Probably no one knows, not even Roosevelt, Churchill or Stalin, just what course the war will take in 1944 except the definite viewpoint that it will continue on the encouraging side. As sure as death and high taxes it will continue and but tough and fast with plenty of lives and millions of dollars yet needed to get the job done.

P—P

Before closing my last column of 1943 I speak for the entire force at the Independent who appreciates the good will you readers have shown us, your tolerance for the mistakes we have made, your friendships and the help you've given us to get out the best wartime newspaper we can. We wish you the HAPPIEST NEW YEAR EVER.

:-The "Crow's Nest"-:

By George C. Hansen, Prtr. 3-c

The rain that died-in-the-wool Californians have been hoping for finally arrived Sunday, December 19, albeit in small quantities. Personally, I will take a good old cold day back in Belmond.

Here are some examples of service men's slang: Sailors are SWAB JOCKIES and SEAWEEDS to soldiers. A cook has actually received a decoration for "distinguished service in the kitchen," but the odds are he's still known as a BELLY ROBBER, HASH BURNER, or GREASEPOT to his grateful comrades. The mess hall is the PTOMAINE DOMAIN or THE WALDORF.

When a mate goes on liberty, he is free to TAKE OFF (go to town). The service man changes into his SWANKS (best clothing.) He may go on a SKIRT PATROL or PLAY THE FEMS (hunt feminine company). If he finds a GADGET or BIDDIE (girl) he likes, they usually shake a SHIMBA (go to a dance.) There he tries a SNOW JOB on her (hands her a line) and if she falls for it she's been SNOWED UNDER. Or he may prefer to get together with his buddies and go to a GASHOUSE (beer joint) and drink TIGER SWEAT (beer). Later he HITS THE ROAD (gets going) back to quarters so that he can get some FLYING TIME (still another expression for sleep) by the time the BLOW BOY or WIND JAMMER (bugler) wakes him up for JUBLIEE (reveille.)

RETIRES FROM SERVICE

For 37½ years, Hugh O'Neill of Clarion carried mail to rural patrons of the local postoffice. On November 30, Mr. O'Neill retired from the service. He started carrying mail on Feb. 1, 1902 and with the exception of three and one-half years has been working continuously at the job. He has traveled approximately 340,950 miles in that length of time.

A VACATION

J. S. Farley of near Grinnell is retiring from active farming soon. He is holding a closing out sale on the farm where he has lived for 70 years. Mr. and Mrs. Farley who will celebrate their golden wedding anniversary on Christmas day will continue to live on the farm where Mr. Farley was born. Their son, Gordon, will be the auctioneer in charge of the sale.

Frohling-Smith Vows Read on Christmas Day

An impressive candle-light ceremony was perforfed at the home of Menno Frohling, parents of the bride, Christmas Day, Dec. 25, 1943, at six o'clock in the evening, when Ruth Frohling became the bride of Mr. Lawrence Smith, son of Mr. and Mrs. Lee Smith of Winnebago, Minn. The Rev. O. G. Poppen, pastor of the Immanuel Reformed church, read the single ring ceremony in the presence of immediate relatives and close friends.

Preceding the ceremony, the candles were lighted by Mrs. Royce Tomson, as Mrs. Norris Larson of Britt, cousin of the bride, sang "I Love You Truly" and "Because", accompanied at the piano by Miss Janet Mennenga. Miss Mennenga played Mendelsohn's wedding march as the bride came down the stairs on the arm of her father who gave her in marriage.

The bride was attired in a street length winter-white dress and carried an arm bouquet of snapdragons, which were tied with the same ribbon that her mother carried at her wedding.

The bridesmaid, Mrs. Lloyd Cunningham, wore a yellow dress with a corsage of white and yellow mums.

The groom and his best man, Lloyd Cunningham, wore blue suits with white carnation boutonnieres.

The bride's mother was attired in a British-tan dress with a corsage of white and yellow mums.

At the close of the ceremony, Mrs. Larson sang, "The Sunshine of Your Smile."

A wedding dinner at the home was served by Mr. Ray Green of Alexander, who was assisted by Miss Leota Lowenberg and Mrs. Dale Hauge of Belmond. The wedding cake, decorated by Mrs Harry Mennenga, served as the centerpiece for the bride's table.

Out of town guests included Herman Becker of Hampton, Mr. and Mrs. Henry Becker of Sheffield, Peter Pals of Alexander and Norris Larson of Britt.

After a short wedding trip to Minneapolis, Mrs. Smith will resume her teaching duties in the Clarion schools and after March first the couple will be at home on a farm near Meservey.

OBITUARY

ALBERT JOHN NIHOOF

Albert John Nihoof was born in Illinois, November 24, 1856, and passed away at his home in Belmond, December 24, 1943, at the age of 87 years and 1 month. Mr. Nihoof had been in good health till the day before his death, which was due to a heart ailment.

The deceased came to Iowa at the age of ten and saw many changes in Wright County during that time.

In 1881 he was united in marriage to Louisa Jennison. To this union three children were born: Harry, Emma and Bertha.

Twenty-six years ago Mr. and Mrs. Nihoof moved into the home in which Mr. Nihoof passed away.

Harry Nihoof, Bertha (Mrs. Fred Nelson), and his beloved wife preceded him in death.

Surviving him is Emma (Mrs. Fred Stockwell) of Garner, and five grand children and five great grandchildren, and a host of friends.

Funeral services were held at the Fulton Funeral home Sunday afternoon, with Rev. W. A. Pollock minister of the Presbyterian church at Garner, officiating. Burial was made in the Belmond cemetery.

Board Proceedings

Clarion, Iowa, December 6, 1943.

The Board of Supervisors met in adjourned session in the Supervisors' room in the courthouse in Clarion with the following members present:

Chas. Heiden, Chairman; Wm. Fisher, H. C. Pinkham, T. J. Henry, and A. W. Smith, with the County Auditor in attendance.

Moved by Smith, seconded by Pinkham, that the following tax suspensions be granted:

Mary H. Dillon, 166' x 132' north of R.R. in SE¼ NE¼ of Section 25, Township 93, Range 24; Elsie E. Ramsay, Lot 1, Block 1, Original Town of Belmond; Ida Bullard, NE¼ of Block 6, Luick's Addition to Belmond. Motion carried.

Moved by T. J. Henry, seconded by Pinkham, that duplicate warrant be issued to Eldon Loux against the Maintenance Fund in the amount of $25.68 to replace Warrant No. 1666 issued November 2, 1943, the same having been lost. Motion carried.

Whereas, on December 7, 1942, the North 22 feet of Lot 18, Block 1, Original Town of Dows, was sold for the 1940 and 1941 taxes, and

Whereas, the owner of this property is a recipient of old age assistance through Franklin County, and as such is entitled to tax suspension, and

Whereas, through error of the investigator of Franklin County said tax suspension was not certified to the Wright County Auditor,

Therefore, be it resolved by the Board of Supervisors of Wright County, Iowa, that said tax sale, Certificate No. 2719, be declared void and the tax reinstated on the books of the County Treasurer and carried to the suspended tax list.

Moved by Fisher, seconded by T. J. Henry, that the foregoing resolution be adopted. Upon roll call all members voted aye. Whereupon the chairman declared the resolution duly adopted.

Moved by T. J. Henry, seconded by Pinkham, that the penalty and interest in the amount of $36.09, which is on personal property of Sinclair and Son, but constitutes a lien on the W¼ of Lots 13, 14 and 15, Block 2, Railroad Addition to Clarion, be abated. Motion carried.

Minutes read and approved.

On motion adjourned to meet December 7, 1943.

CHAS. HEIDEN, Chairman,
F. ROSS HENRY, County Auditor.

Clarion, Iowa, December 7, 1943.

The Board of Supervisors of Wright County met in adjourned session at the courthouse in Clarion with the following members present:

Chas. Heiden, Chairman; Wm. Fisher, H. C. Pinkham, T. J. Henry, and A. W. Smith, with the County Auditor in attendance.

Moved by Pinkham, seconded by Smith, that the tax of Franklin County on Lots 4 and 5 and 4 x 20 rods in Lot 6 SE¼ SE¼ of Section 25, Township 91, Range 23, in the amount of $56.68, be abated for the year 1942. Motion carried.

Whereas, there is to be a War Bond drive in January, and

Whereas, the bond committee has no funds to conduct a county bond campaign,

Therefore, be it resolved by the Supervisors of Wright County, Iowa, that there be an appropriation from the General Fund of the County to pay the expenses of the County Bond Committee, as set out in Chapter 169, Acts of the Fiftieth General Assembly, in an amount not to exceed $450.00.

The foregoing resolution was adopted by all members voting aye.

Clover & Grass Seed Outlook

Wright County farmers who are planning new seedings of grass or legumes in the spring will be interested in the outlook for this seed. The following information was compiled by Professor H D Hughes of Iowa State College

RED CLOVER About 17% more red clover seed was produced this year than in 1942 and 2% more than the average for a ten year period, the carry-over was below normal with les seed available for planting in 1943 than last year. The net supply available is 8% below last year and 26% less than in 1941

ALSIKE CLOVER Net supply abailable for planting this coming spring is 20% below last year and 36% below the five year average.

MAMMOTH CLOVER There is pratically no Mammoth clover seed available.

SWEET CLOVER The sweet clover seed crop was 27% below hat of last year This is only about one half of the ten year average. The carry-over was only two thirds that of 1942 and the supply for next spring planting is 27% smaller. This is 40% smaller than that available for 1941.

ALFAFA: Production was 10% above the 1942 crop but 6% below the ten year average. Carry-over on farms was about one half of that of 1942. The supply available for planting this spring is only 1% larger than in 1942. This is 19% smaller than in 1941.

TIMOTHY: The supply of timothy seed is about 6% above that of last year but 14% below the five year average.

SUDN GRASS. The total amount produced this past season was 85% of last year's small crop and 60% of the ten year average. The supply for planting this spring is 37% sfaller than 1942 and 61% smaller than in 1941.

RAPE GRASS: Our supply before the war came from Japan and Holland. With the advent of war the production of seed to the United States was undetaken with excellent success. The supply of seed available appears to be adequate though no exact figures are available.

The facts hee presented would suggest that Wright County farmes should determine as definitely as possible their clover alfafa and grass seed needs for planting this next spring and get that seed just as soon as possible.

That Wright County farmers also follow the very best practices in seeding as this will pemit some reduction in seeding rates and will tend to insure against the wastage of seed by failure to establish stands.

PEACE

For the past years we have brought you our greetings . . . each year we feel the ties that bind us become stronger! We feel a debt of gratitude for your loyal patronage and continue to maintain as nearly as possible our usual service to you.

Cato C. Griesy, Inc.

Maybe you won't be glad to see him home after all!

ONE DAY, your man will come home.

Home—after having done his duty and played his part in the bitterest, cruelest fight of all time.

And you?

Will you be able to welcome him back with nothing but sheer joy and thankfulness in your heart?

Or will the sight of him remind you, for the rest of your life, that even though your job was unutterably easier than his, you still didn't do it—you didn't quite measure up?

That would be a miserable thing to have happen to you. It would be a miserable feeling to carry through the years.

So don't take any chances. Don't just buy your share of War Bonds. Do that—and then do more. And do it today.

KEEP ON BACKING THE ATTACK!
